MONITORING REPORT

Introduction	. 5
OBJECTIVES, SCOPE AND METHODOLOGY	. 6
RESULTS OF REVIEW	. 7

The Office of Financial Accountability (hereinafter referred to as "OFA") has completed a monitoring review of the Project Transformation Tennessee. A monitoring review is substantially less in scope than an audit. The OFA did not audit the financial statements and, accordingly, does not express an opinion or any assurances regarding the financial statements of the Project Transformation Tennessee or any of its component units. The OFA is responsible for the internal monitoring of Metropolitan Government of Nashville and Davidson County (hereinafter referred to as "Metro") agencies that receive federal and state financial assistance, including cooperative agreements and non-profit organizations that receive appropriations and Community Partnership Funds from Metro government. In summary, any agreement(s) that imposes performance and/or financial requirements on Metro government is subject to review by the OFA.

The purpose of this review was to assess the agency's compliance with contractual requirements set forth in the following contract with Metro Government:

Contract	Type	Amount	Contract Term	
L-4083 (A-38941)	Community Partnership Funds	\$20,000	July 1, 2018	June 30, 2019

Agency Background

The Mission of Project Transformation Tennessee according to their website is " to engage adults in purposeful leadership and ministry, support children in holistic development, and connect with communities." Founded in 2011, Project Transformation has partnered with churches in low-income neighborhoods to provide children with holistic programming that engages the mind, body and spirit. Through the summer and afterschool programs, Project Transformation provides literacy and social-emotional interventions that equip children to be healthy, whole and successful leaders. In 2019, Project Transformation Tennessee served 750 children and youth through the service of 77 young adult interns and more than 1,650 volunteers.

The objectives of our review were:

- 1) To determine whether the agency had the resources and capacity to administer the grant funds.
- 2) To determine if costs and services were allowable and eligible.
- 3) To verify that program objectives were met.
- 4) To test the reliability of the financial and programmatic reporting.
- 5) To verify contractual compliance.

The scope of our review was limited to the contract term July 01, 2018 through June 30, 2019.

The monitoring review procedures included meeting with agency management and staff, reviewing board minutes and obtaining written representations from management. In addition, we examined certain financial records and supporting documentation necessary to ensure compliance with contractual requirements set forth in contract L-4083 (A-38941). Specific procedures included:

- Interviewing the employees responsible for grant management, financial reporting and accountability.
- Reviewing supporting documentation of expenditures for allowability, necessity and reasonableness.
- Reviewing the agency's general ledger and verifying the accuracy of all invoices submitted to Metro.
- Reviewing documentation to determine that funds were used for intended beneficiaries and expended in accordance with the spending plan of the contract.
- Reviewing documentation to support program activities for consistency with grant requirements.
- Assessing the financial stability of the agency and its ability to continue to administer the grant program funded by Metro.

The overall results of the monitoring review are provided in this section. Results are based on testwork performed and include conclusions regarding specific review objectives and, if applicable, recommendations for improvement and an action plan for implementation. Where applicable, the Findings and Recommendations section of this report provides more insight into any issues identified below.

1. Sufficient Resources and Capacity to Administer Grant Funds

Our review of the agency's accounting system and the qualifications of the individuals assigned to manage the accounting records indicate that the agency possesses the necessary resources and professional expertise to effectively administer the grant funds.

2. Allowable and Eligible Costs and Services

Our review covered all of the core compliance areas identified by 2 CFR Part 200: Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards.

Additionally, the Metro Grants Manual requires separate accounting of the Metropolitan Nashville Government grant funds to prevent co-mingling of Metro Funds with other sources of funding. The agency is in compliance with this requirement. Different revenue classes as well as expenditure classes have been established to separately track the sources and amounts of funding. Also, the agency can easily and accurately report their expenses supported by the Metro Appropriation.

Based on our test work, costs and services during the period were allowable and eligible.

3. Program and Performance Objectives

The contract stipulates that the agency shall use the funds to stem learning and strengthen literacy gains for approximately 400 Davidson County children (grades 1-8) through summer and afterschool enrichment programs, located in four underresourced Nashville neighborhoods.

Based on our review of program documentation and discussions with staff, the program performance objectives were met, and the agency was in compliance with contractual program objectives.

4. Reliability of Financial and Programmatic Reporting

Typically, the Community Partnership Fund grant contract would require the agency to submit to Metro a year end report of the program outcomes and a final expenditures report, no more than 45 days after the close of the contract. However, the Metro department responsible for administering the literacy category of the grant program omitted the program reporting clause from the grant contract. Therefore, the review was limited to agency's annual expenditure report.

We reviewed all applicable financial reports required by the contract, including audited financial statements. Based on our review, the agency complied with the financial reporting requirements.

5. Civil Rights Requirements

Our review did not reveal anything to indicate that the agency was noncompliant with civil rights requirements. The agency also has necessary written policies and procedures relating to civil rights. The agency has not received any complaints regarding any form of discrimination. Further, civil rights and ADA postings are publicly displayed.
