SECOND SUBSTITUTE ORDINANCE NO. BL2016-133

An ordinance to amend various sections of Title 17 of the Metropolitan Zoning Code to incentivize Inclusionary Housing with any residential development that seeks additional development entitlements beyond that permitted by the current base zoning district. (Proposal No. 2016Z-001TX-001)

WHEREAS, the Metropolitan Government of Nashville and Davidson County has undertaken a Inclusionary Housing Feasibility and Market Study (the Study); and

WHEREAS, the Study found that there has been cost appreciation and housing turnover in central areas of the city; and

WHEREAS, the Study found that 24% of homeowners in the city are cost-burdened and 46% of renters in the city are cost-burdened; and

WHEREAS, cost appreciation and housing turnover in central areas can lead to the displacement of cost-burdened households and gentrification; and

WHEREAS, 29% of all 2015 home sales in Nashville and Davidson County were affordable to a buyer earning 80% AMI for a 2.5 person household; and

WHEREAS, much of the housing affordable to 80% AMI is outside of the central areas, with poor access to jobs, transit and services; and

WHEREAS, affordable and workforce housing is a primary concern of the citizens of Nashville and Davidson County, as it continues to be a major barrier to economic progress for many in Nashville; and

WHEREAS, increasing the supply of affordable and workforce housing supports economic growth and is an important tool in reducing poverty in Davidson County.

NOW, THEREFORE, BE IT ENACTED BY THE COUNTY OF THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY:

Section 1. That Chapter 17.40 (Administration and Procedures) of the Metropolitan Code is hereby amended by inserting the following Article XVII (Inclusionary Housing):

17.40.780 Purpose and Applicability of Inclusionary Housing Provisions

A. Purpose. The purposes of this Section are to promote the public health, safety and welfare by increasing the production of Inclusionary Housing units to meet existing and anticipated housing and employment needs; mitigating the impacts of increasing housing cost and provide housing affordable to low and moderate income households; providing for a range of housing choices throughout the city to avoid the concentration of poverty;

and to provide a mechanism by which residential development can contribute in a direct way to increasing the supply of affordable and workforce housing in exchange for additional development entitlements other than those otherwise permitted as a matter of right.

B. Applicability.

1. When additional residential development entitlements are gained through an amendment to the official zoning map or when public resources or property is provided for a residential development, the rental residential units shall be subject to the provisions of this Section as long as adequate financial incentives from the Metropolitan Government of Nashville and Davidson County are available. On projects where a funding cap limits the financial incentives available to less than the value calculated based on the difference between the market rate rent and the selected workforce rent, the set aside may be adjusted annually to align the needed incentive with the funding available. A property owner or developer with for-sale residential units may participate in the incentives of this Section.
2. For residential uses, developments fewer than five units are exempt. For the purposes of this subsection, “development” shall include any residential or mixed use development at one or more adjoining sites with common ownership or under common control, within a period of five years from the first date of the issuance of a building permit for construction.
3. Inclusionary Housing shall not be provided and no financial incentives shall be granted if the average unit sale price or rental rate is less than, or within 5% above 100% Median Household Income (MHI) market prices or rental rates for Nashville and Davidson County and the Inclusionary Housing Plan demonstrates that the census tract average market rate prices or average rental rates for comparable units are affordable to a household at 100% MHI.

17.40.790 Requirements for Inclusionary Housing

A. Construction. The set aside for affordable or workforce housing shall be:

	Rental at 60% MHI or less	Rental at Greater than 60% MHI to 80% MHI	Rental at Greater than 80% MHI to 100% MHI (available in the UZO only)	For-sale at Greater than 60% MHI to 80% MHI	For-sale at Greater than 80% MHI to 100% MHI (available in the UZO only)
Single-family and Two-family uses	12.5% of total residential units	15% of total residential units	17.5% of total residential units	10% of total residential units	15% of total residential units

Multifamily uses (≥ 7 stories)	7.5% of total residential floor area	10% of total residential floor area	12.5% of total residential floor area	n/a	n/a

The Office of Economic Opportunity and Empowerment with assistance from the Finance Department may approve a mixture of MHI levels, provided the mixture is equivalent to the set asides above. The equivalency of the mixture of MHI levels and the approval shall be documented in the Inclusionary Housing Plan.

For the purposes of this Article, the residential floor area shall be the net leasable residential floor area.

B. In lieu Construction.

1. In lieu of meeting the Inclusionary Housing incentives on site, construction at the same rates included in subsection A of this section may be provided within the following distances from the development that is providing Inclusionary Housing:
 - i. One (1) mile along the corridor, if the development that is providing Inclusionary Housing is on a Multimodal Corridor designated in the Major and Collector Street Plan, excluding Expressways, Freeways and Ramps.
 - ii. A half mile ($\frac{1}{2}$) mile, if the development that is providing Inclusionary Housing is not on a Multimodal Corridor designated in the Major and Collector Street Plan, excluding Expressways, Freeways and Ramps.
 - iii. In lieu construction shall not be permitted at an alternate location if the Inclusionary Housing Plan demonstrates that the alternate location's census tract market rate prices or rental rates for comparable units are affordable to a household at 100%MHI.
2. Use & Occupancy permits for the affordable and/or workforce units shall be issued prior to the issuance of any Use & Occupancy permit for principal project.

C. In lieu Contribution. There is hereby established a Housing Incentives Fund to be maintained as an administrative account by the Finance Department for the purpose of funding the incentives grant program. In lieu of meeting the Inclusionary Housing

incentives for rental units on site, prior to the issuance of building permits, an in lieu contribution may be provided to the Housing Incentives Fund as follows:

Within the UZO	Outside of the UZO

 9. Market rate pricing or rental rates for comparable units within the census tract for the project site and, if applicable, the in lieu site.
 10. The party responsible for compliance reports, with approval from the Office of Economic Opportunity and Empowerment with assistance from the Finance Department.

- B. To ensure livability, Inclusionary Housing units shall be at least 80% of the average size of market rate units and the breakdown of bedroom counts of Inclusionary Housing units shall be similar to the breakdown of bedroom counts for the market rate units in the project. After the Inclusionary Housing square footage is allocated

according to the distribution of market rate units, any remaining square footage too small for construction of a unit shall utilize the in lieu contribution option.

- C. Exteriors of Inclusionary Housing units shall closely resemble the exteriors of other units in a project.
- D. The owner shall ensure to the satisfaction of the Metropolitan Government that the Inclusionary Housing units will:
 - 1. be occupied by eligible households.
 - 2. be maintained as rental Inclusionary Housing units for a minimum of 15 years from the date of initial occupancy and/or be maintained as for-sale Inclusionary Housing unit for 30 years from the date of initial occupancy.

This provision, commonly known as a "sunset provision," is included to ensure that the effectiveness and necessity of this section is reviewed by the metropolitan council after its adoption.
- B. Two (2) years after its passage, the Planning Department shall conduct a study of the impact of Article XVII (Inclusionary Housing) and related incentives. This study shall include an assessment of the economic impact, impact on affordable housing and whether the incentives should be recalibrated. The study shall be delivered to the Metropolitan Council no later than six (6) months before the sunset date.

AMENDMENT 2

To

ORDINANCE NO. BL2016-342

Mr. President-

I move to amend Ordinance No. BL2016-342 by deleting Section 1 in its entirety and replacing it with the following:

Section 1. Title 2 of the Metropolitan Code is hereby amended by adding the following new Chapter 2.213 – Affordable and Workforce Housing Incentive Grants.

2.213.010 Definitions.

As used in this Chapter:

“Affordable housing” means housing that, on an annual basis, costs thirty percent (30%) or less than the estimated median household income for households earning sixty percent (60%) or less than the median household income for Davidson County based on the number of persons in the household, as established by the “Median Household Income in the Past 12 Months by Household Size” from the most recently available United States Census Bureau American Community Survey.

“ECD” means the mayor’s office of economic and community development.

“Household” means all people who occupy a housing unit regardless of relationship. A household may consist of a family, a person living alone, or unrelated individuals living together, provided that no more than three unrelated persons shall occupy the same dwelling unit. In order to be counted as an eligible household for purposes of affordable and/or workforce housing incentive grants, the total household income shall not exceed the median household income for the applicable affordable or workforce income category as defined in this section.

“OEOE” means the mayor’s office of economic opportunity and empowerment (OEOE).

“Qualified developer” means a developer of affordable and/or workforce housing that the metropolitan government determines is willing and able to increase the affordable and/or workforce housing stock within Nashville and Davidson County.

“Third party entity” means an entity providing administrative services to the metropolitan government to assist in the management of the housing program.

“Urban Zoning Overlay (UZO)” means the urban zoning overlay district established pursuant to Article XII of Chapter 17.36 of the metropolitan zoning code.

“Workforce housing” means housing that, on an annual basis, costs thirty percent (30%) or less than the estimated median household income for households earning more than sixty percent (60%) and not in excess of one hundred twenty percent (120%) of the median household income for Davidson County based on the number of persons in the household, as established by the “Median Household Income in the Past 12 Months by Household Size” from the most recently available United States Census Bureau American Community Survey.

2.213.020 Incentive grants for new units.

- A. The metropolitan government may make incentive grants to qualified developers to assist with the development of new affordable and/or workforce housing within the boundaries of the metropolitan government. Incentive grants may be made both for rental developments and owner-occupied units. Such grant funds shall be disbursed on a reimbursement basis.
1. Rental developments. Owners/developers of new construction rental developments, including developments under construction at the time of application, within the UZO or along a multimodal corridor designated in the Major and Collector Street Plan, excluding Expressways, Freeways, and Ramps may apply for a workforce and/or affordable housing incentive grant. The amount of the incentive grant will be the difference between the average rent for an occupied unrestricted rental housing unit and the average rent for an occupied affordable or workforce housing unit multiplied by the number of occupied affordable or workforce housing rental units for the duration that housing rental units remain affordable or workforce housing. The average rent for an occupied unrestricted rental housing unit will be calculated on a square footage basis using the rental charged for the three unrestricted units within the same development that are most comparable to each individual affordable or workforce housing unit. For purposes of this section, “average rent” includes all ancillary fees charged to all tenants of the development, including parking fees, application fees, association fees, and charges for amenities.
 2. Owner-occupied units. The amount of the incentive grant will be a one-time payment of \$10,000 per unit for properties located outside of the urban zoning overlay (UZO) district, and \$20,000 per unit for properties located within the UZO or along a multimodal corridor designated in the Major and Collector Street Plan, excluding Expressways, Freeways, and Ramps. All grants for owner-occupied units shall be conditioned upon the recording of deed restrictions with the Register of Deeds ensuring the units remain designated for affordable and/or workforce housing for the duration provided in the grant agreement. The form of the deed restrictions shall be established in the grant agreement.
- B. The amount of a grant to any one qualified developer of affordable or workforce housing rental units shall not exceed fifty (50) percent of the difference between the annual post-development and pre-development real property ad valorem tax assessment for the calendar year for which an incentive grant is applicable. In the event that the cap is exceeded for developments, the Director of Finance will take corrective action in consultation with the Mayor’s Office of Economic Opportunity & Advancement, and the grantee, in accordance with the written policies and procedures.

2.213.030 Standards for Construction and Occupancy of Affordable and/or Workforce Housing

- A. To ensure livability, the breakdown of bedroom counts of affordable or workforce housing units shall be similar to the breakdown of bedroom counts for the market rate units in the project.
- B. Exteriors of the affordable and/or workforce housing units shall closely resemble the exteriors of other units within the development, and shall use similar construction materials.

2.213.040 Incentive grants for the optional conversion of existing rental units.

Owners of existing rental housing developments shall be eligible for an annual incentive grant if they voluntarily convert market-based rental units to affordable or workforce housing units. Owners of existing affordable and/or workforce rental housing units shall also be eligible to receive an incentive grant if they agree to continue to maintain such units as affordable and/or workforce housing units. The amount of the incentive grant will be the difference between the average rent for an occupied unrestricted rental housing unit and the average rent for an occupied affordable or workforce housing unit multiplied by the number of occupied affordable or workforce housing rental units for the duration that housing rental units remain affordable or workforce housing. The average rent for an occupied unrestricted rental housing unit will be calculated on a square footage basis using the rental charged for comparable unrestricted units within the same census tract that are most comparable to each individual affordable or workforce housing unit, as determined by OEOE. In no event shall the amount of the annual grant be greater than twenty percent (20%) of the real property ad valorem tax assessment for the calendar year for which an incentive grant is applicable.

2.213.050 Administration of grant program.

- A. The affordable and workforce housing grant program shall be administered by OEOE, with assistance from ECD, the finance department, the department of codes administration, and the planning department.
- B. The director of finance and OEOE shall have the authority and responsibility to develop written policies, procedures, rules, and/or regulations to implement this chapter, including the procurement of a third party entity. Such policies shall include the factors to be considered in determining whether a developer is a qualified developer and a mechanism for grantees to request monthly grant payments. Any substantial changes to such policies will be submitted to Council within 30 days of effective date.
- C. Incentive grants may be awarded to a qualified developer for either affordable or workforce housing units, or both, provided OEOE shall take reasonable measures to ensure an equitable distribution of grant funds for both affordable and workforce housing.
- D. Any grant made in accordance with the provisions of this section will be memorialized by an agreement between the metropolitan government and the qualified developer, which shall be approved by the metropolitan council by resolution. The maximum term for an incentive grant awarded pursuant to this chapter for rental units shall be fifteen (15) years. All owner-occupied units for which one-time incentive grant payments have been made shall be maintained as for-sale affordable/workforce housing for thirty (30) years from the date of initial occupancy. For new developments, the grant agreements shall be finalized prior to a building permit being issued.

- E. All grants awarded pursuant to this chapter shall be approved by the director of the OEOE, metropolitan director of finance, and the metropolitan director of law.

2.213.060 Annual certification.

- A.  - 4. The market value rent of the unit calculated based on the three closest comparable units on a square footage basis.
- B. The annual certification shall also include the total number of occupied affordable and/or workforce housing units in the development compared to the total number of affordable and/or workforce housing units required pursuant to the grant agreement. The annual certification shall also compare the total grant payments for all occupied affordable and/or workforce housing units and the maximum annual grant allowable for the calendar year.

The independent accountant shall examine, on a test basis, documentation supporting the eligibility of the occupants of the affordable and/or workforce housing units. Additional reporting requirements may be specified in each grant agreement.
- E. In the event that a grantee receives an over- or underpayment of the grant, reimbursements to and from the city will be due by July 31st of that year. The incentive grant payment shall be remitted to the developer monthly by the finance department through the third party entity.

The amount budgeted annually will be based upon estimates of subsequent year awards and subject to the maximum set forth in this section. The director of finance and the director of the OEOE shall review the incentive grant program on an annual basis to determine whether the demand for grant funds significantly exceeds the amount of the cap, and shall make a recommendation to the metropolitan council regarding whether the amount of the cap should be adjusted. Any adjustments to the amount of the cap shall be approved by the council by resolution prior to becoming effective.

2.213.080 Noncompliance.

AMENDMENT 3

To

ORDINANCE NO. BL2016-342

Mr. President-

I move to amend Ordinance No. BL2016-342 by deleting Section 1 in its entirety and replacing it with the following:

Section 1. Title 2 of the Metropolitan Code is hereby amended by adding the following new Chapter 2.213 – Affordable and Workforce Housing Incentive Grants.

2.213.010 Definitions.

As used in this Chapter:

“Affordable housing” means housing that, on an annual basis, costs thirty percent (30%) or less than the estimated median household income for households earning sixty percent (60%) or less than the median household income for Davidson County based on the number of persons in the household, as established by the “Median Household Income in the Past 12 Months by Household Size” from the most recently available United States Census Bureau American Community Survey.

“ECD” means the mayor’s office of economic and community development.

“Household” means all people who occupy a housing unit regardless of relationship. A household may consist of a family, a person living alone, or unrelated individuals living together, provided that no more than three unrelated persons shall occupy the same dwelling unit. In order to be counted as an eligible household for purposes of affordable and/or workforce housing incentive grants, the total household income shall not exceed the median household income for the applicable affordable or workforce income category as defined in this section.

“OEOE” means the mayor’s office of economic opportunity and empowerment (OEOE).

“Qualified developer” means a developer of affordable and/or workforce housing that the metropolitan government determines is willing and able to increase the affordable and/or workforce housing stock within Nashville and Davidson County.

“Third party entity” means an entity providing administrative services to the metropolitan government to assist in the management of the housing program.

“Urban Zoning Overlay (UZO)” means the urban zoning overlay district established pursuant to Article XII of Chapter 17.36 of the metropolitan zoning code.

“Workforce housing” means housing that, on an annual basis, costs thirty percent (30%) or less than the estimated median household income for households earning more than sixty percent (60%) and not in excess of one hundred twenty percent (120%) of the median household income for Davidson County based on the number of persons in the household, as established by the “Median Household Income in the Past 12 Months by Household Size” from the most recently available United States Census Bureau American Community Survey.

2.213.020 Incentive grants for new units.

A. The metropolitan government may make incentive grants to qualified developers to assist with the development of new affordable and/or workforce housing within the boundaries of the metropolitan government. Incentive grants may be made both for rental developments and owner-occupied units. Such grant funds shall be disbursed on a monthly basis.

1. Rental developments. Owners/developers of new construction rental developments, including developments under construction at the time of application, within the UZO or along a multimodal corridor designated in the Major and Collector Street Plan, excluding Expressways, Freeways, and Ramps may apply for a workforce and/or affordable housing incentive grant. The amount of the incentive grant will be the difference between the average rent for an occupied unrestricted rental housing unit and the average rent for an occupied affordable or workforce housing unit multiplied by the number of occupied affordable or workforce housing rental units for the duration that housing rental units remain affordable or workforce housing. The average rent for an occupied unrestricted rental housing unit will be calculated on a square footage basis using the rent charged for the three unrestricted units within the same development that are most comparable to each individual affordable or workforce housing unit. For purposes of this section, “average rent” includes all ancillary fees charged to all tenants of the development, including parking fees, application fees, association fees, and charges for amenities.
2. Owner-occupied units. The amount of the incentive grant will be a one-time payment of \$10,000 per unit for properties located outside of the urban zoning overlay (UZO) district, and \$20,000 per unit for properties located within the UZO or along a multimodal corridor designated in the Major and Collector Street Plan, excluding Expressways, Freeways, and Ramps. All grants for owner-occupied units shall be conditioned upon the recording of deed restrictions with the Register of Deeds ensuring the units remain designated for affordable and/or workforce housing for the duration provided in the grant agreement. The form of the deed restrictions shall be established in the grant agreement.

B. The maximum amount of a grant to any one qualified developer of affordable or workforce housing rental units shall not exceed fifty (50) percent of the difference between the annual post-development and pre-development real property ad valorem tax assessment for the calendar year for which an incentive grant is applicable. In the event that grant payments for any calendar year exceed the maximum amount, the director of finance, in consultation with OEOE and the grantee, is authorized to take corrective action in accordance with the written policies and procedures.

2.213.030 Standards for Occupancy and Construction of Affordable and/or Workforce Housing

- A. To ensure livability, the calculation of bedrooms per affordable or workforce housing units shall be similar to the calculation of bedrooms per market rate units in the project.
- B. Exteriors of the affordable and/or workforce housing units shall closely resemble the exteriors of other units within the development, and shall use similar construction materials.

2.213.040 Incentive grants for the optional conversion of existing rental units.

Owners of existing rental housing developments shall be eligible for an annual incentive grant if they voluntarily convert market-based rental units to affordable or workforce housing units. Owners of existing affordable and/or workforce rental housing units shall also be eligible to receive an incentive grant if they agree to continue to maintain such units as affordable and/or workforce housing units. The amount of the incentive grant will be the difference between the average rent for an occupied unrestricted rental housing unit and the average rent for an occupied affordable or workforce housing unit multiplied by the number of occupied affordable or workforce housing rental units for the duration that housing rental units remain affordable or workforce housing. The average rent for an occupied unrestricted rental housing unit will be calculated on a square footage basis using the rent charged for comparable unrestricted units within the same census tract that are most comparable to each individual affordable or workforce housing unit, as determined by OEOE. In no event shall the amount of the annual grant be greater than twenty percent (20%) of the real property ad valorem tax assessment for the calendar year for which an incentive grant is applicable.

2.213.050 Administration of grant program.

- A. The affordable and workforce housing grant program shall be administered by OEOE, with assistance from ECD, the finance department, the department of codes administration, and the planning department.
- B. The OEOE may procure the services of a third party entity to assist with administration of the grant program.
- C. The director of finance and the director of OEOE shall have the authority and responsibility to develop written policies, procedures, rules, and/or regulations to implement this chapter. Such policies shall include the factors to be considered in determining whether a developer is a qualified developer and a mechanism for grantees to request monthly grant payments. Such policies shall be effective upon filing with the metropolitan clerk. Any amendments or modifications to such policies shall be effective upon filing with the metropolitan clerk, with a copy provided to the metropolitan council office.
- D. Incentive grants may be awarded to a qualified developer for either affordable or workforce housing units, or both, provided OEOE shall take reasonable measures to ensure an equitable distribution of grant funds for both affordable and workforce housing.
- E. Any grant made in accordance with the provisions of this section will be memorialized by an agreement between the metropolitan government and the qualified developer, which shall be approved by the metropolitan council by resolution. The maximum term for an incentive grant awarded pursuant to this chapter for rental units shall be fifteen (15) years. All owner-occupied units for which one-time incentive grant payments have been

made shall be maintained as for-sale affordable/workforce housing for thirty (30) years from the date of initial occupancy. For new developments, the grant agreements shall be finalized prior to a building permit being issued.

- F. All grants awarded pursuant to this chapter shall be approved by the director of the OEOE, metropolitan director of finance, and the metropolitan director of law.

2.213.060 Annual certification.

- A. Not later than February 15 of each year, the grantee shall submit a certification to the OEOE and the finance department for review covering the previous calendar year. The annual certification shall include at a minimum for each occupied affordable and/or workforce housing rental unit:
 - 1. The number of months and partial months the unit was occupied;
 - 2. The Median Household Income level applicable to the unit;
 - 3. The rent charged for the unit; and
 - 4. The market value rent of the unit calculated based on the three closest comparable units on a square footage basis.
- B. The annual certification shall also include the total number of occupied affordable and/or workforce housing units in the development compared to the total number of affordable and/or workforce housing units required pursuant to the grant agreement. The annual certification shall also compare the total grant payments for all occupied affordable and/or workforce housing units and the maximum annual grant allowable for the calendar year.
- C. The annual certification shall include a certification from the chief executive officer of the grantee that the information is true, correct and complete and that each occupied affordable and/or workforce housing rental unit was occupied by an eligible household.
- D. The annual certification shall be accompanied by an examination conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants conducted by a reputable and licensed independent accountant giving an opinion that the amount of the incentive being requested represents, in all material respects, the incentive grant payment owed in conformity with the grant agreement. The independent accountant shall examine, on a test basis, documentation supporting the eligibility of the occupants of the affordable and/or workforce housing units. Additional reporting requirements may be specified in each grant agreement.
- E. The incentive grant payment shall be remitted to the developer monthly.
- F. Upon review of the annual certification, if it is determined that a grantee received an overpayment in a calendar year, the grantee shall reimburse the metropolitan government by July 31st of the year following the year for which the overpayment was made. In the event that a grant was underpaid in a calendar year, the metropolitan government shall pay the amount of the underpayment to the grantee by July 31st of the year following the year for which the underpayment accrued.

2.213.070 Cap on total amount of grant awards.

Beginning with fiscal year 2017-2018, the annual amount of all grants awarded pursuant to this chapter including related administrative costs in the aggregate shall not exceed two million dollars (\$2,000,000) exclusive of other grants or contributions made specifically for the purpose of funding the incentive grants. The aggregate grant amount may be increased by resolution of

the metropolitan council. The amount budgeted annually will be based upon estimates of subsequent year awards and subject to the maximum set forth in this section. The director of finance and the director of the OEOE shall review the incentive grant program on an annual basis to determine whether the demand for grant funds significantly exceeds the amount of the cap, and shall make a recommendation to the metropolitan council regarding whether the amount of the cap should be adjusted. Any adjustments to the amount of the cap shall be approved by the metropolitan council by resolution prior to becoming effective.

2.213.080 Noncompliance.

In the event a grantee fails to provide the number of affordable and/or workforce units required for the specified grant term pursuant to the grant agreement, the director of finance shall have the authority to require the grantee to repay the metropolitan government for all grant funds disbursed for affordable and/or workforce housing units in accordance with the provisions of the grant agreement. The director of finance shall have the authority to pursue all other remedies at law or in equity to ensure the availability of the affordable and/or workforce housing units required under the grant agreement.

2.213.090 Grants subject to funding availability.

All agreements for affordable and/or workforce housing incentive grants to be funded by the metropolitan government shall expressly provide that the metropolitan government's financial obligations thereunder are conditioned upon the appropriation of funds by the metropolitan council. The metropolitan government shall have no obligation to make an affordable and/or workforce housing incentive grant if adequate funds are not available. If an incentive grant payment is not made as a result of lack of funding pursuant to this section, the grantee shall be relieved from the obligation to maintain the required number of affordable and/or workforce housing units.

2.213.100 Sunset provision.

The provisions of this chapter shall expire and be null and void on December 31, 2019 ("sunset date") unless extended by resolution of the metropolitan council. This provision, commonly known as a "sunset provision," is included to ensure that the effectiveness and necessity of this chapter is reviewed by the metropolitan council after its adoption. If the provisions of this chapter are not extended by resolution of the metropolitan council before the sunset date, no incentive grants shall be awarded after the sunset date. This sunset provision shall not operate to terminate any existing grant agreement in effect on the sunset date, except for a lack of available funds in accordance with Section 2.213.090.
