October 31, 2014

To the Citizens of Nashville and Davidson County, Tennessee:

## **FORMAL TRANSMITTAL OF THE COMPREHENSIVE ANNUAL FINANCIAL REPORT**

We are pleased to submit the Comprehensive Annual Financial Report of the Metropolitan Government of Nashville and Davidson County, Tennessee (the Government) for the fiscal year ended June 30, 2014. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the management of the Government. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position and results of operations of the various funds and component units of the Government in accordance with generally accepted accounting principles (GAAP). All disclosures necessary to enable the reader to gain an understanding of the Government's financial activities have been included.

The Government is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act, as amended, and U. S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Information related to this single audit, including the schedules of federal and state financial assistance, findings and recommendations, and independent auditors' reports on the internal control structure and compliance with applicable laws and regulations, are not included herein but are reported separately.

In conformity with generally accepted accounting principles, this report includes all funds of the primary government and all component units. For purposes of this report, the primary government includes all departments and agencies of the Government which are not separate legal entities, including the Department of Water and Sewerage Services and Metropolitan Nashville Public Schools. The component units include those separate legal entities whose relationships with the primary government meet the criteria for inclusion.

The Government is required to provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of management's discussion and analysis (MD&A). This letter of transmittal is intended to complement MD&A and should be read in conjunction with it. The Government's MD&A can be found immediately following the report of the independent auditors.

## **PROFILE OF THE GOVERNMENT**

Metropolitan Nashville and Davidson County is located in middle Tennessee at the hub of many air, rail and highway transportation routes. The Government provides a full range of services. These services include education; police and fire protection; waste management; construction and maintenance of highways, streets and infrastructure; traffic regulation and control; parking; health and social services; recreational and cultural activities; public libraries; planning and zoning; water and sewerage services; administration of justice; and general administrative services.

## **FACTORS AFFECTING ECONOMIC AND FINANCIAL CONDITION**

The local economy is a well-balanced blend of financial, wholesale, retail, manufacturing and service industries. The local mix of these industries roughly reflects the national economy, with no single industry being predominant in the region. Computer technology, automotive, medical, private prison management, insurance, banking, publishing, telecommunications and entertainment companies and private educational institutions all find a home in Nashville. With a rich economic, social and cultural environment, the city consistently scores high in national rankings of preferred business locations, best places to live and favorable environments for the creation and development of businesses.

The Nashville Metropolitan Statistical Area (MSA) economy has been slightly healthier than the National and State economies, with lower unemployment than the State as a whole.

The Government's two most significant locally generated revenue sources are property and sales taxes.

## **MAJOR INITIATIVES**

The Government continues to emphasize delivery of focused public services in a way that provides efficiency, effectiveness and value to the citizens of Nashville. The Government's major initiatives for fiscal year 2014, for fiscal year 2015 and for the future are discussed below.

FOR FISCAL YEAR 2014: Substitute budget ordinance BL-2013-431 appropriated a balanced budget of \$1,812,431,500 in the budgetary funds, an overall increase of 6.0% from the budget for fiscal year 2013.

The FY2014 budget continued to make improvements in the Nashville community's priority areas:

- Public Education – Metro Nashville Public Schools (MNPS) received \$746,420,300 in FY14, which was a \$26 million dollar increase over the amount budgeted in FY13. This increase included funding for additional teachers, employee benefits, contractual obligations, and five new charter schools. MNPS' FY14 estimated fund balance was 6.4% of budgeted expenditures, which is above the 3.0% required by the State.
- Public Safety – Resources dedicated to public safety services increased by \$19.1 million. The Police Department's annual budget for FY14 provided additional funding to increase patrol and investigative resources, to fund the DNA crime lab for full staffing, and to increase forensic investigative capacity. The Fire Department's operational budget for FY14 continued to support full staffing of front line positions for fire response and emergency management services and added funding for special events to support increasing tourist activity in the urban core. The Emergency Communications Center's budget funded an increase of 5 positions to support increased call volume and minimize response times to emergency calls. The Davidson County Sheriff's Office received a budget increase for additional staff to improve inmate staffing ratios and to fund contractual increases and courthouse security requirements.
- Livability – Metro Parks received additional funding to add 45 full and part-time positions to enhance facility staffing and provide additional landscape maintenance. MTA received a \$4 million improvement to continue momentum on improving transit services to residents and visitors. Additional funding was provided to the Public Library to open the Main Library on Mondays.

- Economic Development – Several significant investments in business incentives and job growth were funded for FY14. These included job development incentives for Dell and Asurion, a subsidy for the Nashville Career Advancement Center, funding for a Small Business Incentive Program, and funding for a new Office of Innovation. Additionally, HCA is relocating certain operations to Davidson County and the Government has entered into a grant agreement with HCA that is related to incremental jobs that will be created after the relocation is completed. These investments are critical to local economic growth as recovery from the recession on the national, state and local levels continues.

FOR FISCAL YEAR 2015: Substitute budget ordinance BL-2014-774 appropriated a balanced budget of \$1,891,647,000 in the budgetary funds, an overall increase of 4.37% from the budget for fiscal year 2014.

The FY2015 budget continues to make improvements in the Nashville community's priority areas:

- Public Education – Metro Nashville Public Schools (MNPS) received \$773,920,300 in FY15, which is a \$27.5 million dollar increase over the amount budgeted in FY14. The recommended increase will fund additional teachers, pay increases for teachers, employee benefits, contractual obligations, three new charter schools, and additional pre-K classrooms. MNPS' FY15 estimated fund balance is 5.8% of budgeted expenditures, which is above the 3.0% required by the State.
- Public Safety – Resources dedicated to public safety services increased by \$5.1 million. The Police Department's annual budget for FY15 provides for additional funding to ensure the safety and well-being of Nashville's citizens and visitors. The FY15 budget provides over \$4 million in additional funding for the Midtown Hills Precinct, special events policing, and the Crime Lab accreditation efforts. The Fire Department's operational budget for FY15 continues to support full staffing for front-line positions in fire response and emergency management services, maintaining this administration's commitment to public safety. The Davidson County Sheriff's Office will receive an increase of \$1.5 million to provide security for the new Lentz Health Department, the Southeast Davidson Library and Community Center, the Domestic Violence Program and security functions transferred from General Services. Funding also includes an additional \$1 million investment across multiple departments to end domestic violence in our city. This multi-department effort includes the Criminal Court Clerk, District Attorney's Office, General Sessions Court, Public Defender's Office, Sheriff's Office and the creation of a new Victim Resource Center.
- Livability – One of the Mayor's goals is to maintain the livability of Nashville by providing opportunities for citizens to pursue a healthy lifestyle. Accordingly, the budget allocates funding for opening two Park community centers in FY15 - Southeast and Sevier. The Metro Transit Authority is recommended for an improvement of \$3 million to maintain transit services and to plan for bus rapid transit (BRT) services on Charlotte Pike. Additionally, this budget recommends an increase to the Public Library's budget to open two new branches - Southeast Branch Library and Bellevue Branch Library. Finally, Nashville Public Library now houses the Nashville After-Zones Alliance (NAZA). This program was created in partnership with Metro Nashville Public Schools to develop a coordinated system of free after school programs to the 21,500 middle school students in Davidson County. NAZA after school programs are organized by several geographic zones to provide Metro Nashville middle school students access to after school programs that offer meaningful enrichment activities in a safe and structured environment.
- Economic Development – Several significant investments in business incentives and job growth have been funded for FY15. These include job development incentives for Dell, a subsidy for the Nashville Career Advancement Center, and continued funding for the Office of Innovation. Metro Nashville opened a Fast Track Permitting and One-Stop Business Assistance Program in FY15, streamlining business development processes. Mayor Dean's administration has also provided financial support for the development and ongoing operation of the Nashville Entrepreneur Center, a business incubator which is helping creative people in Nashville turn ideas into jobs and revenue. Along with maintaining a low cost for government services, these investments are enabling continued growth in Nashville's economy.

These initiatives have all been addressed while ensuring the Government meets its fundamental objectives of maintaining a balanced budget, maintaining services, and investing in Nashville's future. This was

achieved for the Fiscal Year 2015 budget without a property tax increase. Revenue increases are anticipated from modest growth in the property tax base, an increase in local option sales tax, and limited growth in grant funding and other revenue sources. A measured amount of fund balances have been appropriated to balance the budget, while maintaining fund balance levels in excess of legal requirements. Departmental savings opportunities were also considered and budget reductions were made where prudent. Details of the fiscal year 2014 and 2015 budgets are described in the annual *Operating Budget* books published by the Department of Finance, Office of Management and Budget. They are also available on the GFOA-award-winning Citizen's Guide to the Budget at [www.nashville.gov/Finance/Management-and-Budget/Citizens-Guide-to-the-Budget.aspx](http://www.nashville.gov/Finance/Management-and-Budget/Citizens-Guide-to-the-Budget.aspx).

FOR THE FUTURE: The Metropolitan Government of Nashville and Davidson County will continue to focus on four major priorities:

#### EDUCATION:

The administration will work with the Board of Education toward improved accountability through higher graduation rates and test scores. The administration will also continue to work toward improving our schools by encouraging our community to devote its attention, time, and financial resources to education.

#### PUBLIC SAFETY:

The administration continues to be committed to improving public safety by and through the combined efforts of the Mayor's Office, the Police Department, the Fire Department, and other departments. To support this priority, the Metropolitan Nashville Police Department will maintain an appropriate number of sworn officers.

In addition to traditional firefighting responsibilities, a primary function of the Nashville Fire Department is to provide emergency medical services, or EMS. The administration will continue to monitor trends in the demand for these services and trends in response times in making decisions around appropriate staffing levels.

#### LIVABILITY:

The administration will continue to address issues impacting the quality of life for members of our community by focusing on health services, parks, the arts, libraries, adequate public transportation, healthy lifestyles and affordable housing. The administration will strive for Nashville to be a livable city with clean air, clean water, open spaces, public transportation infrastructure and a sustainable energy use profile.

#### ECONOMIC DEVELOPMENT:

The administration is committed to growing the local economy and to generating economic opportunities that will benefit all citizens. The Mayor has worked aggressively to recruit new businesses to Nashville and help existing businesses in the city expand. Leveraging Nashville's high quality of life, low tax rates and central location, the Mayor's Office of Economic and Community Development works with the Nashville Area Chamber of Commerce and the Tennessee Department of Economic and Community Development to help businesses create new, high-quality jobs and expand the city's tax base.

#### FINANCIAL INFORMATION

**CASH MANAGEMENT:** Cash temporarily idle during the year was primarily invested in the State of Tennessee Local Government Investment Pool, the State of Tennessee Intermediate Term Investment Pool, and the First Tennessee Bank Advisors Short Investment Pool. Investments are made either directly or through the Metro Investment Pool. Investments in the pension trust funds also include common stocks, U. S. Treasury Obligations, corporate bonds and other holdings.

The Government's investment policy is to preserve principal, minimize credit and market risks and maintain adequate liquidity while maximizing the rate of return on its portfolio. The investment policy encourages conservative, low risk investments and does not permit high risk methods to enhance investment returns.

The majority of the cash deposits are held by financial institutions participating in the bank collateral pool administered by the State of Tennessee, thus ensuring that they are collateralized. The banking service agreement provides for the daily investment of demand deposit balances.

**RISK MANAGEMENT:** The Government continued to operate a risk management program, which was initiated in 1978. As part of its comprehensive plan, resources are being accumulated in various internal service funds to meet potential losses. Additionally, the Government has a property insurance policy for single losses over \$1 million and for all aggregate losses over \$3 million annually. Accepted risk control techniques, including employee accident prevention training, have been implemented to minimize potential liability losses. The Government has elected to come under the Tennessee Tort Liability laws in order to limit its potential liability.

**PENSION TRUST FUNDS:** The pension system of the Government covers substantially all full-time employees. It consists of one pension plan that is open to new members and five pension plans that are closed to new members but are still used by some employees of the former City of Nashville, the former Davidson County and Metropolitan Nashville Public Schools.

After recognizing contributions from other funds, employees, and the State of Tennessee, the General Fund is responsible for amounts necessary to fund the Metropolitan Employees' Benefit Trust Fund (which includes Division A, the closed plan, and Division B, the open plan) and the following four closed plans:

- The County Plan - Davidson County Employees' Retirement Fund
- The County Education Plan - Employees' Pension and Insurance Fund
- The City Plan - Closed City Plan Fund
- The City Education Plan - Teachers' Civil Service and Pension Fund

After recognizing contributions from employees and the State of Tennessee, Metropolitan Nashville Public Schools is responsible for funding the Metro Education plan – The Teachers' Retirement Plan Fund.

The total net assets of all pension (and other employee benefit) trust funds were \$2.8 billion at June 30, 2014.

**INTERNAL CONTROL STRUCTURE:** Management of the Government establishes and maintains an internal control structure designed to ensure that the assets of the Government are protected from loss, theft, or misuse and to ensure that adequate accounting data is compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived, and (2) the valuation of costs and benefits requires estimates and judgments by management.

**BUDGETARY CONTROLS:** The Government maintains budgetary controls in order to ensure compliance with legal provisions embodied in the annual appropriated budget approved by the Government's governing body, the Metropolitan Council. Activities of the General Fund, General Purpose School Fund and the GSD General Purposes, School Purposes and USD General Purposes Debt Service Funds are included in the annual appropriated budget. The Government maintains an encumbrance accounting system to provide management with information regarding obligations against appropriations. Budgetary compliance is based on expenditures during the period (GAAP), rather than expenditures and encumbrances (non-GAAP). Because appropriations lapse at June 30, encumbrances outstanding at June 30, 2014 are disclosed in the notes to the financial statements. Appropriations for fiscal year 2015 will provide authority to complete those transactions.

**SINGLE AUDIT:** As a recipient of federal and state financial assistance, the Government is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. As part of the Government's single audit, tests are performed to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs, as well as to determine that the Government has complied, in all material respects, with applicable laws and regulations. The results of the Government's single audit for fiscal year 2014 are reported separately.

INDEPENDENT AUDIT: Section 6.15 of the Metropolitan Charter requires an annual audit of accounts and other evidences of financial transactions of the Government and of its departments, offices and agencies by independent certified public accountants. The audit is performed by a firm chosen by a three-member audit board consisting of the Vice-Mayor, the Chair of the Budget and Finance Committee of the Metropolitan Council, and the Chair of the Metropolitan Nashville Public School Board. The Government has complied with this requirement. The independent auditors' report is included in the financial section of this report.

## AWARDS AND ACKNOWLEDGEMENTS

AWARDS: The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Government for its Comprehensive Annual Financial Report (CAFR) for the fiscal year ended June 30, 2013. This was the 31<sup>st</sup> consecutive year that the Government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized CAFR. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The GFOA presented a Distinguished Budget Presentation Award to the Government for its annual budget for the fiscal year beginning July 1, 2013. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan and as a communications device. The award is valid for a period of one year only. It is the Government's 23<sup>rd</sup> year to receive this award.

ACKNOWLEDGMENTS: Many individuals and organizations throughout the Government assisted in preparing this CAFR. To each of them we gratefully express our sincere appreciation for their dedicated contributions.

In conclusion, we acknowledge and express our appreciation for the strong support of the Metropolitan Council. The Council's support will continue to be vital as we work together to strengthen the financial condition of the Metropolitan Government.

Sincerely,

Karl F. Dean  
Mayor

## FORM OF GOVERNMENT

On April 1, 1963 the governments of the City of Nashville and Davidson County were consolidated into a single "Metropolitan Government of Nashville and Davidson County", under which the boundaries of the City of Nashville and Davidson County are coextensive.

The executive and administrative powers are vested in the Mayor, who is elected at large for a four-year term. The Mayor is authorized to administer, supervise and control all departments and to appoint all members of boards and commissions subject to the approval of the Council. A two-thirds vote of the legislative body, the Council, is required to override the Mayor's veto. The Charter also provides for a Vice-Mayor, who is elected at large for a four-year term and is the presiding officer of the Council. The Council is composed of 40 members who are elected for four-year terms.

The Charter provides a framework for local government in Nashville to serve the needs of two service districts: (i) the General Services District (the GSD) and (ii) the Urban Services District (the USD). The GSD embraces the entire area of Davidson County and its residents are taxed to support those services, functions and debt obligations which are deemed properly chargeable to the whole population. Such services include general administration, police, fire protection, courts, jails, health, welfare, hospitals, streets and roads, traffic, schools, parks and recreation, airport facilities, auditoriums, public housing, urban renewal, planning and public libraries.

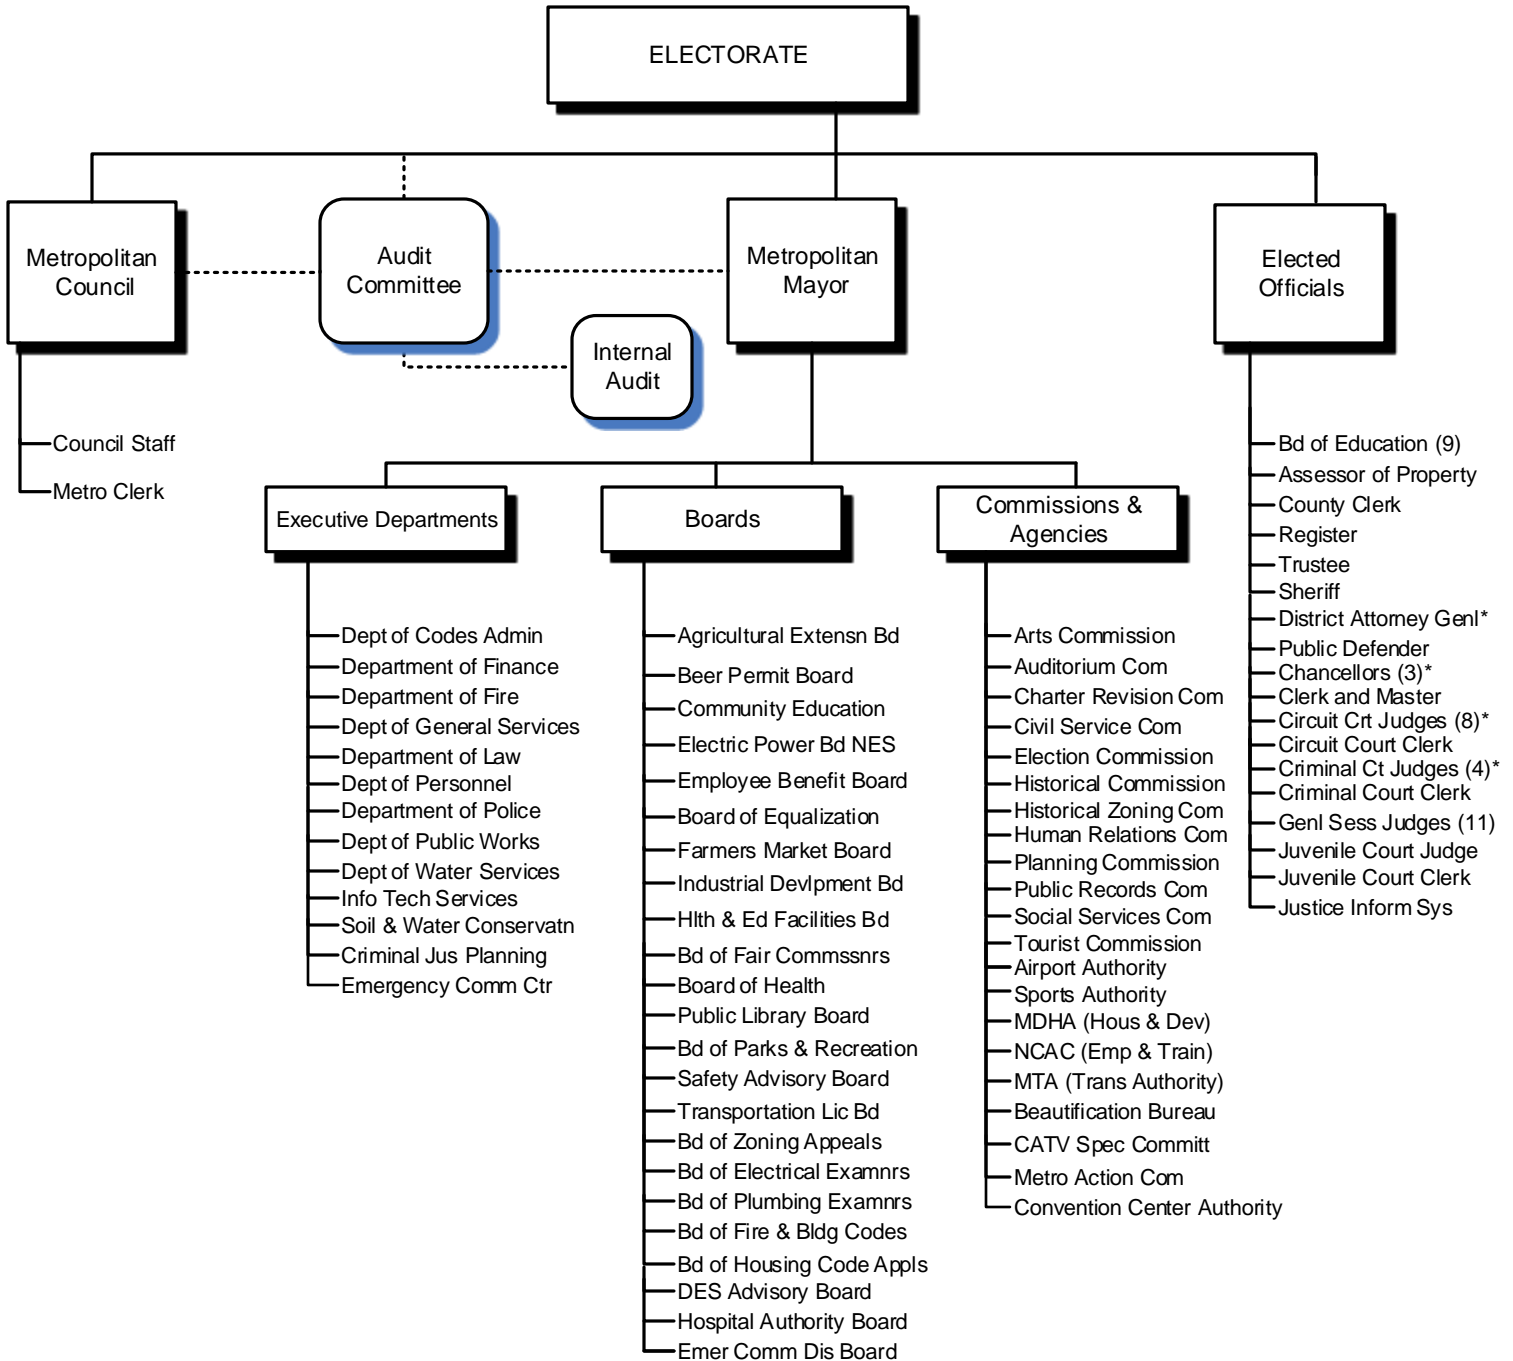

The original USD conformed to the corporate limits of the City of Nashville as they existed on April 1, 1963, the date of consolidation. USD residents are charged an additional tax to support those services, functions and debt obligations which benefit only the USD. Such services include additional police protection, storm sewers, street lighting and refuse collection. The Charter provides: "The area of the Urban Services District may be expanded and its territorial limits extended by annexation whenever particular areas of the General Services District come to need urban services, and The Metropolitan Government becomes able to provide such service within a reasonable period which shall be no greater than one year after ad valorem taxes in the annexed area become due." Since April 1, 1963 the area of the USD has been expanded from 72 square miles to 187 square miles.

The USD is a subset of the GSD.

THE METROPOLITAN GOVERNMENT OF  
NASHVILLE AND DAVIDSON COUNTY

ORGANIZATION OF THE DEPARTMENT OF  
FINANCE AND OTHER FINANCIAL OFFICES

At June 30, 2014

## Independent Auditor's Report

To the Honorable Mayor and Members of Council  
The Metropolitan Government of Nashville and Davidson County, Tennessee

### **Report on Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of The Metropolitan Government of Nashville and Davidson County, Tennessee (the "Government") as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Government's basic financial statements as listed in the table of contents. We have also audited the financial statements of each of the Government's nonmajor governmental, nonmajor enterprise, internal service, and fiduciary funds, as well as the financial statements of the Sports Authority Fund and the Industrial Development Board Fund, which are presented as supplementary information in the accompanying financial statements as of and for the year ended June 30, 2014, as listed in the table of contents. We have also audited the financial statements of each of the discretely presented component units of the Government as of and for the year ended June 30, 2014, as presented in the Government's basic financial statements, except as described in the first paragraph of the Auditor's Responsibility section of this report.

### ***Management's Responsibility for the Financial Statements***

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the following discretely presented component units: The Nashville District Management Corporation, the Gulch Business Improvement District, Inc., the Metropolitan Development and Housing Agency, the Electric Power Board, the Emergency Communications District, and the Convention Center Authority, which represents 67% of the total assets, 59% of total net position and 78% of the total revenues of the aggregate discretely presented component units of the Government. Those financial statements were audited by other auditors whose reports thereon have been furnished to us, and our opinion, insofar as it relates to the amounts included for those entities, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

To the Honorable Mayor and Members of Council  
The Metropolitan Government of Nashville and Davidson County, Tennessee

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### ***Opinions***

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of The Metropolitan Government of Nashville and Davidson County, Tennessee, as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof, and the respective budgetary comparisons for the General Fund and the General Purpose School Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America. In addition, in our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of each of the nonmajor governmental, nonmajor enterprise, internal service, and fiduciary funds, the Sports Authority Fund, the Industrial Development Board Fund, and each of the discretely presented component units as of June 30, 2014, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

### ***Emphasis of Matters***

The accompanying financial statements of the Hospital Authority of Nashville and Davidson County, Tennessee (the "Hospital Authority", a component unit of the Government), have been prepared assuming that the Hospital Authority will continue as a going concern. As discussed in Note 13E to the accompanying financial statements, Metropolitan Nashville General Hospital (a fund of the Hospital Authority) has experienced recurring losses from operations, reflects current liabilities in excess of current assets, and has a net position deficit and Bordeaux Long Term Care (a fund of the Hospital Authority) has experienced recurring losses from operations and net cash used in operating activities. These conditions raise substantial doubt about the Hospital Authority's ability to continue as a going concern. The Hospital Authority management's plans regarding these matters are also described in Note 13E. The financial statements of the Hospital Authority do not include any adjustments that might result from the outcome of this uncertainty. Our opinion is not modified with respect to this matter.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages A1 through A11, the condition rating of transportation network, the schedule of funding progress - pension plans, the schedule of employer contributions - pension plans, the schedule of changes in net pension liability and related ratios - pension plans, the schedule of investment returns - pension plans, the schedule of funding progress - other postemployment benefit plans, and the schedule of employer contributions - other postemployment benefit plans on pages B-108 through B-109, B-110 through B-113, B-114 through B-117, B-118 through B-123, B-124, B-126 through B-127 and B-128, respectively, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### *Other Information*

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Government's basic financial statements, and each of the nonmajor governmental, nonmajor enterprise, internal service, and fiduciary funds, the Sports Authority Fund, the Industrial Development Board Fund, and the financial statements of each of the discretely presented component units. The schedules on pages C-9, C-10 and C-11, and on pages G-2 through G-21, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections listed in the table of contents and schedules on pages G-22 through G-32 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

To the Honorable Mayor and Members of Council  
The Metropolitan Government of Nashville and Davidson County, Tennessee

### **Other Reporting Required by *Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2014, on our consideration of the Government's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Government's internal control over financial reporting and compliance.

*Crosslin & Associates, P.C.*

Nashville, Tennessee  
October 31, 2014

## MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Metropolitan Government of Nashville and Davidson County (the Government), we offer readers of the Government's financial statements this narrative overview and analysis of the financial activities of the Government for the fiscal year ended June 30, 2014.

### FINANCIAL HIGHLIGHTS

- The assets and deferred outflows of resources of the Government exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$1.4 billion (*net position*). This amount includes negative \$870 million of *unrestricted net position*.
- The Government's total net position decreased by \$114 million (a decrease of \$123 million from governmental activities and an increase of \$9 million from business-type activities).
- As of the close of the current fiscal year, the Government's governmental funds reported combined ending fund balances of \$137 million, a decrease of \$287 million in comparison with the prior year.
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$82 million, or 9.4% of total general fund expenditures and other financing uses.
- At the end of the current fiscal year, committed fund balance available for the general purpose school fund was \$43 million, or 5.9% of total general purpose school fund expenditures and other financing uses.
- The enterprise funds reported a net position at year-end of \$1.4 billion, an increase of \$16 million during the year, which includes \$4.3 million related to the acquisition of Old Hickory Utility District.
- The Government's total general obligation and revenue bonds outstanding decreased by \$157 million (4.5%) during the current fiscal year. Principal payments totaled \$126 million and deferred amounts decreased a net amount of \$31 million. There were no new bond issues. Other debt decreased by \$4 million due to principal repayments.
- The Government borrows funds under commercial paper programs to provide interim or short-term financing of authorized capital projects. Total commercial paper outstanding at the close of the fiscal year was \$200 million.

### OVERVIEW OF THE FINANCIAL STATEMENTS

The discussion and analysis provided here are intended to serve as an introduction to the Government's basic financial statements. The Government's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements.

#### Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the Government's finances, in a manner similar to a private-sector business.

The Statement of Net Position presents information on all of the Government's assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Government is improving or deteriorating.

The Statement of Activities presents information showing how the Government's net position changed during the most recent fiscal year. All changes in net position are reported on an accrual basis as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes, compensated absences, etc.).

Both of the government-wide financial statements distinguish functions of the Government that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The governmental activities of the Government include general government; fiscal administration; administration of justice; law enforcement and care of prisoners; fire prevention and control; regulation and inspection; conservation of natural resources; public welfare; public health and hospitals; public library system; public works, highways and streets; recreational and cultural; and education.

The business-type activities of the Government include the Department of Water and Sewerage Services, District Energy System, Nashville Convention Center, Board of Fair Commissioners, Farmers Market, Police Secondary Employment, Surplus Property Auction, Municipal Auditorium, Police Impound, Stormwater Operations, and Community Education Commission functions.

The government-wide financial statements include not only the Government itself (known as the *primary government*), but also the Nashville District Management Corporation, Gulch Business Improvement District, Inc., Sports Authority, Industrial Development Board, Hospital Authority, Metropolitan Development and Housing Agency, Electric Power Board, Metropolitan Transit Authority, Metropolitan Nashville Airport Authority, Emergency Communications District, and Convention Center Authority. These *component units* are legally separate organizations for which the Government is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages B-2 to B-5 of this report.

## Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Government, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Government can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds** – Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, the focus is on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources at the end of the fiscal year. Such information may be useful in evaluating the Government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the Government's near-term financing decisions. Both the Balance Sheet – Governmental Funds and the Statement of Revenues, Expenditures and Changes in Fund Balances – Governmental Funds provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Government reports 21 individual governmental funds. Information is presented separately in the Balance Sheet – Governmental Funds and in the Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Funds for the General Fund, General Purpose School Fund, GSD General Purposes Debt Service Fund, GSD School Purposes Debt Service Fund, USD General Purposes Debt Service Fund, GSD Capital Projects Fund, Education Capital Projects Fund and USD Capital Projects Fund, all of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation.

The Government adopts an annual appropriated budget for each major governmental fund except the Capital Projects Funds. Budgetary comparison statements have been provided in the Basic Financial Statements section for the General Fund and General Purpose School Fund and in the Nonmajor Governmental Funds section for each of the major Debt Service Funds to demonstrate compliance with the budget.

The basic governmental fund financial statements can be found on pages B-6 to B-17 of this report.

**Proprietary funds** – The Government maintains two different types of proprietary funds. *Enterprise funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The Government uses enterprise funds to account for the Department of Water and Sewerage Services, District Energy System, Nashville Convention Center, Board of Fair Commissioners, Farmers Market, Police Secondary Employment, Surplus Property Auction, Municipal Auditorium, Police Impound, Stormwater Operations, and Community Education Commission functions. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the Government's various functions. For the fiscal year ended June 30, 2014, the Government used internal service funds to account for its fleet, information systems, radio equipment, insurance, postal, treasury management, general services and school printing functions. Because these services predominantly benefit governmental rather than business-type functions, they have been primarily included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Department of Water and Sewerage Services and the District Energy System, which are considered to be major funds of the Government. Data from the other enterprise funds are combined into a single, aggregated presentation. Also, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements.

The basic proprietary fund financial statements can be found on pages B-18 to B-23 of this report.

**Fiduciary funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside the Government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Government's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statements can be found on pages B-24 to B-25 of this report.

### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages B-39 to B-107 of this report.

### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information surrounding infrastructure condition and maintenance data, found on pages B-108 to B-109, the Government's progress in funding its obligation to provide pension benefits to employees, found on pages B-110 to B-124, and the Government's progress in funding its obligation to provide other postemployment benefits to employees, found on pages B-126 to B-128.

### GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve as a useful indicator over time of a government's financial position. In the case of the Government, assets and deferred inflows of resources exceeded liabilities and deferred outflows of resources by \$1.4 billion at the close of the most recent fiscal year.

#### The Government's Net Position in thousands of dollars (as of June 30,)

	Governmental Activities		Business-type Activities		Total Primary Government	
	2014	2013	2014	2013, as restated	2014	2013, as restated

Long-term liabilities	3,757,984	3,742,219	881,157	921,782	4,639,141	4,664,001
Other liabilities	448,728	273,849	85,066	82,741	533,794	356,590
<b>Total liabilities</b>	<b>4,206,712</b>	<b>4,016,068</b>	<b>966,223</b>	<b>1,004,523</b>	<b>5,172,935</b>	<b>5,020,591</b>
Deferred inflows of resources	886,104	880,266	-	-	886,104	880,266
Net position:						
Net investment in capital assets	955,256	857,598	1,232,187	1,239,786	2,187,443	2,097,384
Restricted	39,551	35,802	64,253	56,720	103,804	92,522
Unrestricted	(907,694)	(683,464)	37,930	28,559	(869,764)	(654,905)
<b>Total net position</b>	<b>\$ 87,113</b>	<b>\$ 209,936</b>	<b>\$ 1,334,370</b>	<b>\$ 1,325,065</b>	<b>\$ 1,421,483</b>	<b>\$ 1,535,001</b>

**Governmental activities** – Current and other assets for governmental activities decreased by 4.6%. The decrease is primarily due to the current year spending of cash received from the issuance of general obligation bonds in May 2013. Capital assets increased by 5.1% due to construction of new schools and other government buildings, the acquisition of park property, and the renovation of existing government buildings. Deferred outflows of resources decreased 9.5% primarily due to the amortization of deferred charges from bond refundings. Long-term liabilities increased by 0.4% primarily due to the increase in the net other postemployment benefits (OPEB) obligation, offset by principal payments on outstanding bonds and amortization of deferred premiums. Other liabilities increased by 63.9% primarily due to an increase in commercial paper outstanding to provide funding for capital projects prior to the issuance of general obligation bonds. Deferred inflows of resources increased by 0.7% primarily due to an increase in unavailable revenue from property taxes.

The largest portion of the Government's net position for governmental activities (1,096.6%) reflects its investment in capital assets (e.g., land, buildings, machinery, equipment and infrastructure), less any related outstanding debt used to acquire those assets. The Government uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Government's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the Government's net position for governmental activities (45.4%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of net position for governmental activities represents unrestricted net position of negative \$908 million (-1,042.0%). Note that the unrestricted net position is negative due to the net OPEB obligation of \$1.055 billion at June 30, 2014.

**Business-type activities** – Current and other assets for business-type activities decreased by 11.7% primarily due to the current year spending of cash received from the issuance of Department of Water and Sewerage Services revenue bonds in April 2013. Capital assets increased by 1.5% due to additions to land, utility plants and construction work in progress for the Department of Water and Sewerage Services. Deferred outflows of resources decreased by 32.0% primarily due to amortization of charges from Department of Water and Sewerage Services bond refundings. Long-term liabilities decreased by 4.4% primarily due to principal payments on outstanding bonds and amortization of deferred premiums. Other liabilities increased by 2.8% primarily due to various increases in operating-related liabilities as well as an increase in commercial paper outstanding for the District Energy System to provide funding for capital projects prior to the issuance of general obligation bonds.

The largest portion of the Government's net position for business-type activities (92.4%) reflects its investment in capital assets (e.g., land, buildings, machinery, equipment and infrastructure), less any related outstanding debt used to acquire those assets. The Government uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the Government's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the Government's net position for business-type activities (4.8%) represents resources that are subject to external restrictions on how they may be used. The majority of the restrictions relate to debt retirement and construction. The remaining balance of net position for business-type activities, representing unrestricted net position of \$38 million (2.8%), may be used to meet the Government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the Government is able to report positive balances in all three categories of net position for its total business-type activities.

**Governmental activities** – Governmental activities decreased the Government’s net position by \$123 million, compared to a \$109 million decrease in the prior year. Total revenue increased by \$53 million. Significant variances in revenues included 1) an increase of \$16 million in property taxes due to more construction and continued economic recovery, 2) an increase of \$14 million in local option sales tax due to continued economic recovery, and 3) an increase of \$9 million in hotel occupancy taxes due to the opening of new hotels as well as a general increase in tourism. Total expenses increased by \$43 million. Operating expenses were generally higher across most functions due to increased appropriations, primarily in salaries and fringe benefits; however, increases were somewhat offset by a smaller increase in expense related to the Government’s pension obligations compared to the prior year. Additionally, interest expense increased in the current year as the result of bonds issued in May 2013.

**Expenses and Program Revenues - Governmental Activities – For the Year Ended June 30, 2014**

(in thousands)

**Revenues by Source - Governmental Activities – For the Year Ended June 30, 2014**

**Business-type activities** – Business-type activities increased the Government's net position by \$9 million compared to a \$20 million decrease in the prior year. The increase in the change in net position is primarily due to the Department of Water and Sewerage Services operating results for the 2014 fiscal year. While operating income was only slightly higher than the prior year, total change in net position increased by \$26 million primarily due to 1) an increase of \$5 million in contributions of capital assets from completed developments, and 2) a decrease of \$23 million in transfers out to other funds. Transfers out in the prior year were unusually large as they included amounts to fund expenditures related to the May 2010 flood, which are reported in the Government's governmental activities.

**Revenues by Source – Business-type Activities – For the Year Ended June 30, 2014**

## FINANCIAL ANALYSIS OF THE GOVERNMENT'S FUNDS

As noted earlier, the Government uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

**Governmental funds** – The focus of the Government's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Government's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the Government's governmental funds reported combined ending fund balances of \$137 million, a decrease of \$287 million in comparison with the prior year. Restricted fund balance of \$39 million can only be used for specific purposes pursuant to constraints imposed by external parties such as creditors and grantors. Committed fund balance of \$126 million can only be used for specific purposes pursuant to constraints imposed by formal legislative action of the Metropolitan Council. Significant commitments include \$43 million for education, \$19 million for debt service, \$55 million for equipment acquisitions, and \$9 million for other purposes. Assigned fund balance of \$75 million primarily represents the portion of fund balance that is being used to balance the subsequent year budget. Unassigned fund balance of negative \$107 million represents the \$82 million residual balance of the General Fund offset by deficit balances in other funds, primarily the GSD, Education, and USD Capital Projects Funds where the deficits will be funded by the future issuance of general obligation bonds, and the Flood 2010 Recovery Fund where the deficit is expected to be funded by future grant payments. The remaining fund balance of \$4 million represents nonspendable amounts and amounts assigned for specific purposes by the management of the Government.

The general fund is the chief operating fund of the Government. At the end of the current fiscal year, unassigned fund balance of the general fund was \$82 million, while total fund balance was \$117 million. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Unassigned fund balance represents 9.4% of total general fund expenditures and other financing uses, while total fund balance represents 13.5% of total general fund expenditures and other financing uses.

The total fund balance of the Government's General Fund increased by \$16 million during the current fiscal year as compared to a \$30 million increase in the previous year. Revenue collections exceeded budgeted projections by \$23 million. The increase was primarily due to improvements in business taxes, building permits, state taxes, and excise taxes resulting from the general economic recovery. Ongoing operating expenditures were under budget \$20 million due to savings achieved throughout essentially all departments during the fiscal year. Despite a final budgeted deficit of \$28 million that was to be funded by assigned and unassigned fund balance, higher actual revenues along with expenditure savings in the General Fund resulted in the \$16 million improvement in fund balance.

The fund balance of the Government's General Purpose School Fund increased by \$5 million during the current fiscal year primarily due to local option sales tax and beverage tax collections exceeding budgeted projections and due to expenditure savings achieved during the fiscal year.

The fund balances of the Government's GSD General Purposes, GSD School Purposes and USD General Purposes Debt Service Funds decreased by \$16 million in total as planned. Assigned fund balance of \$18 million had been appropriated to balance the budget for the year ended June 30, 2014.

The fund balances of the Government's capital projects funds decreased by \$293 million as excess bond proceeds received in May 2013 were expended. Current capital project expenditures are being funded through commercial paper borrowings.

**Proprietary funds** – The Government's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of proprietary funds at the end of the year amounted to \$186 million. The total increase in unrestricted net position for these funds was \$60 million. Factors concerning the finances of the enterprise funds have already been addressed in the discussion of the Government's business-type activities. Proprietary funds also include internal service funds, the operations of which are primarily included in governmental activities in the government-wide statements. The enterprise funds increased the unrestricted net position of proprietary funds by \$13 million; the internal service funds increased unrestricted net position by \$47 million. The increase in internal service funds is primarily due to the increase in unrestricted net position of \$22 million in the Employee Medical Benefit Fund, \$15 million in the School Professional Employees' Insurance Fund, and \$11 million in the Injured on Duty Fund, all of which are used to accumulate assets for the payment of self-insured medical claims. These increases were partially offset by decreases in various other internal service funds, none of which were individually significant.

## GENERAL FUND BUDGETARY HIGHLIGHTS

### Original and Final Budgeted Amounts

For the General Fund, there were no differences in revenues and other financing sources between the original budget and final amended budget. Differences in expenditures and other financing uses between the original budget and the final amended budget were primarily due to mid-year supplements for unanticipated expenditures and unspent amounts carried forward from the prior year as authorized by the budget ordinance. Other variances in the budget line items were primarily due to fringe benefit increases and utility contingency costs being originally budgeted under miscellaneous expenditures then later being reallocated to departmental budgets after the final budget was approved.

### Final Budgeted and Actual Amounts

Revenues and other financing uses exceeded budgeted amounts by \$20 million. While revenues were budgeted conservatively due to economic uncertainty, collections exceeded budgeted amounts for business taxes, building permits, certain state taxes, and excise taxes, primarily due to the general economic recovery. These overages were partially offset by a shortage in charges for current services as billings for police secondary employment were below budgeted amounts and anticipated revenue growth was not realized. Actual expenditures and other financing uses were under budget by \$18 million because of savings achieved by essentially all departments.

## CAPITAL ASSET AND DEBT ADMINISTRATION

**Capital Assets** – The Government's investment in capital assets for its governmental and business type activities as of June 30, 2014 amounts to \$5.3 billion (net of accumulated depreciation). Depreciation charges for the fiscal year totaled \$161 million.

### The Government's Capital Assets in thousands of dollars (as of June 30,)

Construction in progress	87,482	154,938	114,113	151,235	201,595	306,173
Less: Accumulated depreciation	(1,008,668)	(934,650)	(1,144,485)	(1,070,339)	(2,153,153)	(2,004,989)
<b>Total capital assets</b>	<b>\$ 3,414,832</b>	<b>\$ 3,248,509</b>	<b>\$ 1,885,858</b>	<b>\$ 1,855,320</b>	<b>\$ 5,300,690</b>	<b>\$ 5,103,829</b>

The total increase in the Government's investment in capital assets for the current fiscal year was 3.9% (a 5.1% increase for governmental activities and a 1.6% increase for business-type activities).

Construction of new schools and other government buildings, the acquisition of park property, and the renovation of existing government buildings has continued in accordance with the Government's capital plan. Additionally, land and infrastructure increased from donated rights of way related to new developments. Significant additions include a library, community center, and ice rink in southeast Davidson County, a new downtown Police precinct, a new Headstart facility, development of the west bank of the riverfront, and renovations to existing schools. Additions to utility plants and construction work in progress for the Department of Water and Sewerage Services net of disposals totaled approximately \$93.8 million.

As allowed by GASB Statement No. 34, the Government has adopted the alternative to recording depreciation expense on selected infrastructure assets. Under this method, referred to as the modified approach, the Government expenses certain maintenance and preservation costs and does not report depreciation expense. Assets accounted for under this approach include approximately 5,852 lane miles of streets and roads and 327 bridges and underpasses that the Government is responsible for maintaining. The Government's policy is to have at least 70% of roads in fair or better condition and 75% of bridges in fair or better condition. The most recent condition assessments indicate that 61.6% of roads and 97.1% of bridges are in fair or better condition, as compared to 60.1% of roads and 98.9% of bridges in the prior assessments. The maintenance of infrastructure in accordance with the Government's policy continues to be a priority. The percentage of roads and streets in fair or better condition declined after 2010 because the area was significantly impacted by the May 2010 flood, which was followed by an unusually hard winter with heavy snowfall and salt usage. Increased spending on roads and streets maintenance has resulted in slight improvement in recent years in the percentage of roads and streets in fair or better condition. The FY14-15 capital budget included additional funding for road and street maintenance.

Additional information on the Government's capital assets can be found in Note 5 beginning on page B-55 of this report.

**Long-term debt** – At the end of the current fiscal year, the Government had total bonded debt outstanding of \$3.0 billion. Of this amount, \$2.2 billion comprises debt backed by the full faith and credit of the Government. The remaining \$797 million of the Government's debt represents bonds secured solely by specified revenue sources (i.e., revenue bonds).

**The Government's Outstanding Debt**  
General Obligation and Revenue Bonds  
in thousands of dollars  
(as of June 30,)

	Governmental Activities		Business-type Activities		Total Primary Government	
	2014	2013	2014	2013	2014	2013

Deferred amounts, net	-	-	50,911	57,424	50,911	57,424
<b>Total revenue bonds outstanding</b>	<b>-</b>	<b>-</b>	<b>847,596</b>	<b>884,874</b>	<b>847,596</b>	<b>884,874</b>
<b>Total general obligation and revenue bonds outstanding</b>	<b>\$ 2,446,867</b>	<b>\$ 2,564,208</b>	<b>\$ 914,508</b>	<b>\$ 953,971</b>	<b>\$ 3,361,375</b>	<b>\$ 3,518,179</b>

The Government's total general obligation and revenue bonds outstanding net of deferred amounts decreased by \$157 million (4.5%) during the current fiscal year. There were no new bond issues. Principal payments totaled \$126 million and deferred amounts decreased \$31 million.

Other debt decreased by \$4 million due to principal payments.

Construction commitments at June 30, 2014 totaled \$125 million for the governmental activities of the Government and \$106 million for the Department of Water and Sewerage Services.

The Government maintains an "AA" rating from Standard & Poor's and "Aa2" from Moody's for general obligation debt.

The Government maintains an "AA-" rating from Standard & Poor's and "Aa3" from Moody's for the revenue debt of the Department of Water and Sewerage Services.

The ratio of general long-term debt (defined as gross debt less debt service monies available and less debt to be repaid from sources other than property taxes) to the actual value of property is 3.26%, and the amount of net debt per capita is \$3,261.

Additional information on the Government's long-term debt can be found in Note 6 beginning on page B-59 of this report.

**Commercial paper** – In August 2003, the Government instituted a general obligation commercial paper program to provide interim or short-term financing for various authorized capital projects. In November 2009, the Government instituted a Water and Sewer revenue bond commercial paper program to provide interim and short-term financing for various authorized capital projects of the Department of Water and Sewerage Services. Commercial paper obligations of \$200 million outstanding at June 30, 2014 were subsequently rolled over into new commercial paper obligations and are considered short-term liabilities of the appropriate capital projects and proprietary funds.

## **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

The most recent (August 2014) unemployment rate for the Nashville combined statistical area is 6.2%. The state's and nation's unemployment rates are 7.4% and 6.1%, respectively. The budget for the 2015 fiscal year reflects a balanced budget inclusive of the use of accumulated fund balance. For more comprehensive information on the Metropolitan Government's approved budget for the 2015 fiscal year, the budget ordinance, the budget book as well as other documents are available at [www.nashville.gov](http://www.nashville.gov).

## **OTHER MATTERS**

Governmental Accounting Standard Board Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions (OPEB), requires governments to account for and report their costs and obligations related to post employment healthcare and other nonpension benefits. At June 30, 2014, the unfunded accrued liability for these benefits for general government employees was \$2 billion, and the unfunded accrued liability for teachers was \$425 million. These benefits are currently funded on a pay-as-you-go basis and, as a result, the government recognized an increase in net OPEB obligations totaling \$135 million in the government-wide statements of net position and activities. Additional information can be found in Note 8 beginning on page B-88 of this report.

On November 7, 2006, voters approved a ballot initiative prohibiting the Metropolitan Council from raising real property tax rates above the rate at that time, which was \$4.69, without the approval of the voters in a referendum. Prior to the adoption of the ballot initiative, the Metropolitan Council was authorized to set the real property tax rate without any requirement of voter approval. The Government's legal department has issued a memo stating that the approved initiative violates the Tennessee Constitution because it places the power to set property tax rates with voters, rather than with the Metropolitan Council, as prescribed by the Constitution. However, the Government cannot predict whether there will be a court challenge as to the constitutionality of the approved initiative. If there is a challenge, the Government cannot predict the timing or be certain of the outcome of any court challenge as to the constitutionality of the approved initiative.

## **REQUESTS FOR INFORMATION**

This financial report is designed to provide a general overview of the Government's finances for citizens, taxpayers, customers, investors, creditors and all others with an interest in the Government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be forwarded to the Department of Finance, Division of Accounts, at [cafr@nashville.gov](mailto:cafr@nashville.gov).

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY  
RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET POSITION  
GOVERNMENTAL FUNDS

June 30, 2014

Fund balances - total governmental funds	\$	136,659,682
<p>Amounts reported for governmental activities in the Statement of Net Position are different from amounts reported for governmental funds in the Balance Sheet because:</p>		
<p>Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.</p>		
Capital assets		4,244,316,612
Less accumulated depreciation		(878,751,093)
<p>Net pension assets are not financial resources and therefore are not reported in the governmental funds.</p>		
		6,331,490
<p>Noncurrent assets related to the fair value of fuel hedges are not financial resources and therefore not reported in the governmental funds.</p>		
		145,429
<p>Deferred inflows related to the fair value of derivative financial instruments are not financial obligations and therefore not reported in the governmental funds.</p>		
		(2,854,400)
<p>Loss contingencies that are probable and reasonably estimable are not financial obligations and therefore not reported in governmental funds.</p>		
		(3,871,108)
<p>Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds.</p>		
Bonds payable		(2,169,254,899)
Qualified zone academy notes payable		(2,901,965)
Qualified school construction bond loan payable		(45,337,266)
Less deferred charge on refunding		150,011,888
Add net bond premium/discount		(277,544,667)
Accrued interest payable		(48,396,328)
Unamortized swaption proceeds		(2,043,942)
Net pension obligation		(98,584,655)
Net other postemployment benefits obligation		(1,054,905,000)
Compensated absences		(79,732,145)
Claims and judgments		(5,043,448)
Landfill closure costs		(9,252,416)
Fair value of derivative financial instruments		(10,698,568)
<p>Certain deferred inflows reported in the governmental funds are recognized as revenues in the governmental activities.</p>		
		41,612,427
<p>Internal service funds are used by management to charge the costs of certain activities to individual funds. The assets and liabilities of the internal service funds less those allocated to business-type activities are included in governmental activities.</p>		
		197,207,907
Net position - governmental activities	\$	87,113,535

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY  
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN  
 FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended June 30, 2014

Net change in fund balances - governmental funds \$ (286,975,227)

Amounts reported for governmental activities in the Statement of Activities are different from amounts reported for governmental funds in the Statement of Revenues, Expenditures and Changes in Fund Balances, because:

Governmental funds report capital outlays as expenditures. However, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense for governmental activities.

Acquisition of capital assets that meet criteria for capitalization	202,968,322
Depreciation expense	(70,443,316)

Donations of capital assets increase net position for governmental activities, but do not appear in the governmental funds because they are not financial resources.	42,636,535
--	------------

The gain or loss on the sale of capital assets is reported for governmental activities, whereas in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balances by the net book value of the capital assets sold.	(520,881)
---	-----------

Changes in net pension assets increase or decrease net position for governmental activities, but do not appear in the governmental funds because they are not current financial resources.	28,060
--	--------

Changes in loss contingencies that are probable and reasonably estimable increase or decrease net position for governmental activities, but do not appear in the governmental funds because they are not current financial obligations.	(3,871,108)
---	-------------

Bond proceeds provide current financial resources to governmental funds, but the issuance of debt increases long-term liabilities for governmental activities. Repayment of bond principal is an expenditure in the governmental funds but reduces long-term liabilities for governmental activities. Also, governmental funds report the effect of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized for governmental activities.

Principal repayments	97,320,344
Amortization of deferred charge on refunding	(14,177,792)
Amortization of premium/discount	23,665,268
Change in accrued interest	(9,110,514)

The accompanying notes are an integral part of this financial statement.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN  
FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES (CONTINUED)

For the Year Ended June 30, 2014

Swaption proceeds provide current financial resources to governmental funds, but the issuance of swaptions increases long-term liabilities for governmental activities. Also, these proceeds are amortized for governmental activities.

Amortization of swaptions	\$ 172,727
---------------------------	------------

Some expenses reported for governmental activities do not require the use of current financial resources and therefore are not reported as expenditures for governmental funds.

Net pension obligation	(9,539,409)
Net other postemployment benefits obligation	(135,497,000)
Compensated absences	5,465,575
Claims and judgments	(464,448)
Landfill closure costs	260,141

Some revenues for governmental activities do not provide current financial resources and are not reported as revenues for governmental funds.	(5,613,468)
---	-------------

Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue (expense) of the internal service funds less those allocated to business-type activities are included in governmental activities.	<u>40,873,342</u>
--	-------------------

Change in net position - governmental activities	<u><u>\$ (122,822,849)</u></u>
--	--------------------------------

The accompanying notes are an integral part of this financial statement.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Metropolitan Government of Nashville and Davidson County (the Government) operates under a metropolitan form of government and provides the following services as authorized by its charter: public safety (police and fire), highways and streets, sanitation, health and social services, education, culture and recreation, public improvements, planning and zoning and general administrative services.

The accounting policies of the Government conform to accounting principles generally accepted in the United States of America as applied to governmental units. The following is a summary of the most significant policies:

**A. Reporting Entity**

The financial statements of the Government present the primary government and its component units. The component units discussed below are included in the Government's reporting entity because of the significance of their operational or financial relationships with the Government. Each discretely presented component unit is reported separately in the basic financial statements to emphasize that it is legally separate from the Government.

The financial statements of the following component units have been discretely presented:

The **Nashville District Management Corporation** was established in 1998 to administer special assessment revenue collected by the Government for the benefit of the Central Business Improvement District (CBID). The Corporation's duties and responsibilities are defined in a memorandum of agreement with the Government and include, but are not limited to, providing services for improvement and operation of the CBID through security enhancement, downtown marketing, and improving downtown beautification, sanitation and maintenance. The original agreement was one year, renewable annually by mutual notification by each party to the other. The agreement may be terminated by the Government upon thirty days notice. The Corporation is a legally separate entity which is closely related to and fiscally dependent on the Government as the Government levies the CBID taxes and approves the CBID tax rate. These taxes represent substantially all of the Corporation's revenue. Complete financial statements of the Corporation can be obtained from its offices at Accounting Office, 211 Commerce Street, Suite 100, Nashville, TN 37201.

The **Gulch Business Improvement District, Inc.** (GBID, Inc.) was established in 2006 to administer special assessment revenue collected by the Government for the benefit of the Gulch Business Improvement District (GBID). GBID, Inc.'s duties and responsibilities are defined in the legislation approved by the Metropolitan Council creating the entity and include, but are not limited to, providing services for improvement and operation of the GBID such as promotion and marketing, security, sanitation, and aesthetic enhancements. GBID, Inc. is a legally separate entity which is closely related to and fiscally dependent on the Government as the Government levies the GBID taxes and approves the GBID tax rate. These taxes represent substantially all of GBID, Inc.'s revenue. Complete financial statements of GBID, Inc. can be obtained from its offices at 138 Second Avenue North, Suite 300, Nashville, TN 37201.

The **Sports Authority** was established in 1995 to act as the financing and building authority for both the Nashville arena and stadium. The Sports Authority administers and manages these facilities and sports projects for the Government. The Government is responsible for the annual funding for both the Nashville arena and stadium. The underlying credit for the Sports Authority Revenue bonds is a pledge on the non-tax revenues of the Government's General Fund, and the Government is required to approve debt issuances of the Sports Authority. The members of the Sports Authority's Board are all appointed and can also be removed by the Government. The Sports Authority does not issue separate financial statements. A Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances for its only fund are included in the Component Units section with reconciliations of those statements to the Statement of Net Position – Component Units and Statement of Activities – Component Units included in the basic financial statements.

The **Industrial Development Board** (the IDB) assists private businesses within Davidson County in obtaining public financing through the issuance of bonds. The members of the IDB are appointed and can be removed by the Government. All debt of the IDB is considered conduit debt and is issued in the name of the Government. The IDB does not issue separate financial statements. A Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances for its only fund are included in the Component Units section. There are no reconciling items between those statements and the Statement of Net Position – Component Units and Statement of Activities – Component Units included in the basic financial statements.

The **Hospital Authority** operates General Hospital (a full service medical facility) and Bordeaux Long Term Care (a long-term care facility) for the residents of Nashville and Davidson County. The Hospital Authority was created in March 1999 to operate both entities, which were previously accounted for as enterprise funds of the Government. The members of the Hospital Authority Board are all appointed and can also be removed by the

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Government. The Government approves and can modify the annual operating budget of each entity. Hospital Authority land and buildings and improvements are titled in the Government's name. Both entities are financially dependent on contributions from the Government's General Fund. Complete financial statements for each entity can be obtained by writing to the Hospital Authority at 1818 Albion Street, Nashville, TN 37208.

The **Metropolitan Development and Housing Agency** operates public housing facilities for the inhabitants of Nashville and Davidson County. The members of the Agency's Board of Commissioners are all appointed and can also be removed by the Government. The Agency receives incremental taxes that result from tax increment financing arrangements on numerous development projects. These property taxes paid to the Agency are considered financial support by the Government. Complete financial statements of the Agency can be obtained by writing P. O. Box 846, Nashville, TN 37202.

The **Electric Power Board** operates and regulates an electric power system for the purpose of supplying electricity for public property and for resale to consumers. The members of the Board of Directors are all appointed and can also be removed by the Government. The Government is required to approve debt issuances of the Board. Complete financial statements of the Board can be obtained from its administrative offices at 1214 Church Street, Nashville, TN 37246.

The **Metropolitan Transit Authority** operates and regulates the public mass transit system in Nashville and Davidson County. The members of the Authority's Board of Directors are all appointed and can also be removed by the Government. The Authority is financially dependent on the Government. Complete financial statements of the Authority can be obtained from its administrative offices at 430 Myatt Drive, Nashville, TN 37115.

The **Metropolitan Nashville Airport Authority** operates the Nashville International and John C. Tune Airports. The members of the Airport Authority's Board of Directors are all appointed and can also be removed by the Government. Complete financial statements of the Airport Authority can be obtained from its administrative offices at One Terminal Drive, Nashville, TN 37214.

The **Emergency Communications District** secures funding for efficient emergency services to the public. The members of the District's Board of Directors are all appointed and can also be removed by the Government. The District also provides equipment for the Government's use in emergency services. Complete financial statements of the District can be obtained from its administrative offices at 2060 15<sup>th</sup> Avenue South, Nashville, TN 37212.

The **Convention Center Authority** is a public, nonprofit corporation and public instrumentality of the Government formed in August 2009, and was responsible for the acquisition, development and construction of a new convention center – the Music City Center – and is responsible for the operation of the completed facility. The Convention Center Authority is also responsible for the management and operation of the original Nashville Convention Center. Because the assets of the Nashville Convention Center are owned by the Government, its Statement of Net Position, Statement of Revenues, Expenses and Changes in Net Position, and Statement of Cash Flows are presented as a proprietary fund of the Government. The members of the Convention Center Authority's Board of Directors are all appointed and can be removed by the Government. Complete financial statements of the Convention Center Authority can be obtained from the Department of Finance, Financial Operations, PO Box 196300, Nashville, TN 37219.

All discretely presented component units have a June 30 fiscal year end with the exception of the Metropolitan Development and Housing Agency with a September 30 year end, and the Nashville District Management Corporation and Gulch Business Improvement District, Inc., both with a December 31 year end.

The separately issued financial statements for the component units contain additional note disclosures that are not considered essential to the fair presentation of the Government's basic financial statements and have therefore been excluded from these notes to the financial statements in the Government's Comprehensive Annual Financial Report for the year ended June 30, 2014.

The primary government includes \$4,435,011 due from component units and \$15,371,080 due to component units in the Statement of Net Position. The component units include \$4,435,011 due to the primary government and \$15,371,080 due from the primary government. Additionally, the component units include \$7,724,493 due from component units and zero due to component units; the difference is attributable to transactions between Sports Authority and Metropolitan Development and Housing Agency subsequent to the Agency's year-end.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**B. Accounting Pronouncements**

The Government adopted GASB Statement No. 66, Technical Corrections – 2012 – an amendment of GASB Statements No. 10 and No. 62, required for fiscal periods beginning after December 15, 2012, in fiscal 2014. This Statement improves accounting and financial reporting by resolving conflicting guidance that resulted from the issuance of Statements No. 54 and No. 62.

The Government adopted GASB Statement No. 67, Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25, required for fiscal periods beginning after June 15, 2013, in fiscal 2014. This Statement improves financial reporting by state and local government pension plans.

The Government plans to adopt GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, required for fiscal periods beginning after June 15, 2014, in fiscal 2015. This Statement improves accounting and financial reporting by state and local governments for pensions.

The Government plans to adopt GASB Statement No. 69, Government Operations and Disposals of Government Operations, required for fiscal periods beginning after December 15, 2013, in fiscal 2015. This Statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations.

The Government adopted GASB Statement No. 70, Accounting and Financial Reporting for Nonexchange Financial Guarantees, required for fiscal periods beginning after June 15, 2013, in fiscal 2014. This Statement improves accounting and financial reporting by state and local governments that extend and receive nonexchange financial guarantees.

The Government plans to adopt GASB Statement No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – an amendment of GASB Statement No. 60, required for fiscal periods beginning after June 15, 2014, in fiscal 2015. This Statement improves accounting and financial reporting by state and local governments for pensions by addressing an issue in Statement No. 68 concerning transition provisions related to certain pension contributions made to defined benefit pension plans prior to implementation of that Statement.

Unless otherwise noted, management is in the process of determining the effects that the adoption of these Statements will have on the Government's financial statements.

**C. Government-Wide and Fund Financial Statements**

The government-wide financial statements (i.e., Statement of Net Position and Statement of Activities) report information on all of the non-fiduciary activities of the Government and its component units. Except for interfund services provided and used, all material interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The **Statement of Net Position** presents the Government's non-fiduciary assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Net position is reported in three categories:

**Net investment in capital assets** consists of capital assets, net of accumulated depreciation and reduced by outstanding debt that is attributable to the acquisition, construction and improvement of those assets.

**Restricted net position** consists of restricted assets reduced by liabilities and deferred inflows of resources related to those assets.

**Unrestricted net position** consists of net position which does not meet the definition of the two preceding categories.

The **Statement of Activities** demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements; nonmajor funds are combined in a single column.

**D. Measurement Focus, Basis of Accounting and Financial Statement Presentation**

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary and pension (and other employee benefit) trust fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year in which the levy is assessed. Grants and similar items are recognized as revenue as soon as all eligibility requirements have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period or up to one year for grant revenues. Property taxes, sales taxes, franchise taxes, licenses, interest and grant revenues associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as receivables in the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the Government. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to sick pay, compensated absences and other long-term commitments and contingencies are recorded only when payment is due.

Agency fund financial statements report only assets and liabilities and accordingly have no measurement focus. However, they do use the accrual basis of accounting to recognize receivables and payables.

Amounts reported as **program revenues** include 1) charges to customers for goods, services or privileges provided and fines and forfeitures, 2) operating grants and contributions and 3) capital grants and contributions. Amounts reported as **general revenues** include 1) all taxes, 2) unrestricted revenues from the use of money or property, 3) unrestricted revenues from other governmental agencies and 4) compensation for loss, sale or damage of property.

Expenses reported by function include **direct expenses** that are specifically associated with a service or program and are clearly identifiable to a particular program. Some functions, such as general government and fiscal administration, include expenses that are in essence **indirect expenses** of other functions. The Government has elected not to charge these indirect expenses to other functions.

Proprietary funds distinguish **operating** revenues and expenses from **nonoperating** items. Operating revenues and expenses generally result from providing services and producing and delivering goods and services in connection with the fund's principal ongoing operations and consist primarily of charges to customers or departments, cost of sales and services, administrative expense and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the Government's policy to use restricted resources first, then unrestricted resources as they are needed.

The Government reports the following major governmental funds:

The **General Fund** is the Government's primary operating fund which is used to account for all financial resources of the general operations of the Government, except those required to be accounted for in another fund.

The **General Purpose School Fund** is used to account for the receipt and disbursement of federal, state and local funds for education purposes, except those required to be accounted for in another fund.

The **GSD General Purposes Debt Service Fund** is used to account for the accumulation of resources and the payment of principal and interest for the General Services District general obligation debt.

The **GSD School Purposes Debt Service Fund** is used to account for the accumulation of resources and the payment of principal and interest for the debt related to schools.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

The **USD General Purposes Debt Service Fund** is used to account for the accumulation of resources and the payment of principal and interest for the Urban Services District general obligation debt.

The **GSD Capital Projects Fund** is used to account for the use of bond proceeds for the construction and equipping of various public projects in the General Services District.

The **Education Capital Projects Fund** is used to account for the use of bond proceeds for the construction and equipping of various school facilities.

The **USD Capital Projects Fund** is used to account for the use of bond proceeds for the construction and equipping of various public projects in the Urban Services District.

The Government reports the following major enterprise funds:

The **Department of Water and Sewerage Services** provides services to customers on a self-supporting basis utilizing a rate structure designed to produce revenues sufficient to fund debt service requirements, operating expenses and adequate working capital.

The **District Energy System** provides heating and cooling services to the Government and downtown businesses. The System is managed by a third party and is self-supporting by utilizing a rate structure designed to fund debt service requirements, pay for operating expenses and generate adequate working capital.

Additionally, the Government reports the following fund types:

**Internal service funds** are used to account for the operations of self-sustaining agencies rendering services to other agencies of the Government on a cost reimbursement basis. For the year ended June 30, 2014, these services include fleet management, information systems, radio maintenance, insurance, postal services, treasury management, general services and printing.

**Pension (and other employee benefit) trust funds** are used to account for assets and liabilities held by the Government in a fiduciary capacity to provide retirement and disability benefits for employees and retirees.

**Agency funds** are used to account for assets held by elected officials as agents for individuals, collections by the Government due to the purchasers of certain outstanding property tax receivables, funds held by the Sheriff's Department for inmates, and funds held by the Planning Commission for performance bonds for contractors.

**E. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity**

Cash and cash equivalents – Cash and cash equivalents include amounts in demand deposits and highly liquid short-term investments with maturity dates within three months of the date of acquisition and other available pooled funds. The cash and cash equivalents of various funds and component units of the Government are invested in pooled accounts. Funds or component units with negative cash and cash equivalents report the negative amount as due to other funds of the primary government or due to component units, and the funds or component units lending funds report an offsetting due from other funds of the primary government or due from component units. Investment income earned on funds invested in pooled accounts is allocated to the respective funds and component units on the basis of relative balances.

Investments – Investments, except in the pension funds, consist primarily of U.S. Government securities and are stated at fair value. Pension fund investments, which also include common stocks, bonds and U.S. Government and other domestic and foreign securities, are stated at quoted fair value at June 30, 2014. The Government and certain component units also invest in the Tennessee Local Government Investment Pool which is maintained and managed by the State of Tennessee. This Pool is not registered with the Securities and Exchange Commission (SEC) but does operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. Accordingly, the Government's investments in the Pool have been determined based on the Pool's share price. Investment income consists of realized and unrealized appreciation or depreciation in the fair value of assets. Investment income of the capital projects funds is reported in those funds and is transferred to the debt service funds after arbitrage calculations, as applicable.

Inventories – Inventories, principally materials, supplies and replacement parts, are valued at cost in governmental fund statements and at the lower of cost or market in the government-wide and proprietary fund statements, with cost determined using the first-in, first-out, moving weighted average or average cost method. Inventory items are recorded as expenditures when used under the consumption method.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Capital assets – Capital assets, which include property, plant, equipment and infrastructure assets, are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are generally defined as assets with an individual cost in excess of \$5,000 and a useful life in excess of one year. Such assets are recorded at historical cost at the time of acquisition. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Net interest cost incurred during the construction of facilities is capitalized as part of the cost of such facilities for business-type activities. Capitalized interest totaled \$2,103,026 for the year ended June 30, 2014.

Depreciation is provided using the straight-line method over the estimated useful lives of the respective assets. The estimated useful lives are as follows:

Utility plant in service	7	-	100	years
Buildings and improvements	3	-	50	years
Improvements other than buildings	20	-	100	years
Furniture, machinery and equipment	3	-	50	years
Stormwater infrastructure			50	years

The Government has elected to use the “modified approach” to account for certain infrastructure assets as provided by GASB Statement No. 34. Under this approach, depreciation expense is not recorded nor are amounts capitalized in connection with improvements to these assets unless they expand capacity. Utilization of this approach requires that the Government 1) have an up-to-date inventory of assets, 2) perform condition assessments and summarize the results using a measurement scale, 3) estimate each year the annual amount to maintain and preserve the assets at the condition level established and disclosed by the Government and 4) document that the assets are being preserved approximately at (or above) the condition level established and disclosed. Roads and bridges are accounted for using the modified approach.

Property under capital leases is stated at the lower of the present value of minimum lease payments or the fair market value at the inception of the lease. Once placed in use, such property is amortized using the straight-line method over the remaining lease term.

The Government maintains certain collections of art which have not been capitalized as they are 1) held for public exhibition, education, or research in furtherance of public service rather than financial gain, 2) protected, kept unencumbered, cared for and preserved and 3) subject to policy that requires the proceeds from any sales of collection items to be used to acquire other items for the collection.

Deferred outflows of resources – In addition to assets, the Statements of Net Position will sometimes report a separate section for deferred outflows of resources. *Deferred outflows of resources* represent a consumption of net position that applies to a future period and so will not be recognized as an outflow of resource (expense) until then. The *deferred charge on refunding* results from the difference in the carrying value of refunded debt and its reacquisition price. The amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

Claims payable – Losses for claim liabilities are reported in the self-insurance funds for claims payable from those funds. Claims payable include reported claims and an estimated liability for claims incurred but not reported at June 30, 2014. The claims liabilities are based on the estimated cost of settling the claim, including nonincremental claim adjustments, using past experience and adjusting for current conditions. Losses for uninsured judgments against the Government payable from governmental funds not expected to be liquidated with expendable available resources are reported in the applicable governmental activities in the Statements of Net Position and Activities.

Compensated absences – General policy of the Metropolitan Civil Service Commission permits the accumulation, within certain limitations, of unused vacation days and sick leave. Vacation days may accumulate to an amount equal to three times the current annual vacation accrual rate. Although sick pay may accumulate, no amounts are vested in the event of employee termination. Unused earned vacation pay that is due and payable, such as after employees' resignations or retirements, is reported in the governmental funds. Accumulated unpaid vacation pay related to governmental fund type operations that has not been used is reported in the applicable governmental activities in the Statements of Net Position and Activities, but is not a governmental fund liability, because it is not expected to be liquidated with expendable available resources. Accumulated unpaid vacation pay related to proprietary fund type operations is reported as a liability in the appropriate individual proprietary funds.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

The policy of the Metropolitan Nashville Public Schools allows employees to accumulate sick leave without limitation. In addition, the Board allows vesting of accumulated sick leave depending on length of service beyond 15 years. Vested sick leave for Metropolitan Nashville Public Schools employees is reported in the applicable governmental activity in the Statements of Net Position and Activities, but is not a governmental fund liability, because it is not expected to be liquidated with expendable available resources. Accumulated unpaid vacation pay related to proprietary fund type operations is reported as a liability in the appropriate individual proprietary funds.

Arbitrage rebates – For the governmental funds, arbitrage rebates due to the federal government under the Internal Revenue Code of 1986, as amended, for excess earnings on invested proceeds of tax exempt securities are reported as a liability in the Statements of Net Position and Activities and as a commitment of fund balance in the Balance Sheet - Governmental Funds. For proprietary funds (including component units) any such rebates are reflected as liabilities in the appropriate individual proprietary funds.

Landfills – State and federal laws and regulations require the Government to place a final cover on all its landfill sites when they stop accepting waste, and to perform certain maintenance and monitoring functions at the sites for thirty years after closure. Although closure and postclosure care costs will be paid only near, or after, the date the landfill stops accepting waste, the Government is required to report a portion of these closure and postclosure care costs as an expense in the government-wide financial statements. This expense is based on landfill capacity used at the reporting date. The current year expenditures of the landfills are reported in the Solid Waste Operations Fund, a nonmajor governmental fund, in the Governmental Funds section of this report. The long term liability and expense are reported in the Statements of Net Position and Activities. The total liability for landfill purposes is \$9,252,416.

Bordeaux Sanitary Landfill – This landfill has stopped accepting solid waste, and closure procedures are 100% complete. Estimated postclosure costs of \$5,705,087 are included in the long-term liability.

Metro Thermal Ash Landfill – This landfill has stopped accepting solid waste, and closing procedures are 100% complete. Estimated postclosure costs of \$1,213,364 are included in the long-term liability.

Due West Landfill – This landfill has stopped accepting waste, and closing procedures are 100% complete. Estimated postclosure costs of \$1,592,912 are included in the long-term liability.

Lebanon Road Landfill – This landfill has stopped accepting waste, and closing procedures are 100% complete. Estimated postclosure costs of \$741,053 are included in the long-term liability.

These estimates are based on an independent evaluation of the cost to perform all closure and care. Actual costs may be higher due to inflation, changes in technology or changes in regulations. Closure and care financial requirements are expected to be met by the operations of the Solid Waste Operations Fund. To the extent the Solid Waste Operations Fund operations create a deficit, the General Fund is required to fund its operations.

Bond premiums and discounts – In the governmental funds, bond premiums and discounts are treated as other financing sources or uses or expenditures in the year of issue. In the government-wide and proprietary fund statements, bond premiums and discounts are deferred and amortized over the term of the related bonds.

Derivative financial instruments – Derivative financial instruments consist of interest rate swap agreements and fuel hedging agreements and are accounted for at fair value in accordance with GASB Statement No. 53, Accounting and Financial Reporting for Derivative Instruments. The Government analyzes its derivative financial instruments into hedging derivative instruments and investment derivative instruments. If a derivative is classified as a hedging derivative instrument, changes in its fair value are deferred on the Statement of Net Position as either deferred inflows or deferred outflows. If a derivative is classified as an investment derivative instrument, changes in its fair value are reported on the Statement of Activities in the period in which they occur.

Deferred inflows of resources – In addition to liabilities, the Balance Sheets and Statements of Net Position will sometimes report a separate section for deferred inflows of resources. *Deferred inflows of resources* represent an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resource (revenue) until that time. The *unavailable revenue* reported in the Balance Sheet, which arises under a modified accrual basis of accounting, represents amounts that are deferred and recognized as an inflow of resources in the periods that the amounts become available. The *assessed and unlevied property taxes* reported in the Statement of Net Position, arises from imposed nonexchange revenues (property taxes) which are assessed prior to the end of the fiscal year but levied in the subsequent year. The *interest rate swap*, which relates to an interest rate swap agreement, and the *effective portion of fuel hedging*, which relates to the Government's fuel hedging program, are considered to be hedging derivatives. Changes in the fair market value of hedging derivatives are reported as deferred inflows or outflows of resources.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Fund balances – Restricted fund balances are amounts that can only be used for specific purposes pursuant to constraints imposed by external parties such as creditors or grantors or by law through constitutional provisions or enabling legislation. Committed fund balances are amounts that can only be used for specific purposes pursuant to constraints imposed by formal legislative action of the Metropolitan Council, the Government's highest level of decision-making authority. Committed fund balances are established and can only be modified or rescinded by resolution approved by the Metropolitan Council. Assigned fund balances are amounts intended to be used for specific purposes as designated by management of the Finance Department of the Government. The Metropolitan Council has by ordinance authorized the Finance Director to assign fund balance. The Metropolitan Council may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally exist temporarily; no additional action is required for the removal of an assignment. Unassigned fund balance is the residual classification for the General Fund and negative fund balances in other governmental funds. When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance are available, the Government considers restricted amounts to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balance amounts are available, the Government considers committed fund balance to have been spent first, followed by assigned, then unassigned. Per the Tennessee Code Annotated 49-3-352, the General Purpose School Fund is required to maintain a fund balance in excess of three percent of budgeted operating expenditures.

**F. Revenues, Expenditures and Expenses**

Grants – The Government receives grant revenues from various federal, state and non-profit agencies. The Government reports capital contributions, including capital grants, in the Statement of Revenues, Expenses and Changes in Fund Net Position – Proprietary Funds as a separate line item after non-operating revenues and expenses. In the Statement of Activities, capital grants and contributions are presented as program revenues.

Pass-through grant proceeds – Capital and operating grant amounts received on behalf of secondary recipients are reported in agency funds.

Unbilled revenues – Revenues from the Department of Water and Sewerage Services are recognized from meters read on a monthly cycle basis. At the end of each month, an estimate of service rendered from the latest date of each meter-reading cycle to month end is accrued and included in accounts receivable.

Property taxes – The Government's property taxes are levied for the current fiscal year each September 1 on the assessed value listed as of the prior January 1 for all real and personal property located in Nashville and Davidson County. Property taxes are secured by a statutory lien effective as of the original assessment date of January 1 and as such an enforceable legal claim to the subsequent fiscal year levy exists at fiscal year end. In accordance with state law, the real property assessment includes supplemental assessments made through September 1 for improved, demolished or damaged property.

Assessed values are established by the State of Tennessee at the following percentages of assessed market value:

- Public utility property	55%	(Railroads and certain telecommunication services at 40%)
- Industrial and commercial property		
- Real	40%	
- Personal	30%	
- Farm and residential property	25%	

Taxes are levied at a rate of \$3.924 per \$100 of assessed value for the entire metropolitan area (General Services District) with an additional tax of \$.592 per \$100 of assessed value levied upon properties within the Urban Services District.

Payments are due by February 28 of the following year and are delinquent on March 1. Property taxes receivable have been included in the Balance Sheet – Governmental Funds with offsetting deferred inflows to reflect amounts not available at June 30, 2014. Amounts available at June 30, 2014 have been recorded as revenue in the governmental fund statements. Current tax collections of \$863,883,378 for the fiscal year ended June 30, 2014 were approximately 99% of the tax levy.

Of the \$898,538,149 property tax receivable, \$883,249,247 represents the 2015 property taxes which have been assessed but not yet levied and recorded as required by GASB Statement No. 33, Accounting and Financial Reporting for Nonexchange Transactions.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**G. Estimates**

Estimates used in the preparation of financial statements require management to make assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

**NOTE 2 – RESTATEMENT OF NET POSITION**

The Department of Water and Sewerage Services acquired the operations of the Old Hickory Utility District effective July 1, 2013, including assumption of its outstanding assets and liabilities. The Department has restated its beginning net position to reflect this transaction. The impact on the financial statements was an increase in beginning net position as follows:

	Statement of Activities <hr/> Business-type Activities	Statement of Revenues, Expenses, and Changes in Net Position <hr/> Proprietary Funds
Net position - beginning of year, as previously reported	\$ 1,320,752,660	\$ 1,351,682,323
Net effect of acquisition of Old Hickory Utility District	<hr/> 4,312,031	<hr/> 4,312,031
Net position - beginning of year, as restated	<hr/> <u>\$ 1,325,064,691</u>	<hr/> <u>\$ 1,355,994,354</u>

**NOTE 3 – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**A. Compliance With Finance Related Legal and Contractual Provisions**

Management believes that the Government has no material violations of finance related legal and contractual provisions as of June 30, 2014.

**B. Budgets and Budgetary Accounting**

The Government's procedures in establishing the budget as reflected in the basic financial statements are as follows:

1. The Director of Finance annually obtains information from all officers, departments, boards, commissions and other agencies of the Government for which appropriations are made and/or revenues are collected and compiles the annual operating budget for the ensuing fiscal year beginning July 1. The compiled information, including various expenditure options and the means of financing them, is submitted to the Mayor for review.
2. The Mayor, with the assistance of the Department of Finance, determines the programs to be recommended to the Metropolitan Council, the expenditures proposed to operate those programs and the revenue changes needed to fund those expenditures. That information is compiled into a balanced operating budget which is submitted to the Metropolitan Council by May 1.
3. Copies of the Mayor's proposed budget and budget message are distributed to interested persons, and a summary of the budget is published in the area daily newspaper. The budget is a public record open for public inspection.
4. The Metropolitan Council's Budget and Finance Committee holds hearings with the officers, departments, boards, commissions and other agencies to explore the impact of the recommended operating budget and to explore other departmental budget options. In addition, advertised public hearings are held to obtain taxpayers' comments prior to final passage.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

5. The budget is legally enacted effective July 1 through passage of an ordinance by the Metropolitan Council. In no event shall the total appropriations for any fund included in the budget exceed the estimated revenues and fund balance.
6. The amounts in the adopted operating budgets for each organizational unit, purpose or activity constitute the annual appropriation for such items, and no expenditure can be made which will result in the annual appropriation being exceeded unless an additional appropriation is made.
7. The Metropolitan Council may make appropriations in addition to those contained in the current operating budgets, but any such additional appropriations may be made only from an existing unappropriated surplus in the fund to which it applies.
8. The Mayor may transfer the available balance of any appropriation for any purpose to the appropriation for any other purpose within the same department or by resolution approved by the Metropolitan Council, the available balance of any appropriation may be transferred to another appropriation within the same section of the budget and within the same fund.
9. All available balances of appropriations in the current operating budget lapse into the fund balance of the fund or funds from which the appropriations were originally made at the end of the fiscal year. Encumbrances do not lapse at the end of the fiscal year. Appropriations for the subsequent year will provide authority to complete these transactions.

The Government is legally required to prepare, and the Metropolitan Council is required to approve, the annual budgets of the General Fund, the General Purpose School Fund, and the GSD General Purposes, GSD School Purposes and USD General Purposes Debt Service Funds. In preparing the budgets, the Government utilizes generally accepted accounting principles (GAAP) for all legally required budgeted funds.

In accordance with Article 6 of the Metropolitan Charter, the Annual Operating Budget of the Government for the fiscal year 2014-2015 was submitted to the Metropolitan Council and subsequently approved by Substitute Bill Number BL 2014-774. Fund balance resources at June 30, 2014 have been assigned to the 2014-2015 fiscal year operating budget as follows:

General Services District General Fund	\$ 26,627,700
Urban Services District General Fund	5,397,100
General Purpose School Fund	38,005,000
Urban Services District General Purposes Debt Service Fund	2,436,000

Encumbrances – Information regarding encumbrances is available to assist in the management of commitments against appropriations. Encumbrance accounting is utilized for budgetary control purposes. Encumbrances, however, are not treated as expenditures in the basic financial statements. Outstanding encumbrances for the governmental funds at June 30, 2014 were as follows:

	<u>Outstanding Encumbrances</u>
General Fund	\$ 1,029,912
Special Revenue Funds:	
General Purpose School	1,663,775
Metropolitan Action Commission	3,748,500
General Fund 4% Reserve	3,560,825
Stormwater Grants	85,054
Flood 2010 Recovery	1,028,807
Education Services	4,514,995
Other Governmental Services	5,696,960
Capital Projects Funds:	
GSD Capital Projects	70,659,519
Education Capital Projects	43,587,189
USD Capital Projects	6,243,651

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**C. Deficit Balances and Excess Expenditures**

The following funds have deficit balances at June 30, 2014:

	Unassigned Fund Balance/ Unrestricted Net Position
Capital Project Funds:	
GSD Capital Projects	\$ (129,800,494)
Education Capital Projects	(35,111,726)
USD Capital Projects	(2,876,689)
Special Revenue Funds:	
Flood 2010 Recovery	(21,380,951)

The deficits in the GSD, Education, and USD Capital Project Funds will be funded by the future issuance of notes and bonds.

The deficit in the Flood 2010 Recovery Fund is expected to be funded by future revenues from the Federal and Tennessee Emergency Management Agencies (FEMA and TEMA). Certain flood-related expenditures continue to be on appeal with FEMA.

During the year ended June 30, 2014, the Government exceeded the budgeted level of expenditures at the department or significant line item level as follows:

Budgeted Unit	Budget	Actual	Variance
General Fund:			
General Services District:			
Employee Benefits:			
Employer's Contribution for Group Health Insurance	\$ 44,617,000	\$ 46,106,688	\$ (1,489,688)
Miscellaneous:			
Subsidies	40,098,300	40,311,522	(213,222)
Transfers Out:			
Fiduciary Funds	75,000	77,188	(2,188)
GSD General Purposes Debt Service Fund:			
Interest	54,699,700	60,370,364	(5,670,664)
Fiscal Charges	1,928,600	1,988,306	(59,706)
GSD School Purposes Debt Service Fund:			
Principal Retirement	33,142,000	36,778,471	(3,636,471)

Employer's Contribution for Group Health Insurance represents the employer portion of health and dental benefits for retirees, while the employer portion of active employees' health and dental benefits are budgeted in departmental budgets. The employer portion of all health and dental benefits for both active employees and retirees was under budget for the General Fund as a whole.

Subsidies are over budget due to increased collection of tax increments, which are remitted to the Metropolitan Development and Housing Agency.

Transfers Out to Fiduciary Funds were related to pension fund reimbursements that were included in specific departmental salary budgets.

Expenditures for the Debt Service Funds are not controlled on a line item basis. Also, interest in the GSD General Purposes Debt Service Fund is budgeted net of bond interest tax credits, which are reported as revenue. These funds are under budget as a whole.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**NOTE 4 – DEPOSITS AND INVESTMENTS**

**Primary Government**

The Government is authorized by policy to invest funds that are not immediately needed in: United States Treasury Bills, Bonds and Notes; The State of Tennessee Local Government Investment Pool (LGIP); the State of Tennessee Intermediate Term Investment Fund (ITIF); the First Tennessee Bank Advisors Short Investment Pool (FTB Short Pool); most bonds issued by U.S. Government Agencies and other investments such as repurchase agreements and commercial paper. The Government is authorized to invest in these instruments either directly or through the Metro Investment Pool (MIP). The Metro Investment Pool is invested in the LGIP, the ITIF, and the FTB Short Pool. Primary oversight for the LGIP and the ITIF rests with the State of Tennessee Funding Board. The LGIP and ITIF are similar to a SEC 2a-7 account (SEC designation). The ITIF and the FTB Short Pool are primarily invested in bonds issued by U.S. Government Agencies. The Government's amounts included in the LGIP and ITIF are reported at the fair value of its position in the LGIP or ITIF, which approximates the value of the shares at amortized cost. The Government's amounts in the FTB Short Pool are reported at fair value. The Metropolitan Employees' Benefit Trust is authorized to invest funds in accordance with the Statement of Investment Policy of the Investment Committee of the Government, which states that the Investment Committee may make investments it deems suitable for the Trust. Investments of the Teachers Retirement Plan are administered by the Administrative Retirement Committee of the Metropolitan Nashville Public Schools which adopted the Metropolitan Employees' Benefit Trust Statement of Investment Policy effective July 1, 2011.

**A. Deposits**

**Custodial credit risk** is the risk that in the event of a bank failure, the Government's deposits may not be returned to it. As of June 30, 2014, all deposits were insured or collateralized, as required by Government policy.

**B. Investments**

The majority of the Government's investments are managed as a part of the Metro Investment Pool. However, certain business-type activities and elected officials have limited investments that are managed under Separate Portfolios. Both the Metro Investment Pool and Separate Portfolio investments are administered according to the Investment Policy of the Government. Investments related to the Metropolitan Employees' Benefit Trust and the Teachers' Retirement Plan are administered under the Statement of Investment Policy adopted by their respective Committees.

As of June 30, 2014, the Government had the following investments:

<u>Investment Type</u>	<u>Fair Value</u>	<u>Total Portfolio Average Weighted Maturity (in Years)</u>
Metro Investment Pool:		
Tennessee Local Government Investment Pool	\$ 360,021,843	0.30
Tennessee Intermediate Term Investment Fund	201,109,807	2.14
First Tennessee Bank Advisors Short Investment Pool	<u>161,954,227</u>	2.93
Total Metro Investment Pool (a)	<u>\$ 723,085,877</u>	
Separate Portfolios:		
U.S. Treasuries (a)	\$ 51,095,077	(b)
U.S. Government Bonds	<u>3,913,092</u>	3.72
Total Separate Portfolios	<u>\$ 55,008,169</u>	

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY  
NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Investment Type	Fair Value	Total Portfolio Average Weighted Maturity (in Years)
Metropolitan Employees' Benefit Trust and Teachers' Retirement Plan:		
U.S. Government Agencies	\$ 55,225,614	14.17
Non U.S. Government Bonds	40,273,840	2.70
Common Collective Trust	41,524,462	(b)
Commercial Mortgage Backed Securities	28,987,926	3.99
Collateralized Mortgage Obligations - Government	13,437,964	1.92
Bank Loans	7,769,280	0.87

 Total Metropolitan Employees' Benefit Trust and Teachers' Retirement Plan	 <u>\$ 2,888,457,124</u>	

(a) These amounts are included in cash and cash equivalents in the financial statements.

(b) The investment types are not subject to interest rate risk. Therefore, average weighted maturity is not applicable.

**Interest rate risk** is the risk that changes in interest rates will adversely affect the fair value of an investment. The investment policies place no specific limit on the weighted average maturity of the Government's investment portfolios. However, the average maturity of the portfolios are monitored and managed so that the changing interest rates will cause only minimal deviations in the net asset value. As of June 30, 2014, the investments of the Government had average weighted maturities as noted on the preceding table.

**Credit risk** is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The Government's Investment Policy limits the majority of fixed income investments, other than short-term paper, at purchase to investment grade as established by one or more of the nationally recognized bond rating agencies.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Also, the use of futures, options and swaps is permitted as long as the particular investment manager's strategy or mandate allows it. As of June, 30, 2014, the investments of the Government had credit ratings as follows:

Investment Type	Credit Ratings								
	Fair Value	A	AA	AAA	B	BB	BBB	CC - D	Not Rated
Metropolitan Employees' Benefit Trust and Teachers' Retirement Plan									
U.S. Government Agencies	\$ 55,225,614	\$ 5,165,851	\$ 31,650,092	\$ -	\$ -	\$ -	\$ -	\$ -	\$ 18,409,671

**Concentration of credit risk** is the risk of loss attributed to the magnitude of the Government's investment in a single issuer. The Government's Investment Policy limits single issuer exposure to 5% except for the securities of the U.S. Government or its agencies. There is no single issuer that exceeds 5% of total investments at June 30, 2014.

**Custodial credit risk** is the risk that, in the event of a failure of the counterparty to a transaction, the Government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party. The Government does not have a policy with regard to custodial credit risk of investments. As of June 30, 2014, all investments were insured or registered or the securities were held by the Government or its agent in the Government's name.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**Foreign currency risk** is the risk that changes in exchange rates will adversely affect the fair value of an investment. As of June 30, 2014, no Metro Investment Pool or Separate Portfolio investments were held in foreign currency. The Investment Policy for the Metropolitan Employees' Benefit Trust and Teachers' Retirement Plan places no specific limits on investments in international markets; however, investments in international markets are targeted at 16% with a maximum exposure not to exceed 30% of the portfolios. As of June 30, 2014, the Government's exposure to foreign currency risk is as follows:

Base Currency	Fair Value
Common Stock:	
Australian dollar	\$ 7,373,103
British pound sterling	58,608,458
Canadian dollar	6,477,510
Danish krone	1,055,230
Euro	72,862,555
Japanese yen	24,533,726
Norwegian krone	10,126,637
Swedish krona	6,623,415
Swiss franc	15,052,498
	<hr/>
Total Common Stock	202,713,132
	<hr/>
Venture Capital and Partnerships:	
Euro	63,499,566
	<hr/>
Total Venture Capital and Partnerships	63,499,566
	<hr/>
Total Metropolitan Employees' Benefit Trust and Teachers' Retirement Plan	<u>\$ 266,212,698</u>

**C. Securities Lending Program**

The Metropolitan Employees' Benefit Trust (Trust) and Teachers' Retirement Plan (Plan) are authorized by the Metropolitan Charter and the Statement of Investment Policy to lend securities to brokerage firms on a temporary basis through their custodian bank, Bank of New York Mellon (Custodian). During the fiscal year, the Custodian lent the Trust securities and received cash, U.S. Government securities, and irrevocable letters-of-credit as collateral. The Custodian did not have the ability to pledge or sell non-cash collateral delivered absent a borrower default. Borrowers were required to deliver collateral for each loan in amounts equal to not less than 102% of the market value of loaned domestic securities and 105% of the market value of loaned foreign securities.

The Trust imposed no restrictions on the amount of securities lent by the Custodian during the year on their behalf. There were no violations of legal or contractual provisions and there were no borrower or lending agent default losses during the year. The contract with the Custodian requires indemnification only in cases of Custodian negligence.

All securities loans can be terminated on demand by either the lender or the borrower. The average term of the Trust loans for the year ended June 30, 2014 was approximately 60 days. Cash collateral is invested in a short term investment pool. The relationship between the maturities of the investment pool and the Custodian's loans is affected by the maturities of the securities loans made by other entities that use the Custodian's pool, which the Custodian's system cannot determine. Cash collateral may also be invested separately in "term loans", in which case the investments match the loan term. As the loans are terminable at will, the duration of the investments generally did not match the duration of the investments made with the cash collateral.

The collateral held and the market value of the securities on loan as of June 30, 2014 was \$41,217,719 and \$40,153,318 respectively, for the Trust. The cash collateral is recorded as both an asset and a liability on the Trust financial statements. Securities and letters-of-credit received as collateral at June 30, 2014 are not recorded in the Statement of Plan Net Position, as the Trust cannot sell or pledge the collateral received absent a borrower default.

At year end, the Trust has no credit risk by the borrowers because the amount the Trust owes the borrowers exceeds the amount the borrowers owe the Trust. The gross earnings for securities lending were \$55,232 and borrowers rebates were \$520,848 for total income of \$576,080, and the related expenses were \$115,197 in agent fees, netting \$460,883 in securities lending income for the Trust.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**Component Units**

**A. Deposits**

All component units are subject to State of Tennessee statute which requires that deposits in financial institutions be secured and collateralized by such institutions. The collateral must meet certain requirements and must have a total minimum market value of 105% of the value of the deposits placed in the institutions, less the amount protected by federal depository insurance. Collateral requirements are not applicable for financial institutions that participate in the State of Tennessee's collateral pool. The degrees of risk regarding deposits vary with each component unit as noted in their separately issued financial statements.

**B. Investments**

Each component unit manages its own investments and creates its own policies, except for the Sports Authority, Industrial Development Board, and Convention Center Authority which participate in the Metro Investment Pool of the primary government. Certain component units are subject to the same investment risks as the primary government. The degrees of risk regarding investments and the policies addressing each type of risk vary with each component unit as noted in their separately issued financial statements.

Due within one year	245,000
Due in more than one year	<u>880,911,636</u>
 Total business-type activities	 <u>\$ 914,854,557</u>

The general obligation bonds and notes payable are direct obligations of the Government for which its full faith and credit are pledged. These obligations are payable from the assessment of ad valorem taxes. In addition, the Government has additional sources of funds which are utilized to meet the annual principal and interest payments of certain general obligation bonds and notes.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

For the governmental activities, the other obligations are generally liquidated from the following:

Net pension obligation	Fund incurring the related employees' compensation, primarily the General Fund, General Purpose School Fund and Department of Water and Sewerage Services Fund
Other postemployment benefits obligation	Fund incurring the related employees' compensation, primarily the General Fund, General Purpose School Fund and Department of Water and Sewerage Services Fund
Compensated absences	Fund incurring the related employees' compensation, primarily the General Fund and the General Purpose School Fund
Claims and judgments	Fund to which the claim or judgment relates
Landfill closure costs	Solid Waste Operations Fund

**C. Collateral for Obligations of the Proprietary Funds**

All bonds of the Department of Water and Sewerage Services and the District Energy System are collateralized by the revenues of those entities.

**D. Bond Covenants**

The various revenue bond indentures contain significant limitations and restrictions on annual debt service requirements, maintenance of a flow of monies through various restricted accounts, minimum amounts to be maintained in various sinking funds, and minimum revenue bond coverages. As of June 30, 2014, the Government believes it is in compliance with all financial limitations and restrictions.

**E. Annual Debt Service Requirements**

The annual requirements to amortize all general obligation bonds and revenue bonds outstanding as of June 30, 2014 are as follows:

Year Ending June 30	General Obligation Bonds		Revenue Bonds		Total Primary Government	
	Principal	Interest	Principal	Interest	Principal	Interest
2015	\$ 111,785,000	\$ 102,930,065	\$ 31,500,000	\$ 41,367,233	\$ 143,285,000	\$ 144,297,298

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**F. Commercial Paper**

In August 2003, the Government instituted a general obligation commercial paper (bond anticipation note) program. Commercial paper notes are issued to provide interim or short-term financing of various authorized capital projects. The notes may be refunded with new notes (rollover notes) until the Government is prepared to issue long-term bonds and thereby provide permanent financing for the capital projects financed under the commercial paper program. In July 2007, the Government entered into a Standby Note Purchase Agreement with three banks to provide liquidity for the commercial paper program. If the commercial paper dealer was ever unable to market notes in the amount needed to pay the maturing notes, the liquidity providers would issue bank notes, the proceeds of which would be applied to pay the principal of and interest on commercial paper notes on the respective maturity dates.

General obligation commercial paper is issued as federally tax-exempt notes. The commercial paper is sold at par as interest-bearing obligations in minimum denominations of \$100,000 with interest payable at maturity. The commercial paper has varying maturities not to exceed 270 days, and all rollover commercial paper will not have a final maturity more than two years from the initial dates of issuance. The State has waived the two year final maturity limitation and approved a final maturity not to exceed six years. Interest rates vary depending on the market. At June 30, 2014, the amount of principal outstanding could not exceed \$400 million.

In November 2009, the Government instituted a Water and Sewerage revenue commercial paper (bond anticipation note) program. Commercial paper notes are issued to provide interim or short-term financing of various water and sewer capital projects. The notes may be refunded with new notes (rollover notes) until the Government is prepared to issue long-term bonds and thereby provide permanent financing for the capital projects financed under the commercial paper program. The Government entered into Standby Note Purchase Agreements with two banks to provide liquidity for the commercial paper program. If the commercial paper dealer was ever unable to market notes in the amount needed to pay the maturing notes, the liquidity providers would issue bank notes, the proceeds of which would be applied to pay the principal of and interest on commercial paper notes on the respective maturity dates.

Revenue commercial paper is issued as federally tax-exempt notes. The commercial paper is sold at par as interest-bearing obligations in minimum denominations of \$100,000 with interest payable at maturity. The commercial paper has varying maturities not to exceed 270 days, and all rollover commercial paper will not have a final maturity more than two years from the initial dates of issuance. The State has waived the two year final maturity limitation and approved a final maturity not to exceed six years. Interest rates vary depending on the market. At June 30, 2014, the amount of principal outstanding could not exceed \$183.4 million.

Commercial paper obligations of \$200,000,000 with interest rates ranging from 0.08% to .11% were outstanding at June 30, 2014. These obligations were refunded subsequent to year-end with rollover notes. The obligations are considered short-term debt at June 30, 2014 and are recorded as a liability in the Capital Project Funds, Flood 2010 Recovery Fund, and the District Energy System of the Government.

Commercial paper activity for the year ended June 30, 2014 was as follows:

	Balance July 1, 2013	Additions	Reductions	Balance June 30, 2014
Commercial paper payable	<u>\$ 50,000,000</u>	<u>\$ 400,000,000</u>	<u>\$ (250,000,000)</u>	<u>\$ 200,000,000</u>

The commercial paper is classified in the Statement of Net Assets as follows:

<b>Governmental activities:</b>	
Commercial paper payable	<u>\$ 199,759,400</u>
Total governmental activities	<u>199,759,400</u>
<b>Business-type activities:</b>	
Commercial paper payable	<u>240,600</u>
Total business-type activities	<u>240,600</u>
Total commercial paper payable	<u>\$ 200,000,000</u>

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**G. Defeased Bonds**

The Government has defeased certain other obligation bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service requirements on the retired bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the Government's financial statements. As of June 30, 2014, \$797,820,000 of general obligation bonds and \$49,845,000 of revenue bonds are considered defeased.

**H. Redemption Options**

Certain bonds are subject to redemption prior to maturity at the option of the Government. The stated payments of principal and interest on the Department of Water and Sewerage Services Series 1992 and Series 2010A, B, C and D are insured by municipal bond insurance policies which cannot be canceled.

**I. Qualified Zone Academy Notes**

Qualified Zone Academy Bonds (QZAB) are issued by the Tennessee State School Bond Authority (TSSBA) to finance improvement loans for qualifying primary and secondary schools in the State. The QZAB's are a part of a federal government program administered by the Tennessee Department of Education in which a federal tax credit is given to investors in lieu of interest on the bonds.

The Government entered into a loan agreement with the TSSBA in December, 2005 where by the Government would receive an amount not to exceed \$6,350,000 of the proceeds from the TSSBA QZAB, Series 2005. Actual proceeds totaled \$6,218,500. Under the provisions of the agreement, the proceeds of the loan must be spent on specific authorized projects within a limited time period. The TSSBA will hold and invest the proceeds from the Series 2005 Bonds, and as allowable expenditures are incurred, the Government will request reimbursement. The Government is required to make annual principal payments to TSSBA. An investment credit applied to the Government's portion of the bond proceeds will be used to reduce future payments.

QZAB note principal maturities at June 30, 2014 are summarized below:

Year Ending June 30	Principal	Investment Credit (1)
2015	\$ 414,567	\$ 97,031
2016	414,567	97,031
2017	414,567	97,031
2018	414,567	97,031
2019	414,567	97,031
2020-2021	<u>829,130</u>	<u>194,063</u>
Total qualified zone academy notes payable	<u>\$ 2,901,965</u>	<u>\$ 679,218</u>

(1) The investment tax credit is estimated and subject to adjustment based on investment earnings and other factors.

**J. Qualified School Construction Bond Loan**

Qualified School Construction Bonds (QSCB) are issued by the Tennessee State School Bond Authority (TSSBA) to finance improvement loans for qualifying primary and secondary schools in the State. The QSCB's are part of the federal government's American Recovery and Reinvestment Act of 2009 (ARRA).

The Government entered a loan agreement with the TSSBA in December 2009 whereby the Government would receive an amount not to exceed \$21,760,000 of the proceeds from the TSSBA QSCB, Series 2009. Actual proceeds totaled \$21,120,000. Interest on the loan is 1.515%, and the loan matures in 2027. Under the provisions

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

of the agreement, the proceeds of the loan must be spent on specific authorized projects within a limited time period. The TSSBA will hold and invest the proceeds from the Series 2009 Bonds, and as allowable expenditures are incurred, the Government will request reimbursement. The Government is required to make annual principal payments to TSSBA. An investment credit applied to the Government's portion of the bond proceeds will be used to reduce future payments.

On October 7, 2010, the Government entered a loan agreement with the TSSBA whereby the Government would receive \$35,555,000 from the TSSBA's QSCB's issued on October 7, 2010. Interest on the loan is 4.848%, and the loan matures in 2028. The Government also receives a share of the TSSBA's interest subsidy payments received from the Federal government. The Government's share of the subsidy is estimated to offset its interest payments. Under the provisions of the agreement, the proceeds of the loan must be spent on specific authorized projects within a limited time period. The TSSBA will hold and invest the proceeds from the Series 2010 Bonds, and as allowable expenditures are incurred, the Government will request reimbursement. The Government is required to make annual principal payments to TSSBA. Interest earned by the TSSBA on the Government's portion of the bond proceeds will be used to reduce future payments.

QSCB note principal maturities at June 30, 2014 are summarized below:

Year Ending June 30	Principal	Interest	Subsidy
2015	\$ 3,536,429	\$ 2,043,674	\$ 1,723,706
2016	3,536,429	2,043,674	1,723,706
2017	3,536,429	2,043,674	1,723,706
2018	3,536,429	2,043,674	1,723,706
2019	3,536,429	2,043,674	1,723,706
2020-2024	17,682,141	10,218,372	8,618,532
2025-2028	9,972,980	6,007,478	6,032,972
Total qualified school construction bond loan payable	<u>\$ 45,337,266</u>	<u>\$ 26,444,220</u>	<u>\$ 23,270,034</u>

**K. The Department of Water and Sewerage Services – State Economic and Development Loan**

In January 2009, the Department entered a loan agreement with the Tennessee Department of Economic Development for \$330,000. The proceeds of the loan are being used to fund the installation of variable frequency drives on the raw water pumps at the K.R. Harrington water treatment plant. The energy savings resulting from the ability to gradually increase or decrease pump speeds rather than adding or dropping pumps at full capacity will be used to repay the loan. The loan is for seven years, and interest is calculated on the loan at 3%.

State economic and development loan principal maturities as of June 30, 2014 are summarized below:

Year Ending June 30	Principal	Interest
2015	\$ 49,927	\$ 3,041
2016	51,424	1,543
Total state economic and development loan	<u>\$ 101,351</u>	<u>\$ 4,584</u>

**L. Derivative Financial Instruments**

In connection with outstanding variable rate debt, the Government competitively bid the sale of a pay-fixed receive-variable Securities Industry and Financial Market Association (SIFMA), formerly the Bond Market Association, swaption (Swaption). This transaction generated an upfront payment of \$3,800,000, which is deferred and being amortized over the term of the related interest rate swap in the government-wide statements. The Swaption was sold on a SIFMA floating to fixed interest rate swap and, when it was exercised by the winning bidder, SunTrust

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Bank (Counterparty), the Government was placed into a variable to fixed interest rate swap commencing on May 15, 2006. The interest rate swap is a hedging derivative instrument (cash flow hedge) maintained by the Government in order to manage its exposure to market risk from fluctuations in interest rates on its variable rate debt. On February 2, 2012, the Government refunded the Tennessee Municipal Bond Fund (TMBF) Loan, which was the debt previously associated with the hedging derivative instrument. Upon the refunding of the TMBF Loan, the Government terminated hedge accounting for the derivative instrument. The related deferral account totaled \$16,126,556 at the date of the refunding and has been included in the net carrying amount of the TMBF Loan for purposes of determining the deferred charge related to its refunding. The Government has subsequently employed the interest rate swap as a hedging derivative instrument maintained in order to manage its exposure to market risk from fluctuations in interest rates on its commercial paper program.

The swap agreement provides that the Government will pay a fixed rate of 5.4% to the Counterparty and will receive the SIFMA rate on the outstanding notional amount which reduces annually and was \$45,280,000 at June 30, 2014. The SIFMA rate at June 30, 2014 was .06%. All terms of the swap remain in effect and expire May 15, 2026. The credit rating of the Counterparty at June 30, 2014 is BBB+. The fair value of this swap contract was a liability of \$10,698,568 at June 30, 2014 and is recorded in noncurrent liabilities in the Statement of Net Position. The liability decreased by \$1,006,644 for the year ended June 30, 2014. This change in fair value is reported as a deferred inflow of resources in the Statement of Net Position.

The fair value of the interest rate swap was determined by the Counterparty using valuation models and assumptions and available market data. Arrangements made in the Government's interest rate swap agreement do not alter the Government's obligation to pay the principal and interest on the related debt. See Section F.

The net receipts/payments on the hedging derivative instrument at June 30, 2014 are summarized below. The amounts assume that the current reference rate (.06%) of the interest rate swap will remain the same for the term of the swap agreement. As this rate varies, the net receipts/payments will vary.

Year Ending June 30	Hedging Derivative, Net Payments
2015	\$ 2,417,952
2016	2,271,636
2017	2,117,310
2018	1,953,906
2019	1,781,424
2020-2024	5,959,173
2025-2026	<u>789,252</u>
Total hedging derivative, net payments	<u>\$ 17,290,653</u>

*Credit risk* – The Government is exposed to credit risk on hedging derivative instruments that are in asset positions. There were no such instruments in asset positions at June 30, 2014. However, should interest rates change and the fair value of the swap becomes positive, the Government would be exposed to credit risk in the amount of the derivative's fair value. The Government relies primarily on the credit rating of the counterparty to assess credit risk.

*Interest rate risk* – The Government is exposed to interest rate risk on its interest rate swap. On its pay-fixed, receive-variable interest rate swap, as the variable swap index decreases, the Government's net payments on the swaps increase.

*Basis risk* – The Government is exposed to basis risk on its pay-fixed interest rate swaps because the variable rate payments received by the Government on this hedging derivative instrument is, in certain circumstances, based on a rate or index other than interest rates that the Government pays on its hedged debt.

*Termination risk* – The Government or the Counterparty may terminate the derivative instrument if the other party fails to perform under the terms of the contract. If at the time of termination, the hedging derivative instrument is in a liability position, the Government would be liable to the Counterparty for a payment equal to the liability.

**M. Unissued Bonds or Notes**

At June 30, 2014, authorized but unissued general obligation bonds totaled \$1,061,628,000. Commercial paper borrowings are used to fund capital spending prior to the issuance of bonds.

Current portion of long-term liabilities	\$	63,365,000
Noncurrent liabilities:		
Due within one year		12,788,606
Due in more than one year		<u>1,735,473,218</u>
Total component units long-term liabilities	\$	<u>1,811,626,824</u>

**C. Issuance of Bonds**

Sports Authority

On August 20, 2013, the Sports Authority issued \$14,160,000 Public Facility Revenue Improvement Bonds, Series 2013A (Taxable), maturing on July 1, 2033, with interest rates ranging from 0.793% to 5.150%, and \$25,925,000 Public Improvement Revenue Refunding Bonds, Series 2013B (Taxable), maturing on July 1, 2025, with interest rates ranging from 0.793% to 4.050%. The proceeds of the 2013A Bonds will be used to pay costs for certain recreational facilities including an ice skating and hockey rink. The Series 2013B Bonds refunded a portion of the Public Improvement Revenue Refunding Bonds, Series 2004. By issuing the Series 2013B Bonds, the Sports Authority obtained an estimated economic gain (difference between the present values of the debt service payments on the defeased and new debt) of \$982,131. The refunding will reduce the Sports Authority's debt service payments over the next twelve years by an estimated \$1,144,035.

On December 19, 2013, the Sports Authority issued \$53,760,000 Public Improvement Revenue Bonds (Ballpark), Series 2013A, maturing on August 1, 2043, with interest rates ranging from 3.00% to 5.25%, and \$11,240,000 Public Improvement Revenue Bonds (Ballpark), Series 2013B (Federally Taxable), maturing on August 1, 2043, with interest rates ranging from 1.25% to 5.625%. The proceeds of the 2013A and 2013B Ballpark Bonds will be used to pay costs to acquire land and construct a minor league baseball park and related public improvements, capitalized interest, and costs related to issuance. The net proceeds of the 2013A and 2013B Ballpark Bonds totaled \$66,397,938 (net of underwriting fees) and were deposited with the Sports Authority.

In conjunction with the issuance of the Series 2013 Ballpark Bonds, the Sports Authority entered into a loan and security agreement with the Metropolitan Development and Housing Agency (the Agency) whereby a tax increment revenue note was issued by the Agency to the Sports Authority in exchange for the loan of \$28,000,000 to the Agency from the Tax Increment Financing (TIF) Loan Account of the Construction Fund. The loan dated December 19, 2013, maturing July 1, 2043, with interest at a fixed rate of 4.55% per annum, is to be used to pay for certain TIF eligible expenses for the redevelopment project. Collateral for this loan is ninety-five percent (95%) of all ad valorem real property tax increment revenues for specific projects in the vicinity of the Ballpark and the ballpark development.

In addition to the aforementioned TIF payments from the Agency, state and local sales tax revenues generated at the ballpark, ballpark lease payments and – to the extent the foregoing revenues are insufficient – non-tax revenues collected in the General Fund of the Urban Services District of the Government are pledged for the payment of principal and interest on the Series 2013 Ballpark Bonds.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**D. Collateral for Obligations of the Component Units**

Sports Authority

The Public Improvement Revenue Refunding Bonds, Series 2004, are limited obligations of the Sports Authority payable solely from the revenues and receipts pledged to the payment of these bonds and secured by the non-tax revenues of the General Fund of the Government. Neither the faith and credit of the Sports Authority nor the faith and credit or the taxing power of the Government is pledged to the payment of the principal or interest on the bonds.

**E. Defeased Bonds**

Sports Authority

In the current year, the Sports Authority has defeased certain revenue bonds by placing the proceeds of new bonds in irrevocable trusts to provide for all future debt service requirements on the retired bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the Government's financial statements. As of June 30, 2014, \$32,275,000 of Sports Authority revenue bonds are considered defeased.

**F. Description of Bonds**

Convention Center Authority

In April 2010, the Convention Center Authority issued Tourism Tax Revenue Bonds, Series 2010A-1 in the amount of \$51,730,000, Series 2010A-2 in the amount of \$152,395,000, and Series 2010B in the amount of \$419,090,000, for a combined principal amount of \$623,215,000 plus original issue premium of \$1,301,329. The purpose of the bonds is to pay the costs associated with planning, designing, engineering, acquiring, constructing, equipping, furnishing, improving, repairing, refurbishing and opening the Music City Center.

The land for the Music City Center was purchased prior to the creation of the Convention Center Authority by the Metropolitan Development and Housing Agency (the Agency), a component unit of the Metropolitan Government, through a bank loan. In conjunction with the issuance of the Tourism Tax Revenue Bonds, the Agency loan was retired, and the land was transferred to the Convention Center Authority.

The bond proceeds were as follows:

Establishment of debt service reserve funds	\$40,040,199
Establishment of capitalized interest funds	22,287,870
Payment of bond issue costs	7,299,082
Retirement of the Agency loan	46,313,567

The remaining \$508,575,611 was deposited in construction funds to be drawn down as the Music City Center is constructed. The capitalized interest funds will be applied to interest payable during construction. All of the bonds are subject to Federal arbitrage regulations.

The Series 2010A-1 Bonds are tax exempt, and the Series 2010A-2 and Series 2010B Bonds are federally taxable and were issued as Build America Bonds (BAB's) under an irrevocable election under Section 54 of the Internal Revenue Service Code. BAB's qualify for a 35% credit from the Federal Government on interest payable on the bonds. The Metropolitan Government is required to file requests for these interest credits no earlier than 90 days prior to each scheduled interest payment. Subsequent to the issuance of the bonds, the Federal Government has reduced the credit by 7.2% to 8.7%. The Convention Center Authority is not anticipating restoration of the credit to the original amount; however, the reduction is not expected to have a material impact on the ability to meet future debt payments.

The Series 2010A Bonds are payable from tourism tax revenues received by the Metropolitan Government. The tourism tax revenues consist of 3% of the 6% of the Hotel/Motel Tax authorized by Tennessee Code Annotated (TCA) Section 7-4-102, \$2.00 of the \$2.50 Hotel Room Occupancy Tax authorized by TCA Section 7-4-2-2, the \$2.00 Contracted Vehicle Tax authorized by TCA Section 7-2-203, the 1% Rental Vehicle Surcharge Tax authorized by TCA Section 67-4-1908, an allocation of state and local sales and uses taxes derived from incremental sales tax growth within a Tourism Development Zone (TDZ) authorized by TCA Section 7-88-1-101, and an allocation of Campus Sales Tax, consisting of state and local sales and uses taxes collected on the premises of the Music City Center and on any convention center hotels.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

The Series 2001B Bonds are payable from the remaining tourism tax revenues available after the payment of the 2001A Bonds, and are additionally secured by the Metropolitan Government's non-tax revenues of the GSD General Fund, subject to the prior pledge and application of certain requirements related to bonds issued by the Sports Authority.

**G. Conduit Debt Obligations**

Industrial Development Board

The Government, through the Industrial Development Board, has issued Industrial Revenue Bonds to provide financial assistance to private sector entities for the acquisition and construction of facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private sector entities served by the bond issuances. Neither the Government nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities of the Government.

The aggregate principal amount as of June 30, 2014 for the Industrial Revenue Bonds issued after April 1, 1996 was approximately \$813,751,461. The aggregate principal amount payable for the Industrial Revenue Bonds issued prior to April 1, 1996 could not be determined; however, their original issue amount totaled \$1,414,846,369.

Health and Educational Facilities Board

The Health and Educational Facilities Board of The Metropolitan Government of Nashville and Davidson County, Tennessee, (The Board) is a public, non-profit corporation and instrumentality of the Government organized in 1974 pursuant to Chapter 101, Part 3, Title 48 of the TCA as amended (the Act). The Board is not considered to be part of the Government's reporting entity. The Act empowers the Board, among other things, to acquire and furnish property suitable for use by educational institutions, hospital institutions, or multifamily housing facilities in connection with their operations, and to loan to such entities the proceeds from the sale of its bonds to finance such security for the payment of the principal and interest on bonds issued. The Government is not liable for the payment of the principal or any interest on any of the revenue bonds of the Board. Accordingly, the revenue bonds of the Board are not reported as liabilities of the Government.

The aggregate principal amount of revenue bonds issued by the Board on or after April 1, 1996 totals approximately \$4,268,481,525. The aggregate principal amount of revenue bonds which were issued by the Board and were still outstanding as of April 1, 1996 could not be determined; however, the total aggregate principal amount of revenue bonds issued by the Board prior to April 1, 1996 was \$1,367,025,500.

**H. Other Matters**

Sports Authority

The Authority has a \$10,000,000 revolving credit line with First Tennessee Bank for the purpose of financing capital improvements at the Bridgestone Arena. Interest is calculated monthly at a variable rate as set forth in the loan agreement based on the outstanding principal balance of the loan. The monthly interest is payable from capital improvement fees received by the Metropolitan Government, and any excess monthly revenues over the interest due are paid against the outstanding principal balance. The loan expires September 30, 2017 at which time the principal outstanding balance and any interest will be due to First Tennessee Bank. The total outstanding balance as of June 30, 2014 is \$4,845,012.

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**I. Annual Debt Service Requirements**

The annual principal maturities of all bonds and notes payable as of June 30, 2014 for the component units are as follows:

Year Ending June 30	Revenue Bonds and Notes Payable	
	Principal	Interest
2015	\$ 74,252,186	\$ 72,980,486
2016	75,318,801	70,072,983
2017	59,730,188	74,750,997
2018	67,105,296	74,287,580
2019	59,074,315	70,649,479
2020-2024	358,094,820	273,325,962
2025-2029	295,473,057	196,009,391
2030-2034	236,292,573	126,924,183
2035-2039	201,140,174	71,420,120
2040-2044	193,335,000	23,909,689
Total	1,619,816,410	1,054,330,870
Deferred charges	71,544,556	-
Total	<u>\$ 1,691,360,966</u>	<u>\$ 1,054,330,870</u>

Deferred amounts for the Electric Power Board are netted with principal.

**J. Additional Information**

Additional information regarding the bonds, notes and other obligations of the component units can be found in their separately issued financial statements.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**NOTE 7 – PENSION PLANS**

The Government adopted GASB Statement No. 67, Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25, required for fiscal periods beginning after June 15, 2013, in fiscal 2014. This Statement improves financial reporting by state and local government pension plans. The Government plans to adopt GASB Statement No. 68, Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27, required for fiscal periods beginning after June 15, 2014, in fiscal 2015. This Statement improves accounting and financial reporting by state and local governments for pensions. Accordingly, disclosures required for pension plans are presented in accordance with GASB Statement No. 67, and disclosures required for governments are presented in accordance with GASB Statement No. 27.

The Government has the following single-employer pension plans:

<u>Name</u>	<u>Type</u>	<u>Status</u>	<u>Administering Fund</u>
<b><u>Primary Government</u></b>			
Fiduciary Fund Types:			
County	Defined Benefit	Closed 1963	Davidson County Employees' Retirement
Metro - Division A	Defined Benefit	Closed 1995	Metropolitan Employees Benefit Trust
Metro - Division B	Defined Benefit	Open	Metropolitan Employees Benefit Trust
County Education	Defined Benefit	Closed 1963	Employees' Pension and Insurance
Metro Education	Defined Benefit	Closed 1969	Teachers' Retirement Plan
City	Defined Benefit	Closed 1963	Closed City Plan
City Education	Defined Benefit	Closed 1963	Teachers' Civil Service and Pension

Sports Authority, Hospital Authority, and Convention Center Authority	Included in primary government plans (1)		
Hospital Authority	Defined Contribution	Open	N/A
Convention Center Authority	Defined Contribution	Open	N/A
Metropolitan Development and Housing Agency	Defined Contribution	Open	N/A
Electric Power Board	Defined Benefit	Open	N/A
Metropolitan Transit Authority	Defined Benefit	Open	N/A
Metropolitan Nashville Airport Authority	Defined Benefit	Closed	N/A
Metropolitan Nashville Airport Authority	Defined Contribution	Open	N/A

(1) Employees of Hospital Authority and Convention Center Authority hired before certain dates are eligible to participate in the plans of the Government. Employees hired subsequent to those dates are only eligible to participate in the plans administered by those Authorities.

The Metropolitan Transit Authority guarantees the plan sponsored by the Davidson Transit Organization (DTO), which provides Metropolitan Transit Authority labor.

The City, County, Metro Education, City Education, and County Education plans are participants in the Guaranteed Payment Program (GPP), an umbrella program created by the Metropolitan Council to ensure actuarially sound funding for the five closed plans. Under the GPP, unfunded liabilities of the aggregate program are amortized over a period of no more than thirty years. Contributions on behalf of the five individual plans move to a payment account from which distributions are paid to the constituent plans of the GPP as necessary to satisfy current benefit needs and to satisfy long-term funding objectives of the GPP.

No separate financial reports are issued for these plans.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**A. Summary of Significant Accounting Policies**

***Measurement Focus, Basis of Account and Financial Statement Presentation***

The pension funds are reported using the accrual basis of accounting. Employer and employee contributions are recognized in the period due. Benefits and refunds are recognized when due and payable in accordance with the terms of the plans. The net pension asset and obligation are reported in the applicable governmental activities in the Statements of Net Position and Activities. All plans with a net pension obligation are governmental in nature.

***Method Used to Value Investments***

Investments are reported at fair value. Securities traded on national or international exchange are valued at the last reported sales price at current exchange rates. Real estate plan assets are reported at fair value utilizing an income approach to valuation. An independent appraisal is obtained once every year to determine the fair market value of the real estate assets. Accounts receivable include amounts due from investment brokers for pending trades.

**B. Plan Descriptions**

***Plan Administration***

All plans of the primary government were established or continue under the authority of the Metropolitan Charter, Article XIII, effective April 1, 1963. Approval of the Metropolitan Council is required to establish and amend benefit provisions. Article XIII also requires that all pension plans be actuarially sound. Administrative costs of the plans are financed through plan assets. The plans are managed and administered by the Metropolitan Employee Benefit Board (the Board), an independent board created by the Metropolitan Charter. The Board is composed of ten members, as follows: Finance Director, Human Resources Director, three members appointed by the Mayor, and five members selected by employees and retirees of the Metropolitan Government.

***Plan Membership***

Plan membership is summarized on the Selected Pension Information Schedules on pages B-82 to B-83.

***Benefits Provided***

Metro Plan

***Division A***

This plan (The Metropolitan Employees' Benefit Trust Fund) was established at the inception of the Government on April 1, 1963 and implemented on November 4, 1964. At that time, all employees of the former city and county governments were given the option of continuing as participants of the pension plans of those organizations or transferring to the Metro Plan. Division A of the Metro Plan was closed to new members on July 1, 1995.

Normal retirement for employees other than police officers and fire fighters occurs at age 65 and entitles employees to a lifetime monthly benefit of 1/12 of the sum of 1% of average base earnings, as defined by the Social Security Administration, plus 1.75% of average excess earnings as defined in the Plan, multiplied by the years of credited service, plus cost-of-living adjustments. Average earnings are the average earnings for the last 60 consecutive months in which earnings were highest. Benefits fully vest on completing 10 years of service.

Normal retirement for police officers and fire fighters occurs upon reaching age 55 and completing 20 years of service. The lifetime monthly benefit is calculated as 1/12 of the sum of 2% of average earnings up to 25 years of credited service plus 1.75% of average earnings for all years of credited service in excess of 25, reduced by the amount of primary social security benefits at age 65 and increased by cost-of-living adjustments. In no event shall police and fire pensions be less than that due to employees who are not policemen or firemen. Benefits fully vest on completing 10 years of service.

Any employee who terminates after the completion of at least 10 years of service and before eligibility for normal retirement shall be eligible to receive a monthly deferred pension which shall commence on the first day of the month following the attainment of age 65, computed and payable in accordance with the Metro Plan.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**Division B**

As of July 1, 1995, Division B of the Metro Plan was established for all non-certificated employees of the Metropolitan Nashville Public Schools and all other Government employees. Employees with an effective hire date of July 1, 1995 or later are only eligible to participate in Division B of the Metro Plan. Also, Government employees as of June 30, 1995 who were qualified members of Division A were given the option to transfer to Division B as of January 1, 1996, subject to written application approved by the Benefit Board. Substantially all employees transferred to Division B of the Metro Plan.

Normal retirement for employees other than police officers and fire fighters occurs at the unreduced retirement age which is the earlier of (a) the date when the employee's age plus the completed years of credited employee service equals 85, but not before age 60; and (b) the date when the employee reaches age 65 and completes 5 years of credited employee service. The lifetime monthly benefit is calculated as 1/12 of the sum of 1.75% of average earnings based upon the previous 60 consecutive months of credited service which produce the highest earnings. Benefits fully vest on completing 5 years of service for employees employed on or between October 1, 2001 and December 31, 2012 who vest before leaving employment. Benefits fully vest on completing 10 years of service for employees and non-vested employees hired or rehired on or after January 1, 2013.

Normal retirement for police officers and fire fighters occurs any time after attaining the unreduced retirement age which is the date when the employee's age plus the completed years of credited police and fire service equals 75, but not before age 53 nor after age 60. The lifetime monthly benefit is 1/12 of the sum of 2% of average earnings for each year of credited fire and police service not in excess of 25 years; plus 1.75% of average earnings for each year that the credited police or fire service exceeds 25 years. Benefits fully vest on completing 5 years of service for employees employed on or between October 1, 2001 and December 31, 2012 who vest before leaving employment. Benefits fully vest on completing 10 years of service for employees and non-vested employees hired or rehired on or after January 1, 2013.

An early retirement pension is available for retired employees if the termination occurs prior to the eligibility under normal retirement but after age 50 (45 for police and fire) and after the completion of 10 years of credited employee service. Such shall be payable as either a monthly deferred early employee service pension beginning the month after the attainment of the normal retirement age or an immediate monthly early employee service pension beginning on the first day of the month following termination. The lifetime monthly benefit for the immediate monthly early employee service pension is reduced by 4% for each of the first 5 years by which the retirement date precedes the normal retirement age, and by 8% for each additional year by which the retirement date precedes the normal retirement age; provided, however, that the immediate monthly benefit shall not be less than the actuarial equivalent of the deferred pension provided by the Metro Plan.

Any employee who terminates after the completion of at least 10 years of service (or 5 years of service if hired before January 1, 2013) and before eligibility for normal retirement or early retirement shall be eligible to receive a monthly deferred pension which shall commence on the first day of the month following the attainment of unreduced retirement age, computed and payable in accordance with the Metro Plan.

Any employee with unused sick leave time at service retirement shall receive 100% credit for the time, subject to an affirmative election at the time of retirement.

Any employee who terminates and is rehired is eligible to reconnect prior service after being regularly employed continuously for one year.

Dependent children of vested employees are eligible for a survivor benefit if the employee should die leaving no surviving spouse.

All assets of the Metropolitan Employees' Benefit Trust Fund may legally be used to pay benefits to any plan members or beneficiaries, regardless of whether the members participate in Division A or Division B of the Metro Plan.

City Plan

This plan (the Closed City Plan Fund) covers certain employees of the former city of Nashville who have elected to remain under this plan and not transfer to the Metro Plan. This plan was closed to new members on April 1, 1963. Normal retirement for police officers and fire fighters occurs upon completing 25 years of service; for other participants, age 60 must be reached in addition to completing 25 years of service. The monthly lifetime benefit of all participants is 50% of the final monthly salary. All participants in the City Plan are fully vested.

## THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

#### County Plan

This plan (the Davidson County Employees' Retirement Fund) covers employees of the former government of Davidson County who have elected to remain under this plan and not transfer to the Metro Plan. This plan was closed to new members on April 1, 1963.

Participants elected coverage under Division A or B. Normal retirement under Division A occurs at age 65; lifetime monthly benefits are the years of credited service multiplied by 0.75% of defined average base earnings per month plus 1.5% of average excess earnings as defined in the Plan per month. Average earnings are the average earnings for the 10 full consecutive calendar years in which earnings were highest. Normal retirement under Division B occurs after 30 years of service or after 24 years of service and reaching age 60; lifetime monthly benefits are 1/12 of 50% of the highest calendar year earnings. All participants in the County Plan are fully vested.

#### Metro Education Plan

This plan (the Teachers' Retirement Plan Fund) covers participants who elected to transfer from the City Education Plan and County Education Plan and professional employees of Metropolitan Nashville Public Schools hired between April 1, 1963 and July 1, 1969. Normal retirement occurs upon reaching age 60 with 20 years of service, completing 25 years of service, or reaching age 65. The lifetime monthly benefit is determined as 1/12 of 2% of the highest average earnings multiplied by the years of service, plus cost-of-living adjustments. Highest average earnings are the average earnings for the 36 consecutive months in which earnings were highest. All participants in the Metro Education Plan are fully vested.

After July 1, 1969 professional employees hired became members of the State Employees, Teachers, and Higher Education Employees Pension Plan, a cost-sharing multiple employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS) that provides retirement, death, and disability benefits. Benefits are determined by a formula using the member's highest five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members who are at least 55 years of age or have 25 years of service. Members joining the plan on or after July 1, 1979 are vested after five years of service. Members joining prior to July 1, 1979 are vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34-37 of the Tennessee Code Annotated (TCA). State statutes are amended by the Tennessee General Assembly. A financial report may be obtained by writing to the Tennessee Treasury Department, Consolidated Retirement System, 10<sup>th</sup> Floor Andrew Jackson Building, Nashville, TN 37243.

#### City Education Plan

This plan (the Teachers' Civil Service and Pension Fund) covers employees who were teachers of the former City of Nashville who elected to remain under this plan and not transfer to the Metro Education Plan. This plan was closed to new members on April 1, 1963.

Normal retirement occurs upon reaching age 60 and completing 15 years of service, or completing 25 years of service before reaching age 60. With 15 years of service, the lifetime monthly benefit is 1/12 of 2.5% of the highest annual salary multiplied by the years of service up to 24. With 25 years of service, the lifetime monthly benefit is 1/12 of 2% of the highest annual salary multiplied by the years of service up to 30. Benefits are adjusted for cost-of-living increases. All participants in the City Education Plan are fully vested.

#### County Education Plan

This plan (the Employees' Pension and Insurance Fund) covers teachers and classified employees of the former Davidson County Board of Education who have elected to remain under this plan and not transfer to the Metro Education Plan. This plan was closed to new members on April 1, 1963.

Normal retirement occurs upon reaching age 60 and completing 15 years of service, or completing 25 years of service before reaching age 60. With 15 years of service, the lifetime monthly benefit is 1/12 of 2.5% of the highest annual salary multiplied by the years of service up to 24. With 25 years of service, the lifetime monthly benefit is 1/12 of 2% of the highest annual salary multiplied by the years of service up to 30. Benefits are adjusted for cost-of-living increases. All participants in the County Education Plan are fully vested.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**Contributions**

Metro Plan

The funding policy is to provide for periodic contributions at actuarially determined rates that are designed to accumulate sufficient assets to pay benefits when due. All other funding is provided by the Government with an actuarially recommended employer contribution rate of 17.117% for the non-certificated employees of Metropolitan Nashville Public Schools and all other Metro employees.

City Plan

Funding is on a pay-as-you-go basis whereby contributions are made in amounts sufficient to cover benefits paid during the year.

County Plan

Funding is on a pay-as-you-go basis whereby contributions are made in amounts sufficient to cover benefits paid during the year.

Metro Education Plan

The Metro Education Plan is financed by contributions from Metropolitan Nashville Public Schools, participating employees and the State of Tennessee. Employees contribute a specified percentage of their earnings, the State of Tennessee contributes an amount to reimburse current benefits paid equivalent to the benefits which would have been earned under the Tennessee Consolidated Retirement System (TCRS) and Metropolitan Nashville Public Schools contributes an additional amount to provide for periodic contributions as actuarially determined to accumulate sufficient assets to pay benefits when due.

The TCRS plan is financed by contributions from teachers, most of whom are required by state statute to contribute 5% of their salary, and by Metropolitan Nashville Public Schools, which contributes at an actuarially determined rate (8.88% of covered payroll for the fiscal year ending June 30, 2014). The contribution requirement is established and may be amended by the TCRS Board of Trustees. The employer's contributions to TCRS for the years ending June 30, 2014, 2013, and 2012 were \$31,712,479, \$31,637,282, and \$31,044,714, respectively, and were equal to the required contributions for each year.

City Education Plan

The plan is financed by contributions from the Government, participating employees and the State of Tennessee. Employees contribute a specified percentage of their earnings, the State of Tennessee contributes an amount to reimburse current benefits paid equivalent to the benefits which would have been earned under TCRS and the Government contributes an additional amount to cover current benefits (pay-as-you-go).

County Education Plan

The plan is financed by contributions from the Government, participating employees and the State of Tennessee. Employees contribute a specified percentage of their earnings, the State of Tennessee contributes an amount to reimburse current benefits paid equivalent to the benefits which would have been earned under TCRS and the Government contributes an additional amount to cover current benefits (pay-as-you-go).

**C. Investments**

***Investment Policy***

The investments of the Metro Plan and Metro Education Plans are administered in accordance with the Statement of Investment Policy of the Government's Employee Benefit System. The Investment Committee of the Government's Employee Benefit System has been given the authority under Section 13.04 of the Metropolitan Charter to regulate and determine all matters dealing with the investments of the Plans.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

The policy emphasizes a long-term investment strategy. Short-term fluctuations in the market value of the portfolio should not influence the investment structure under normal circumstances. The policy outlines asset allocation targets as follows:

Asset Class	Target
Domestic Equity	14.50 %
International Equity	13.00
Global Equity	10.00
Equity Hedge	10.00
Fixed Income	15.00
Fixed income Alternatives	15.00
Real Assets	12.50
Private Equity	10.00
Total All Asset Classes	100.00 %

There were no changes in the investment policy in the current year.

**Concentrations**

There are no individual investments in the Metro Plan or the Metro Education Plan that exceed 5% of plan assets at June 30, 2014.

**Rate of Return**

For the year ended June 30, 2014, the annual money-weighted rate of return on investments of the Metro Plan and Metro Education Plan, net of investment expense, was 17.83%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

**D. Net Pension Liability**

The components of the net pension liability at June 30, 2014 are summarized on the Selected Pension Information Schedules on pages B-86 to B-87.

**Actuarial Assumptions**

The total pension liability was determined by an actuarial valuation as of July 1, 2013, with update procedures applied for information relating to GASB Statement No. 67. Actuarial assumptions are summarized on the Selected Pension Information Schedules on pages B-84 to B-85.

Mortality rates were based on the 110% RP-2000 Healthy Annuitant Mortality Table for Males and Females, as determined by the periodic actuarial experience study.

The actuarial assumptions used in the July 1, 2013 valuations were based on the results of an actuarial experience study for the period 2007 to 2012.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class from historical returns and consensus expectations of future returns. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the Plans' target asset allocation are summarized in the following table:

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Asset Class	Long-Term Historical Real Rate of Return	Long-Term Expected Real Rate of Return
Domestic Equity	7.10 %	6.60 %
International Equity	10.00	10.10
Equity Hedge	6.40	5.80
Fixed Income	3.40	1.80
Fixed income Alternatives	3.40	5.60
Real Assets	2.30	6.10
Private Equity	7.10	7.60

**Discount Rate**

The discount rate used to measure the total pension liability was 7.50%. Based on the Plan assumptions and funding policy, the fiduciary net position for each Plan was projected to be available to make all projected future benefit payments to current members. Therefore, the long-term expected rate of return on investments was applied to all periods of projected benefit payments to determine the total pension liability (asset).

**Sensitivity of the Net Pension Liability to Changes in the Discount Rate**

The following presents the net pension liability, calculated using the discount rate of 7.50%, as well as what the net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (6.50%) or 1-percentage-point higher (8.50%) than the current rate:

Plan	1% Decrease (6.50%)	Current Discount Rate (7.50%)	1% Increase (8.50%)
County	\$ 9,762,102	\$ 9,452,473	\$ 8,869,339
Metro	402,627,581	96,866,832	(169,677,153)
County Education	31,464,549	30,007,970	28,475,234
Metro Education	138,821,834	124,088,220	110,635,083
City	45,703,125	44,537,234	42,028,849
City Education	14,735,435	14,122,188	13,450,184
Total net pension liability	<u>\$ 643,114,626</u>	<u>\$ 319,074,917</u>	<u>\$ 33,781,536</u>

**E. Selected Pension Information**

**Primary Government**

The following is a summary of the total net pension obligation and asset by plan for the beginning and end of the year:

	Beginning of Year	End of Year
Net pension obligation:		
Metro	\$ 26,466,686	\$ 41,470,857
County Education	482,650	1,043,460
Metro Education	62,095,910	56,070,338
Total net pension obligation	<u>89,045,246</u>	<u>98,584,655</u>
Net pension assets:		
County	(3,157,659)	(3,092,736)
City	(206,638)	(765,221)
City Education	(2,939,133)	(2,473,533)
Total net pension assets	<u>(6,303,430)</u>	<u>(6,331,490)</u>
Total net pension obligation (assets)	<u>\$ 82,741,816</u>	<u>\$ 92,253,165</u>

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Additional information regarding annual pension cost and net pension obligation (asset), trend information and participant information for the plans of the primary government is summarized on the Selected Pension Information Schedules on pages B-82 to B-83. The net pension benefit obligations for the plans of Metropolitan Nashville Public Schools are calculated net of expected reimbursements from the State of Tennessee.

The significant actuarial assumptions underlying the plans of the primary government are summarized on the Selected Pension Information Schedules on pages B-84 to B-85. The assumptions used to calculate the actuarially determined contribution requirements are the same as those used to compute the net pension obligation except where indicated.

The funded status of each plan at the most recent actuarial valuation date is also summarized on the Selected Pension Information Schedules on page B-84 to B-85.

**F. Additional Information**

**Component Units**

Additional information regarding the pension plans of the component units can be found in their separately issued financial statements.

**NOTE 8 – OTHER POSTEMPLOYMENT BENEFIT (OPEB) PLANS**

**Primary Government**

**A. Plan Descriptions**

Metropolitan Government

Retirees in the Metro, City or County Plans may elect to participate in the Metro Employees' Medical Benefit Plan, a single-employer defined benefit healthcare plan. The Metro Plan is administered by the Employee Benefit Board and provides medical, dental and life insurance. The other postemployment benefits for Government employees were authorized by the Government's Charter and Code. The Metro Plan does not issue a stand-alone financial report.

Metropolitan Nashville Public Schools

Retirees in the Metro, City or County Education Plans may elect to participate in the School Professional Employees' Insurance Plan, a single-employer defined benefit healthcare plan. The School Plan is administered by the Metro Nashville Board of Education and provides medical and dental insurance. The other postemployment benefits for teachers of Metropolitan Nashville Public Schools were authorized by the Government's charter and code. The School Plan does not issue a stand-alone financial report.

**B. Funding Policies**

Metropolitan Government

The contribution requirements of Metro Employees' Medical Benefit Plan members and the Government are established and may be amended by the Employee Benefit Board. The required contribution is based on projected pay-as-you-go financing requirements under which contributions are made in amounts sufficient to cover benefits paid, administrative costs and anticipated inflationary increases. For health insurance, the Government contributes 75% of all premium payments, and the retirees contribute 25%. For the fiscal year ended June 30, 2014, the Government and retirees contributed \$45,128,891 and \$15,042,964 to the Metro Plan, respectively, for health insurance. The Government also provides a 50% matching contribution on dental insurance for any retiree who elects to participate. For the fiscal year ended June 30, 2014, the Government and retirees each contributed \$2,625,943 for dental insurance. Finally, the Government provides life insurance at no charge to the retirees. For the fiscal year ended June 30, 2014, the Government contributed \$1,843,990 for life insurance.

Metropolitan Nashville Public Schools

The contribution requirements of the School Professional Employees' Insurance Plan members and the Government are established and may be amended by the Metro Nashville Board of Education. The required contribution is based on projected pay-as-you-go financing requirements under which contributions are made in amounts sufficient to cover benefits paid. The Government contributes 75% of all premium payments, and the retirees contribute 25%. For the fiscal year ended June 30, 2014, the Government and retirees contributed \$19,693,001 and \$6,308,063 to the School Plan, respectively.

**C. Annual OPEB Cost and Net OPEB Obligation**

The Government's annual OPEB cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years.

The Plans contain both active employees and retirees. Although the Government's contribution is 75% of premium payments for the combined participants, the share of claims related to retirees represents a higher percentage of the total claims. Accordingly, contributions reflected in the OPEB calculations, including contributions made, have been adjusted to reflect that a portion of contributions for active employees are subsidizing the retiree claims.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

The following table shows the components of the Government's annual OPEB cost for the year, the amounts contributed to the Plans, and changes in the Government's net OPEB obligation.

	Metro Employees' Medical Benefit Plan	School Professional Employees' Insurance Plan	Total
Annual required contribution	\$ 175,166,000	\$ 38,309,000	\$ 213,475,000
Interest on net OPEB obligation	34,599,000	6,774,000	41,373,000
Adjustment to annual required contribution	(28,577,000)	(5,670,000)	(34,247,000)
Annual OPEB cost	181,188,000	39,413,000	220,601,000
Contributions made	(65,186,000)	(19,918,000)	(85,104,000)
Increase (decrease) in net OPEB obligation	116,002,000	19,495,000	135,497,000
Net OPEB obligation beginning of year	768,874,000	150,534,000	919,408,000
Net OPEB obligation end of year	<u>\$ 884,876,000</u>	<u>\$ 170,029,000</u>	<u>\$ 1,054,905,000</u>

The Government's annual OPEB cost, the percentage of annual OPEB cost contributed to the Plans, and the net OPEB obligation for the current and preceding years were as follows:

	Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
Metro Employees' Medical Benefit Plan	June 30, 2014	\$ 181,188,000	35.98 %	\$ 884,876,000
	June 30, 2013	181,484,000	34.48	768,874,000
	June 30, 2012	176,073,000	32.87	649,971,000
School Professional Employees' Insurance Plan	June 30, 2014	39,413,000	50.54	170,029,000
	June 30, 2013	36,955,000	59.90	150,534,000
	June 30, 2012	37,985,000	52.18	135,714,000

**D. Funded Status and Funding Progress**

Metropolitan Government

As of June 30, 2014 the most recent actuarial valuation date, the Metro Employee' Medical Benefit Plan was 0% funded. The actuarial accrued liability for benefits was \$2.032 billion, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$2.032 billion. The covered payroll (annual payroll of active employees covered by the Metro Plan) was \$518 million, and the ratio of the UAAL to the covered payroll was 393%.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

Metropolitan Nashville Public Schools

As of June 30, 2014 the most recent actuarial valuation date, the School Professional Employees' Insurance Plan was 0% funded. The actuarial accrued liability for benefits was \$425 million, and the actuarial value of assets was \$0, resulting in an unfunded actuarial accrued liability (UAAL) of \$425 million. The covered payroll (annual payroll of active employees covered by the School Plan) was \$306 million, and the ratio of the UAAL to the covered payroll was 139%.

**E. Actuarial Valuations**

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and healthcare cost trends. Amounts determined regarding the funded status of the Plans and the annual required contributions of the Government and Plan members are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities.

**F. Actuarial Methods and Assumptions**

Projections of benefits for financial reporting purposes are based on the substantive Plans (the Plans as understood by the employer and the Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the Government and Plan members at that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the June 30, 2014 valuations for both Plans, the entry age actuarial cost method was used. The actuarial assumptions included a 4.5% rate of return (net of administrative expenses), 2.75% rate of inflation, and 4.5% projected increase in salaries. Because the Government has not begun funding the Plans, the rate of return was based on the Government's historic interest earned on idle cash. Annual non prescription drug medical costs are assumed to increase 8.5% in the first year of valuation. Future annual increases are assumed to grade uniformly from 8.0% to 5.0% over a six year period. Annual prescription drug costs are assumed to increase 7.0% in the first year of valuation. Future annual increases are assumed to grade uniformly from 6.5% to 5.0% over a three year period. Costs for supplemental insurance for retirees are assumed to increase 3.5% in the first year of valuation and 8.0% in the second year of valuation. Future annual increases are assumed to grade uniformly to 5.0% over a six year period. Dental costs are assumed to have no increase from fiscal 2014 through fiscal 2018 and increase 4% each year thereafter. The UAAL is being amortized as a level percentage of projected payroll on an open basis. The remaining amortization period for the initial amortization amount at June 30, 2014 was 24 years.

**Component Units**

Information regarding the other postemployment benefits provided by component units can be found in their separately issued financial statements.

**NOTE 9 – DEFERRED COMPENSATION AND PROFIT SHARING PLANS**

**Primary Government**

Metro Plan

The Government offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all employees, permits deferral of a portion of salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. Because the assets are not held in a trustee capacity by the Government, they are not included in the Government's financial statements. No contributions are made to this plan by the Government.

**Component Units**

Information regarding deferred compensation and profit sharing plans provided by component units can be found in their separately issued financial statements.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**NOTE 10 – LEASES**

**Primary Government**

The Government entered a lease agreement commencing November, 2005, for additional office space. The terms of the agreement call for a base annual rent of \$600,191 before a 50% credit for tenant improvements through December, 2009. Thereafter, rent will be adjusted upward based on either the consumer price index or 3.5% annually, whichever is less. The credit for tenant improvements is capped at \$5 million; the Government has incurred in excess of that amount through June 30, 2014. There is an additional credit in excess of \$1 million available for roof replacement. The roof replacement was completed in fiscal 2009. The lease agreement expires February, 2016. However, the Government may exercise up to six renewal options for five additional years each. Rent expense for the year ended June 30, 2014 was \$328,305.

The Government entered into operating lease agreements in 2008 and 2013 for downtown office space. These leases were amended during the year ended June 30, 2014 to provide for additional space through 2024. Rent expense for the year ended June 30, 2014 totaled \$1,482,675. Future minimum rental payments are as follows:

<u>Year Ending June 30,</u>	
2015	\$ 1,880,452
2016	1,900,892
2017	1,921,706
2018	1,943,158
2019	1,979,011
2020-2024	<u>8,980,967</u>
Total future minimum lease payments	<u>\$ 18,606,186</u>

The Government entered into an operating lease agreement during the year ended June 30, 2014 for space to be used as a clinic for employees who are injured in the line of duty. Rent expense for the year ended June 30, 2014 totaled \$71,402. Future minimum rental payments are as follows:

<u>Year Ending June 30,</u>	
2015	\$ 102,876
2016	105,962
2017	109,141
2018	112,415
2019	<u>28,310</u>
Total future minimum lease payments	<u>\$ 458,704</u>

The Government leases certain other facilities from various lessors under operating lease agreements. Total rental expenditures under these leases are nominal for the year ended June 30, 2014.

The Government leases certain warehouse and office space and various other places for periodic use to various lessees. Such leases are accounted for as operating leases and range in duration from less than one year to five years. The lease agreements provide for fixed rental payments. Annual rental income under these operating leases is nominal.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

The Government entered into a capital lease agreement with the State of Tennessee for the construction of a Farmers Market. Under the terms of the agreement, the Government will lease the building for 20 years at a cost of \$3,645,000. Lease payments began in June 1996 with an initial payment of \$645,000. The remaining lease payments will be made over the initial term of the lease in annual rental payments. At June 30, 2014, the leased building is carried in the enterprise funds at \$3,645,000, less accumulated depreciation of \$1,647,719. A summary of future minimum lease payments and the present value of future lease payments for the capitalized lease as of June 30, 2014 is as follows:

<u>Year Ending June 30,</u>	
2015	\$ 258,965
Total future minimum lease payments	258,965
Less:	
Amount representing interest imputed at 7.5%	13,965
Current portion of capital lease	<u>245,000</u>
Long-term capitalized lease obligation	<u>\$ -</u>

**Component Units**

Nashville District Management Corporation

The Corporation leases office space under a noncancelable operating lease which expires December, 2017. The space is paid for and used by Nashville Downtown Partnership, Inc., a related nonprofit organization. In connection with the lease, the lessor provided rent reductions totaling \$42,120 for the year ended December 31, 2013 that has been reflected in the financial statements as contributions with an offsetting charge to expense. Under the terms of the lease, the lessor will continue to provide rent reductions of similar amounts each year of the lease. The lease provides for additional rent to be payable in the event property taxes and/or building operating costs increase from base year amounts. Rent expense totaled \$81,864 for the year ended December 31, 2013. Future minimum lease payments at December 31, 2013 totaled \$269,265.

General Hospital

The Government, on behalf of General Hospital, entered into a capital lease agreement with Meharry Medical College for the use of the Hubbard Hospital site on the Meharry campus. Under the terms of the agreement, the Government will lease the building for 30 years at \$4 million per year, including imputed interest at 7.5% per annum. Lease payments began in December 1994 after Meharry Medical College and the Board of Hospitals agreed on a program of renovations by Meharry Medical College to the property. This lease has been subleased to the Hospital Authority. At June 30, 2014, the leased building is carried in the proprietary type component units at the present value of minimum future lease payments of \$48,000,000, less accumulated depreciation.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

A summary of future minimum lease payments required under the agreement as of June 30, 2014 follows:

<u>Year Ending June 30,</u>		
2015	\$	4,000,000
2016		4,000,000
2017		4,000,000
2018		4,000,000
2019		4,000,000
2020-2024		20,000,000
2025		<u>1,666,667</u>
Total future minimum lease payments		41,666,667
Less:		
Amount representing interest		12,802,237
Current portion of capital lease		<u>1,901,420</u>
Long-term capitalized lease obligation	\$	<u>26,963,010</u>

Convention Center Authority

On December 30, 2010 the Convention Center Authority (the Authority) entered into a Development Agreement for the Country Music Hall of Fame and Museum Expansion with Omni and into a Development, Lease and Operating Agreement with the County Music Foundation, Inc. (Hall of Fame). Under the terms of the agreements, Omni constructed a connector (expansion project) between its headquarters hotel and the Hall of Fame with funding from tax increment financing provided by the Metropolitan Development and Housing Agency. Upon completion of construction, the connector was transferred to the Authority on June 20, 2014 and is now leased to the Hall of Fame for an initial term of 60 years. Future minimum lease payments to the Authority will be as follows:

<u>Years Ending June 30,</u>		<u>Annual Rent</u>
2015-2019	\$	250,000
2020-2024		350,000
2025-2064		500,000
2065-2069		650,000
2070-2074		750,000

The Hall of Fame is responsible for all interior and exterior operating costs, maintenance and repairs. As required by the agreements, the Authority will establish a reserve fund for the majority of the rental income received from the Hall of Fame to cover future capital costs related to the connector. The cost and carrying amount of the connector on the Authority's statement of net position at June 30, 2014 is \$37,291,733.

Information regarding the lease transactions of the other component units can be found in their separately issued financial reports.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**NOTE 13 – COMMITMENTS AND CONTINGENCIES**

**A. Litigation**

The Metropolitan Department of Law estimated a potential liability for claims, suits and judgments filed for damages to persons and property and for other alleged claims arising out of matters incidental to the operation of the Government. The estimated liability is not expected to be liquidated with expendable available resources and is recorded in the applicable governmental activities in the Statements of Net Position and Activities. Any estimated liabilities attributable to proprietary funds and component units are recorded in those funds and units.

**B. Insurance and Benefits**

The Government and its component units are subject to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; illnesses or injuries to employees; and natural disasters.

**Primary Government**

The Government is self-insured with respect to liability claims. Liabilities for all accidents are generally limited under the Governmental Tort Liability Act of the Tennessee Code as follows:

	Accidents	
Bodily injury	\$ 300,000	per person
	700,000	per accident
Property damage	100,000	per accident

The Government is also self-insured with respect to casualty losses on real and personal property. Each loss is subject to a per occurrence deductible of \$10,000 to a maximum of \$1,000,000 per occurrence and a \$3,000,000 annual aggregate. If a single loss reaches \$1,000,000, the property insurance policy will respond. After the \$3,000,000 annual aggregate has been exhausted, a \$50,000 per occurrence deductible will apply to each and every loss and the property insurance policy will respond. Losses from the perils of flood and earth movement will not erode the aggregate. Settled claims have not exceeded the self insured retention in any of the past three fiscal years. The Government is also self-insured with respect to medical benefits and employee blanket bond coverage. Estimated losses for all self-insured risks of \$36,562,424 are recorded as liabilities in internal service funds.

The following summarizes the changes in the estimated claims payable in the respective internal service funds for the years ended June 30, 2013 and 2014:

	School Self Insurance	General Government Self Insurance	School Professional Employees' Insurance	Employees' Medical Benefit	Injured on Duty	Total Internal Service Fund Types
Claims payable June 30, 2012	\$ 1,640,589	\$ 5,580,341	\$ 5,679,202	\$ 15,305,000	\$ 8,576,000	\$ 36,781,132
Add: Provision for events of the current fiscal year	271,681	5,653,664	87,342,745	183,429,697	16,940,255	293,638,042
Deduct: Payments on claims during the fiscal year	705,367	3,004,496	86,880,551	182,103,697	17,621,755	290,315,866
Claims payable June 30, 2013	1,206,903	8,229,509	6,141,396	16,631,000	7,894,500	40,103,308
Add: Provision for events of the current fiscal year	289,133	2,516,760	81,484,965	186,645,221	16,083,067	287,019,146
Deduct: Payments on claims during the fiscal year	766,983	3,710,449	82,069,810	186,435,221	17,577,567	290,560,030
Claims payable June 30, 2014	\$ 729,053	\$ 7,035,820	\$ 5,556,551	\$ 16,841,000	\$ 6,400,000	\$ 36,562,424

# THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### **Component Units**

The Hospital Authority participates in the Government's insurance programs.

The Convention Center Authority is exposed to various risks of loss incidental to its operations and has obtained several insurance policies after performing risk assessment analyses. The Convention Center Authority retains risk up to \$4,000,000, and has obtained excess insurance for any claims above that amount. These policies provide insurance for property, builder's risk, workers' compensation, automobile, general liability and other exposures. There have been no settlements exceeding insurance coverage since the inception of the Convention Center Authority.

Information regarding the insurance and benefits of the other component units can be found in their separately issued financial reports.

### **C. Federal and State Financial Assistance**

The Government and its component units have received federal and state financial assistance for specific purposes that is subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the programs, the Government believes that any required reimbursements would not be material to the basic financial and individual fund and component unit financial statements. Accordingly, no provision has been made for any potential reimbursements to the grantor agencies.

Prior to the issuance of the Water and Sewer Revenue Refunding Bonds, Series 2010A, on December 16, 2010, the full faith and credit of the Government was pledged for possible deficiencies in the collection of required state sewer user fees established in connection with certain grants received from the State Funding Board (TCA 68-221-202 through 68-221-214). The Department of Water and Sewerage Services acted as a conduit with respect to sewer user fees imposed by the state. These user fees were set at an amount sufficient to recover the project costs, including related interest expense. A portion of the proceeds from the Series 2010A Bonds was used to fully prepay the Tennessee Local Development Authority (TLDA) loans. Subsequent to the issuance of the Bonds, the user fees are considered a general sewer charge and reflected as revenue. The amount of prepayment is \$62,870,554 at June 30, 2014 and is reported as other noncurrent assets. The amounts received were recorded as capital grants and contributions by the Department of Water and Sewerage Services.

### **D. Construction Commitments**

#### **Primary Government**

At June 30, 2014, the governmental activities of the Government had commitments of \$125,068,843 for construction contracts.

At June 30, 2014, the Department of Water and Sewerage Services had commitments of \$105,655,495 for construction contracts.

The Department of Water and Sewerage Services (the Department), the Metropolitan Council, the State of Tennessee Department of Environment and Conservation (TDEC), the United States Department of Justice (DOJ) and the United States Environmental Protection Agency (EPA), have agreed on a consent decree to address and correct deficiencies within the Department's sewer system that have caused violations of the Clean Water Act (CWA). The consent decree was approved by the Federal Court in March 2009. Per the original decree, the Department was required to fully develop, in two years, a Corrective Action Plan/Engineering Report (CAP/ER) for its sanitary sewer system and a Long-term Control Plan (LTCP) for its combined sewer system to achieve the goals of the CWA and meet water quality requirements in the Cumberland River. Upon submittal and approval of the Plans, the Department would have an additional nine years to complete the work as developed by the Plans.

Due to the historic floods that occurred in Nashville in May 2010, the Department petitioned EPA and TDEC for a six-month extension for developing the CAP/ER and LTCP and a two year extension for completing the work (final compliance) under the force majeure clause of the consent decree. Approval has been granted for both extensions. The due date for the CAP/ER and LTCP was September 11, 2011, and the due date for all work coming out of those two plans (final compliance) is eleven years after approval of the plans by EPA and TDEC. The Department submitted both plans on Friday, September 9, 2011, and is waiting for feedback from EPA and TDEC. The Department has hired an internal program director as well as an external program management team composed of engineering consultants to manage planning, design and oversight of the program. The Department has also contracted for a construction management team to protect the investment in construction projects. A group of project set designers has been selected to assist with the design of individual projects. A total of

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

seventeen different design firms were selected for large projects and six additional small business design firms were selected for smaller projects.

The future related capital expenditures are expected to be between \$1 billion and \$1.5 billion. Continuing to have sewer overflows along with failure to comply with the mandate and meet future established deadlines could result in stipulated penalties of up to \$3,000 per occurrence for sanitary sewer overflows, and up to \$5,000 per day for failure to implement the improvements on a timely basis. EPA sent a demand letter for \$147,000 in stipulated penalties for sanitary overflow on September 9, 2011. This was for a negotiated 147 violations for 2010 and the first quarter of 2011. No penalties have been demanded for any delays in submitting reports and deliverables nor from the failure to timely implement work. Proposed plans to fund capital expenditures for the next few years include internally generated cash and borrowings.

**Component Units**

At June 30, 2014, the Sports Authority had commitments of \$18,337,341 related to the construction of a new minor league baseball park.

At June 30, 2014, the Convention Center Authority had minimal commitments related to construction close out costs for the Music City Center.

Information regarding the construction commitments of the other component units can be found in their separately issued financial reports.

**E. Liquidity**

**Component Units**

The Government has budgeted and legally approved \$35.0 million to the Hospital Authority for the year ended June 30, 2015. The Government has also not committed to provide additional funding to the Hospital Authority should such funding become necessary. The financial statements of General Hospital (General) and Bordeaux Long Term Care (Bordeaux) have been prepared on a going-concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. General experienced an operating loss of approximately \$25.8 million for the year ended June 30, 2014 and reflected a net deficit of \$7.4 million at June 30, 2014. Current liabilities exceeded current assets by approximately \$9.7 million at June 30, 2014. General's financial activities resulted in net cash used in operating activities of approximately \$26.0 million for the year ended June 30, 2014. While Bordeaux experienced an increase in net position of approximately \$4.6 million for the year ended June 30, 2014, financial activities resulted in net cash used in operating activities of approximately \$13.2 million for the year ended June 30, 2014. The deficits were funded primarily by the Government in the form of revenue or capital contributions reflected in the financial statements. General and Bordeaux are and will continue to be dependent upon the Government to subsidize current and future operations.

Accordingly, these factors among others indicate that General and Bordeaux may be unable to continue as going concerns for a reasonable period of time. The financial statements for General and Bordeaux do not include any adjustments relating to the recoverability and classification of liabilities that might be necessary should the entities be unable to continue as going concerns. The ability for General and Bordeaux to continue as going concerns is dependent upon their ability to generate sufficient cash flow to meet their obligations on a timely basis and to generate revenues exceeding operating expenses. General has implemented several strategic initiatives to increase cash flow including implementing several operational efficiencies, which have resulted in an associated material reduction in supply and service costs, as well as renegotiating several material service agreements to enhance quality of services in a more efficient manner. Bordeaux has implemented several strategies to increase cash flow including outsourcing operations.

General continues the ongoing development and implementation of a formal Operational and Strategic Plan that includes the review of current service lines, staffing levels, internal cost controls, professional service agreements, and information technology platform functionality in an effort to establish a sustainable business model in anticipation of the adoption of healthcare reform that is being proposed under the Affordable Healthcare Act. Significant operational improvements are anticipated as General repurposes itself to successfully address the economic and market realities facing the safety net academic medical center under a shifting competitive landscape.

The Hospital Authority is pursuing the sale of Bordeaux to a third-party. However, the Hospital Authority has committed to additional advances from General as necessary to fund the operations of Bordeaux through at least the consummation of a sale or through the fiscal year ending June 30, 2015.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

At June 30, 2014, the Hospital Authority had amounts due to the Metropolitan Government of approximately \$4.4 million.

**F. Financial Pledges**

The Government has pledged certain non tax revenues in conjunction with various revenue bonds and other agreements of component units as approved by the Metropolitan Council and in accordance with the Sports Authorities Act of 1993 and the Convention Center Authorities Act of 2009, as applicable, under Title 7 of the Tennessee Code Annotated. The issuers, the Government's pledges, the length of time of the pledges, and the amount of the pledges outstanding at June 30, 2014 (including total future interest of \$648,791,358) are as follows:

<u>Component Unit Revenue Bonds or Agreements</u>	<u>Pledged Non-Tax Revenues of:</u>	<u>Date of Final Maturity/Payment</u>	<u>Outstanding at June 30, 2014</u>
Sports Authority Refunding Taxable Revenue Bonds Series 2012B (Refunded 1998 NHL Fee)	GSD General Fund	Jul. 1, 2018	\$ 8,152,577
Sports Authority Refunding Series 2013B Taxable Revenue Bonds (Refunded 2004 Revenue Stadium)	GSD General Fund	Jul. 1, 2025	31,466,852
Sports Authority Refunding Series 2004 Bonds (Refunded 1996 Revenue Stadium)	GSD General Fund	Jul. 1, 2026	29,895,635
Sports Authority Taxable Revenue Bonds Series 2013A (Hockey Facility)	GSD General Fund	Jul. 1, 2033	21,663,108
Sports Authority Series 2012A Taxable Revenue Bonds (Upgrade to LP Field)	GSD General Fund	Jul. 1, 2033	34,207,882
Development and Funding Agreement Between Omni Nashville, LLC, and the Convention Center Authority of the Metropolitan Government of Nashville and Davidson County	GSD General Fund	Oct. 31, 2032	240,000,000
Sports Authority Series 2013B Taxable Revenue Bonds (Ballpark)	USD General Fund	Aug. 1, 2043	22,817,940
Sports Authority Series 2013A Revenue Bonds (Ballpark)	USD General Fund	Aug. 1, 2043	104,031,589
Convention Center Authority Tourism Tax Taxable Revenue Bonds Series 2010B	GSD General Fund	Jul. 1, 2043	972,705,775
Total Guarantees Extended			<u>\$ 1,464,941,358</u>

No payments related to these pledges have been made and the Government has not recognized a liability related to any pledges. Should any payments be required in the future, each of the agreements provide for recovering any such payments from the issuer – generally from the issuer's revenues after the subsequent year's annual principal and interest payments and certain other obligations are met.

**G. Other Commitments**

**Primary Government**

In May 1999, the Government entered into a memorandum of understanding with Dell Computer Corporation (Dell), whereby Dell agreed to locate a manufacturing and assembly plant in Davidson County, and the Government agreed to provide property, site improvements and other economic incentives. One incentive program is a 40-year grant to Dell, where the Government will pay Dell through the Industrial Development Board \$500 per employee, based on the average number of full-time equivalent employees. Dell is expected to employ approximately 1,500 employees, and grant payments began with the 2000 fiscal year. The amount payable to Dell totaled \$900,000 for the year ended June 30, 2014.

In April 2013, the Government entered into an economic and community development incentive grant agreement with HCA Health Services of Tennessee, Inc. (HCA), whereby HCA agreed to relocate the headquarters of three of its entities to an office facility to be located in Davidson County and to be developed by West End Summit Development, LLC. The Government agreed to provide economic incentives for the new development. Among the HCA entities that will occupy a portion of the office space as headquarters are Parallon Business Solutions, LLC, and HealthTrust Purchasing Group, LP, both currently headquartered in Williamson County, Tennessee, and Sarah Cannon Research Institute, LLC, currently headquartered in Nashville. Two high-rise office buildings, common areas, multi-deck parking facilities and other improvements are planned for development and construction at the intersection of Charlotte Pike and 11<sup>th</sup> Avenue (Capital View Project). The grant provides that the Government will

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

pay HCA through the Industrial Development Board an amount calculated by multiplying the number of incremental company entity positions as of the last day of each grant year by \$500 for a period of seven years. HCA anticipates the creation of more than 500 incremental company entity positions during the first five years of the completion of the Capital Hill Project. The grant period cannot commence unless and until a certificate of occupancy has been issued and the HCA sublease has been executed. Accordingly, there is no amount payable to HCA for the year ended June 30, 2014.

In September 2013, the Government entered into an agreement with UBS AG (UBS), whereby UBS agreed to locate a regional headquarters in Davidson County, and the Government agreed to provide economic incentives. The Government will pay UBS through the Industrial Development Board \$500 per incremental position each year for a five year period. The amount is uncapped. The first measurement date is expected to be December 31, 2014. Accordingly, there is no amount payable to UBS for the year ended June 30, 2014.

**Component Units**

The healthcare industry is subject to numerous laws and regulations of federal, state and local governments. These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government healthcare program participation requirements, reimbursement for patient services, Medicare fraud and abuse and patient records privacy. Recently, government activity has increased with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by healthcare providers. Violations of these laws and regulations could result in expulsion from government healthcare programs together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed. Compliance with such laws and regulations can be subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time.

In March 2010, Congress adopted comprehensive healthcare insurance legislation, Patient Care Protection and Affordable Care Act and Healthcare and Education Reconciliation Act. The legislation, among other matters, is designated to expand access to coverage to substantively all citizens by 2019 through a combination of public program expansion and private industry health insurance. Changes to existing TennCare and Medicaid coverage and payments are also expected to occur as a result of this legislation. Implementing regulations are generally required for these legislative acts, which are to be adopted over a period of years and, accordingly, the specific impact of any future regulations is not determinable.

The Nashville District Management Corporation has an agreement with the Government to provide program administration of the Nashville Central Business Improvement District in accordance with Tennessee law. The Corporation's duties and responsibilities under the agreement include but are not limited to providing services for improvement and operation of the District through security enhancement, downtown marketing, and improving downtown beautification, sanitation and maintenance. The term of the agreement extends to December 31, 2017, renewable annually by the mutual notification by each party to the other. The agreement may be terminated by the Government upon thirty days notice.

The Nashville District Management Corporation has entered into an agreement with Nashville Downtown Partnership, a related nonprofit organization, to perform all the duties and responsibilities for day-to-day management and implementation of services and improvements for the Nashville Central Business Improvement District (CBID), as defined in the Memorandum of Agreement with the Government, in exchange for substantially all revenues received from CBID assessments. During the year ended December 31, 2013, the Corporation recognized expense of \$1,425,635 related to the agreement. The agreement expires on December 31, 2017.

The Gulch Business Improvement District, Inc. has an agreement with the Government in accordance with Tennessee law to provide services for improvement and operation of the Gulch Business Improvement District through security enhancement, marketing, and improving beautification, sanitation, and maintenance. The term of the agreement extends to January 1, 2017, and may be terminated upon receipt of written petition filed by either (a) the owners of 75% of the assessed value of the taxable property in the District or (b) 50% of the owners of record within the District.

The Gulch Business Improvement District, Inc. has entered into an agreement with Nashville Downtown Partnership to provide cleaning and safety services for the Gulch Business Improvement District in exchange for a monthly fee. During the year ended December 31, 2013, \$25,000 was recognized as expense related to the agreement. The agreement expires March 31, 2015.

On October 19, 2010 the Convention Center Authority (the Authority) entered into a Development and Funding Agreement with Omni Nashville, LLC (Omni) to facilitate the development of a premier headquarters hotel adjacent to the Music City Center. Under the terms of the development and funding agreement, the Authority will pay Omni annual economic development payments and incentives from excess tourism tax revenues collected. These

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

payments are additionally secured by a pledge of the Government's nontax revenues of the General Fund of the General Services District, subject to prior pledge and application of certain requirements related to bonds issued by the Sports Authority. No payments related to this financial guarantee have been made by the Government. Should any payments be made by the Government in the future, the agreements provide for recovering any such payments from the Authority's revenues after operating expenses are covered and annual principal and interest payments and certain other obligations are met. These payments began after the hotel opened for business, including the renting of rooms. The amount remitted to Omni during the year ended June 30, 2014 was \$5,500,000. The schedule of future annual payments is expected to be as follows.

<u>Year Ending June 30</u>	<u>Annual Payment</u>
2015	\$ 8,000,000
2016	9,000,000
2017	10,000,000
2018-2026	12,000,000
2027-2033	15,000,000

On August 18, 2011 an order of judgment was entered against the Metropolitan Development and Housing Agency (MDHA) following the trial of an eminent domain case on the issue of compensation for one of the parcels of land condemned for the Music City Center. The Convention Center Authority (the Authority) is contractually responsible for all costs associated with this judgment. The Authority had originally deposited \$14,800,000 for the parcel, followed by another \$1,300,000 after an earlier court action. The latest judgment was for an additional \$14,300,000, plus \$3,777,832 interest calculated at 10% interest per annum on the balance of the unpaid judgment through January 2013. The verdict was contested. MDHA filed a motion for a new trial, remittitur and/or a judgment notwithstanding the verdict asking the trial court to set aside the verdict. While these motions were ultimately denied by the trial court, MDHA appealed the jury verdict to the Tennessee Court of Appeals. Oral arguments were heard by the Court of Appeals on July 25, 2012, and the trial court's judgment was affirmed by the Court of Appeals on April 30, 2013. Thereafter on June 28, 2013, MDHA filed a Rule 11 Application for Permission to Appeal to the Tennessee Supreme Court, which was denied on October 16, 2013. The Authority has paid to the court \$19,377,832, plus interest of \$178,000. Additional post-judgment interest payable was accrued through June 30, 2013. A Satisfaction of Judgment was issued November 14, 2013, resolving the outstanding issues between parties. A final payment of \$970,828 was made to the plaintiff's attorneys representing remaining interest and court and discretionary costs.

There is one additional condemnation case related to a parcel of land for which a total of \$1,775,000 has been paid. This case is currently not set for trial.

Information regarding the other commitments of the other component units can be found in their separately issued financial reports.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**NOTE 15 – FUEL HEDGING PROGRAM**

The Metropolitan Government maintains a fuel hedging program, the objective of which is to hedge the changes in cash flows due to market price fluctuations related to a portion of expected purchases of diesel and gasoline fuel. Details of the Metropolitan Government's participation in the fuel hedging program at June 30, 2014 are as follows:

<u>Notional Amount</u>	<u>Effective Date</u>	<u>Maturity Date</u>	<u>Terms</u>	<u>Counterparty Credit Rating</u>
137,443 gallons, diesel	July 1, 2013	June 30, 2014	Pay \$2.94 - \$3.00 per gallon; Settlement based on Platts USG Ultra Low Sufur Diesel	A3/BBB+
128,000 gallons, gasoline	July 1, 2013	June 30, 2014	Pay \$2.75 per gallon; Settlement based on NYMEX NYH RBOB Gasoline	A3/BBB+
68,722 gallons, diesel	July 1, 2014	June 30, 2015	Pay \$2.8675 per gallon; Settlement based on Platts USG Ultra Low Sufur Diesel	A3/BBB+
64,000 gallons, gasoline	July 1, 2014	June 30, 2016	Pay \$2.69 per gallon; Settlement based on NYMEX NYH RBOB Gasoline	A3/BBB+

The fair value of the fuel hedging instruments was an asset of \$145,429 at June 30, 2014, which has been recorded in noncurrent assets in the Statement of Net Position. The fair value was estimated based on the present value of the estimated future cash flows. The fuel hedges were determined to be effective hedges; accordingly, the change in fair value of the hedges is a deferred inflow of resources.

The Metropolitan Government is exposed to credit risk on hedging derivative instruments that are in asset positions. This represents the maximum loss that would be recognized at the reporting date if the counterparty failed to perform as contracted. The Metropolitan Government is exposed to basis risk on its fuel hedging contracts because the expected commodity purchase being hedged will price based on a pricing point different than the pricing point at which the forward contract is expected to settle (NYMEX or Platts). The Metropolitan Government or its counterparty may terminate the contracts if the other party fails to perform under the terms of the contract. If at the time of termination a hedging derivative instrument is in a liability position, the Metropolitan Government would be liable to the counterparty for a payment equal to the liability.

During August 2014, the Metropolitan Government entered into additional fuel hedges which are effective September 1, 2014, and terminating June 30, 2015 (diesel) and June 30, 2016 (gasoline). The fuel hedges include 89,446 gallons diesel per month paying \$2.888 per gallon with settlement based on Platts USG Ultra Low Sulfur Diesel, and 64,000 gallons gasoline per month paying \$2.6865 per gallon with settlement based on NYMEX NYH RBOB Gasoline.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

**NOTE 16 – SUBSEQUENT EVENTS**

**Primary Government**

In July 2014, the Government entered into agreements with two banks to provide a \$500 million Traditional Commercial Paper program, one through a Standby Note Purchase Agreement (SNPA) and one through a Standby Letter of Credit and Reimbursement Agreement (LOC). The SNPA supports \$300 million of commercial paper notes. If the commercial paper dealer was ever unable to market notes in the amount needed to pay the maturing notes, the liquidity provider would issue bank notes. The proceeds of the Bank Note would be applied to pay the principal of commercial paper notes on the respective maturity dates. The LOC supports \$200 million of commercial paper notes. If the commercial paper dealer was ever unable to market notes in the amount needed to pay the maturing notes, the liquidity provider would make advances against the LOC. The proceeds of the LOC advance would be applied to pay the principal of commercial paper notes on the respective maturity dates. Also, in July 2014, the Government began a \$200 million Extendable Commercial Paper (ECP) program. The ECP dealer issues commercial paper notes with original maturity of 1 to 90 days. If the ECP dealer was ever unable to market notes in the amount needed to pay the maturing notes, the Government could extend the original maturity date to 270 days from the original date of issue. During this period long-term financing would be arranged to pay the notes at maturity. The combined programs total \$700 million of commercial paper notes available for short term capital financing.

On August 1, 2014, the Government issued commercial paper notes in the amount of \$30,000,000 maturing on October 15, 2014 at an interest rate of .09%, and \$20,000,000 maturing on November 6, 2014 at an interest rate of .10%. These obligations will be refunded with rollover notes at their maturity dates.

On August 8, 2014, the Government entered into an intergovernmental project agreement with the Metropolitan Development and Housing Agency (MDHA) to provide temporary funding and a pledge of non-tax revenues of the Urban Services District of the General Fund for a downtown parking garage to be constructed and operated by MDHA. The terms of the agreement provide for up to \$35.5 million for construction and land and require the Government to provide up to \$10.2 million of temporary funding to MDHA to purchase land and begin construction design before MDHA's permanent funding for the parking garage is in place. On October 7, 2014, MDHA requested and the Government provided \$7.5 million of temporary funding under the intergovernmental project agreement. On October 21, 2014, the agreement was amended to increase the amount for construction and land to \$42 million.

On September 30, 2014, the Government issued commercial paper notes in the amount of \$30,000,000 maturing on November 4, 2014 at an interest rate of .06%, and \$20,000,000 maturing on February 15, 2015 at an interest rate of .09%. These obligations will be refunded with rollover notes at their maturity dates.

**Component Units**

On July 29, 2014, the Sports Authority issued \$17,390,000 Public Improvement Revenue Refunding Bonds, Series 2014, maturing on July 1, 2026, with interest rates ranging from 4.00% to 5.00%. The Series 2014 Bonds refunded a portion of the Public Improvement Revenue Bonds, Series 2004. By issuing the Series 2014 Bonds, the Sports Authority obtained an estimated economic gain (difference between the present values of the debt service payments on the defeased and new debt) of \$2,049,950. The refunding will reduce the Sports Authority's debt service payments over the next thirteen years by an estimated \$2,512,339.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

REQUIRED SUPPLEMENTARY INFORMATION

CONDITION RATING OF TRANSPORTATION NETWORK

Unaudited – See Accompanying Accountants' Report

The transportation network of the Government is segregated into two subsystems: roads and streets, and bridges and underpasses. Information regarding condition and needed and actual maintenance costs is presented below.

**ROADS AND STREETS**

Percentage of Lane Miles in Fair or Better Condition

Percentage of Lane-Miles in Fair or Better Condition

<u>2014</u>	<u>2013</u>	<u>2012</u>	<u>2011</u>	<u>2010</u>
61.6 %	60.1 %	57.5 %	52.7 %	70.0 %

The condition of road and street pavement is measured using a vehicle called South Dakota Road Profiler and calculated using the Cartegraph Pavement View Plus pavement management system. The condition is determined based on data collected by the laser road surface test located beneath the Profiler (surface condition) and the distresses are collected from roadway images along with other road and street information such as traffic surface type, street length, street width, area and location. The system uses a measurement scale that is based on a condition index ranging from zero for a pavement in very poor condition to 100 for a pavement in excellent condition. The condition index is used to classify roads and streets as excellent (100-85), good (84-80), fair (79-70) and below standard (less than 69). Condition assessments are collected on an annual basis. For assessment purposes, the county is divided into 5 groups with groups 1, 3 and 4 assessed together and groups 2 and 5 assessed together. The condition of groups 1, 3 and 4 was assessed in fiscal year 2014. The condition of groups 2 and 5 was assessed and reported in fiscal year 2013. It is the policy of the Government to maintain at least 70 percent of its road and street system at a fair or better condition.

As indicated in the table above, the percentage of lane miles in fair or better condition increased 1.5% in 2014. In the years following the destructive flood of May 2010, the percentage of lane miles in fair or better condition continues a steady recovery through the Government's efforts as evidenced by the current rate of 61.6% as compared to the 2011 rate of 52.7%.

There were 20 lane miles of roads added in 2014, bringing the total to 5,852 lane miles of roads and streets in the transportation network. The majority of the growth is due to additions of 2-lane facilities from new countywide developments, as well as multi-lane facilities additions on the 28<sup>th</sup> Avenue Connector and the Korean Veterans Boulevard.

Comparison of Needed to Actual Maintenance

Comparison of needed to Actual Maintenance

	<u>2014</u>	<u>2013</u>	<u>2012</u>	<u>2011</u>	<u>2010</u>
Needed/Budgeted	\$ 20,000,000	\$ 20,000,000	\$ 20,000,000	\$ 20,000,000	\$ 20,000,000
Actual Spent	18,330,337	9,894,464	7,987,836	10,247,615	4,244,056
Difference	<u>\$ (1,669,663)</u>	<u>\$ (10,105,536)</u>	<u>\$ (12,012,164)</u>	<u>\$ (9,752,385)</u>	<u>\$ (15,755,944)</u>

During fiscal year 2014, the actual amount spent on roadway paving and surface treatment was lower than the needed amount. Maintaining the condition of the roads and streets in accordance with the policy referenced above continues to be a priority as shown by an increase of nearly \$8.4 million in spending in fiscal year 2014 as compared to 2013.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY  
 REQUIRED SUPPLEMENTARY INFORMATION  
 CONDITION RATING OF TRANSPORTATION NETWORK (CONTINUED)

Unaudited – See Accompanying Accountants' Report

**BRIDGES AND UNDERPASSES**

Percentage of Deck Area in Fair or Better Condition

Percentage of Deck Area in Fair or Better Condition

2014	2013	2012	2011	2010
97.1 %	98.9 %	98.9 %	98.8 %	98.3 %

Condition assessments are determined by the State every two years. Results are released by the State late in the calendar year. Thus, the most recent assessment results were provided late in calendar year 2013 and reported for fiscal 2014. Due to this timing, condition assessments reported above for each even year are the results provided by the State. The condition for each odd year is reported at the previous year's value unless the Public Works Department of the Government has a basis for recalculation internally. This was the case in fiscal 2011 when two (2) bridge replacement projects were completed. Due to these completions, the condition for 2012 reflected a slight increase as well, while the condition reported for 2013 remained the same. Although the condition reported for 2014 reflects a slight decrease, the condition remains high at a rate of 97.1%.

The condition of bridges and underpasses is measured using the Federal Aid Bridge Inspection System supervised by the Tennessee Department of Transportation (TDOT), which is based on a two-year cycle of inspections of structures designated in two categories: Non-Federal Aid and Federal Aid Urban. The inspection system uses a measurement that classifies the condition as good, fair, poor or critical. The Public Works Department of the Government reviews all findings on all inspections. It is the policy of the Government to maintain at least 75 percent of its bridges and underpasses in fair or better condition.

There are currently 218 Non-Federal Aid and 109 Federal Aid Urban bridges and underpasses in the transportation network determined from the final analysis of the 2013 inspection as compared to 219 Non-Federal Aid and 108 Federal Aid Urban bridges and underpasses from the final analysis of the 2011 inspection. The 2013 TDOT inspection determined the network consists of 1 less Non-Federal Aid bridge and underpass and 1 additional Federal Aid Urban bridge and underpass as compared to the 2011 inspection. The John Seigenthaler Pedestrian Bridge (formerly the Shelby Pedestrian Bridge) was added to the list as a special structure. Total square feet of deck area is estimated to be 1,319,519. Deck area is calculated based on TDOT inspection reports for bridges conveying vehicular traffic only.

Comparison of Needed to Actual Maintenance

Comparison of needed to Actual Maintenance

	2014	2013	2012	2011	2010
Needed/Budgeted	\$ 27,426,000	\$ 17,595,720	\$ 14,900,000	\$ 14,862,000	\$ 17,352,000
Actual Spent	2,981,757	1,985,619	2,827,816	2,305,765	2,538,480
Difference	\$ (24,444,243)	\$ (15,610,101)	\$ (12,072,184)	\$ (12,556,235)	\$ (14,813,520)

During fiscal year 2014, the actual amount spent on bridge and underpass repair and maintenance was significantly lower than the needed amount. Maintaining the condition of bridges and underpasses in accordance with the Government's policy referenced above continues to be a priority as reflected in the condition rating. The needed maintenance for 2014 increased from 2013 by \$9.8 million of which \$6.5 million is for the John Seigenthaler Bridge

(1) For 2014, amounts represent the actuarially determined contribution. For 2013 and prior, amounts represent the annual required contribution.

(2) The Government makes contributions based on the actuarially determined rate, which is applied to salaries paid in the year following. Differences between the actuarially determined contribution amount and the actual contributions made are due to this timing difference and due to employee retirements and terminations occurring during the year, as compared to anticipated staffing levels used for the actuarial studies. The result of this timing difference is that the actual contributions tend to be lower than the actuarially determined contribution for a given year when contribution rates are rising (2010-2014) and higher when rates are falling (2008-2009).

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

DESCRIPTION OF NONMAJOR GOVERNMENTAL FUNDS

**SPECIAL REVENUE FUNDS**

METROPOLITAN ACTION COMMISSION FUND

The Metropolitan Action Commission Fund accounts for the various programs of the Commission which provide education, social skills, meals and before and after care assistance to low-income and disadvantaged children, and energy assistance to low-income individuals.

GENERAL FUND 4% RESERVE FUND

The General Fund 4% Reserve Fund accounts for 4% of locally generated revenues deposited in the GSD General Fund. Expenditures from this fund are for capital items and are authorized by resolutions of the Metropolitan Council.

SOLID WASTE OPERATIONS FUND

The Solid Waste Operations Fund accounts for activities of the Department of Public Works involving refuse collection, recycling, chipper service and other miscellaneous activities as well as federal and state funds for enhancing solid waste management in local communities and solid waste special projects approved by the Metropolitan Council.

STORMWATER GRANTS FUND

The Stormwater Grants Fund is under the administrative responsibility of the Department of Water and Sewerage Services and accounts for grant activities related to the Government's stormwater drainage system.

FLOOD 2010 RECOVERY FUND

The Flood 2010 Recovery Fund accounts for expenditures and revenues from insurance, federal, and state reimbursements, and other sources, related to May 2010 flooding.

EDUCATION SERVICES FUND

The Education Services Fund accounts for a variety of programs supporting educational activities including various state and federal grant programs, funds reserved for unemployment compensation claims of Metropolitan Nashville Public Schools employees, food service operations of the school system, and fund raising activities of individual schools.

HOTEL OCCUPANCY TAX FUND

The Hotel Occupancy Tax Fund is under the administrative responsibility of the Finance Department and was established to account for hotel occupancy tax receipts first levied in 1976. Currently these tax receipts are utilized two-sixths for direct promotion of tourism, three-sixths for the construction, financing and operation of the new Music City Center, and one-sixth for distribution to the General Fund.

CONVENTION CENTER TAX FUND

The Convention Center Tax Fund is under the administrative responsibility of the Finance Department and was established to account for additional hotel occupancy and other tourist-related tax receipts levied beginning in 2007 to be utilized for the construction, financing and operation of the new Music City Center.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

DESCRIPTION OF NONMAJOR GOVERNMENTAL FUNDS (CONTINUED)

EVENTS AND MARKETING FUND

The Events and Marketing Fund is under the administrative responsibility of the Finance Department and was established to account for additional hotel occupancy and other tourist-related tax receipts levied beginning in 2008 to be utilized to support events or projects which have a positive economic impact on the Government.

CBID EVENTS AND MARKETING FUND

The CBID Events and Marketing Fund is under the administrative responsibility of the Finance Department and was established to account for fees beginning in 2014 on retail sales with the Central Business Improvement District to be utilized to support events or projects which have a positive economic impact on the Government.

OTHER GOVERNMENT SERVICES FUND

The Other Government Services Fund accounts for funds which support various government activities through federal, state and private grants and contributions, proceeds from the sale of seized property used to support various law enforcement programs, and special revenues supporting other governmental operations.

**PERMANENT FUNDS**

GENERAL GOVERNMENT FUND

The General Government Fund is used to account for restricted trusts under the administrative responsibility of various departments of the general government.

EDUCATION FUND

The Education Fund is used to account for restricted trusts under the administrative responsibility of the Metropolitan Board of Education.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY

DESCRIPTION OF PROPRIETARY FUNDS

**NONMAJOR ENTERPRISE FUNDS**

NASHVILLE CONVENTION CENTER

The Nashville Convention Center was created for the purpose of providing meeting and exhibit space for conventions, trade shows and business, on a user charge basis. The assets of the Nashville Convention Center are under the Finance Department and its management is under the Convention Center Authority, a component unit, which also manages the Music City Center.

BOARD OF FAIR COMMISSIONERS

The Board of Fair Commissioners performs administrative and fiscal duties relative to the Tennessee State Fair and fairgrounds. Revenues are derived primarily from the annual State Fair, monthly flea markets and the Nashville Speedway.

FARMERS MARKET

The Farmers Market provides farmers with a setting in which to sell their agricultural products to the general public. Revenues are derived from fees collected from vendors for indoor retail space, farmers for display space, and other private vendors for flea market space.

POLICE SECONDARY EMPLOYMENT

The Police Secondary Employment Unit coordinated the scheduling of off duty police officers to provide security as requested by Metropolitan Government agencies and private entities when the presence of an officer and police vehicle during certain events and activities would help protect the safety of the public. Revenues were collected from the requesting agency or private entity to cover the cost of these services. This function was moved to the General Fund in the 2014 fiscal year.

SURPLUS PROPERTY AUCTION

The Surplus Property Auction was created to sell used capital assets, excess inventory and confiscated property of the Government. Revenues are derived from the proceeds received from individuals and entities that purchase the items through an on-line auction.

MUNICIPAL AUDITORIUM

The Municipal Auditorium provides space primarily for entertainment and sports events on a user charge basis.

POLICE IMPOUND

Police Impound provides storage for impounded vehicles. Revenues are derived from user fees paid for vehicle retrieval.

STORMWATER OPERATIONS

Stormwater Operations is under the administrative responsibility of the Department of Water and Sewerage Services and accounts for the activities surrounding the maintenance of the Government's stormwater drainage system. Revenues are derived from a stormwater fee assessed on users of the system.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY  
DESCRIPTION OF PROPRIETARY FUNDS (CONTINUED)

COMMUNITY EDUCATION COMMISSION

Community Education Commission provides classes and other educational services to the citizens of the Nashville community, on a user fee basis. The operations of Community Education Commission are supported in part by transfers from the General Fund.

**INTERNAL SERVICE FUNDS**

OFFICE OF FLEET MANAGEMENT FUND

The Office of Fleet Management Fund is under the administrative responsibility of the Department of General Services. Fleet Management acts as the central service agency with regard to the acquisition, use, maintenance and replacement of vehicles and rolling equipment owned by the Government.

INFORMATION SYSTEMS FUND

The Information Systems Fund is under the administrative responsibility of the Information Technology Services Department. Revenues are derived from internal charges to various departments for voice and data communication services and for the use of computer equipment.

RADIO SHOP FUND

The Radio Shop Fund is under the administrative responsibility of the Department of General Services. The Radio Shop acts as the central service agency with regard to the acquisition, use, maintenance and replacement of radio equipment owned by the Government.

SCHOOL SELF INSURANCE FUND

The School Self Insurance Fund is used to pay for general liability claims, vehicular liability claims and administrative claims that relate to schools. Premiums are paid from the schools' operating budget to this fund in lieu of paying insurance premiums to private insurance carriers.

GENERAL GOVERNMENT SELF INSURANCE FUND

The General Government Self Insurance Fund is used to pay claims from a pooling of funds, including claims for bodily injury and property damage. Premiums are paid from various departments to this fund in lieu of paying insurance premiums to private insurance carriers.

SCHOOL PROFESSIONAL EMPLOYEES' INSURANCE FUND

The School Professional Employees' Insurance Fund is under the administrative responsibility of the Metropolitan Nashville Public Schools and is used for the accumulation of assets for the payment of self insured medical claims.

EMPLOYEES' MEDICAL BENEFIT FUND

The Employees' Medical Benefit Fund is under the administrative responsibility of the Employee Benefit Board and is used for the accumulation of assets for the payment of self insured medical claims.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY  
DESCRIPTION OF PROPRIETARY FUNDS (CONTINUED)

INJURED ON DUTY FUND

The Injured on Duty Fund is under the administrative responsibility of the Department of Human Resources and is used for the accumulation of assets for the payment of self insured injured on duty claims.

METRO POSTAL SERVICE FUND

The Metro Postal Service Fund is under the administrative responsibility of the Department of General Services. It is used to account for the self-supporting Metro Postal Service, which derives its revenue from internal charges to various departments for postal charges.

TREASURY MANAGEMENT FUND

The Treasury Management Fund is under the administrative responsibility of the Department of Finance. Treasury Management is the central service agency responsible for the management of cash, pension investments and debt. Revenue to cover the fund's activity is from the Metro Investment Pool, Pension Trust Fund and Debt Service Funds.

TECHNOLOGY REVOLVING FUND

The Technology Revolving Fund is under the administrative responsibility of the Information Technology Services Department and is used to account for the replacement of computer equipment and software. Revenues are derived from internal charges to various departments based on equipment usage.

GENERAL SERVICES FUND

The General Services Fund is under the administrative responsibility of the Department of General Services and is used to account for facilities maintenance and security. Revenues are derived from internal charges to various departments based on square footage.

SCHOOL PRINT SHOP FUND

The School Print Shop Fund is under the administrative responsibility of the Metropolitan Nashville Public Schools. It is used to account for the operations of printing services and derives its revenues from internal service charges to schools for printing services.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY  
DESCRIPTION OF FIDUCIARY FUNDS

**PENSION (AND OTHER EMPLOYEE BENEFIT) TRUST FUNDS**

DAVIDSON COUNTY EMPLOYEES' RETIREMENT FUND

The Davidson County Employees' Retirement Fund covers certain employees of the former Davidson County and was closed to new members in 1963. Benefits are funded by contributions from the Government.

METROPOLITAN EMPLOYEES' BENEFIT TRUST FUND

Established in 1963, the Metropolitan Employees' Benefit Trust Fund covers substantially all employees who are not members of any other plan and is used to account for Divisions A & B of the Metro Plan. Division B of the Metro Plan is the only plan open to new members. This Plan is funded by the Government. Under the administrative responsibility of the Employee Benefit Board, this fund provides for the accumulation of assets for the payment of disability and retirement benefits for employees covered under this plan.

EMPLOYEES' PENSION AND INSURANCE FUND

The Employees' Pension and Insurance Fund covers teachers and classified employees of the Metropolitan Nashville Public Schools of the former Davidson County. The plan is closed to new members and is funded by contributions from the Government, employees and the State of Tennessee.

TEACHERS' RETIREMENT PLAN FUND

The Teachers' Retirement Plan Fund is funded by contributions from the Metropolitan Nashville Public Schools, employees and the State of Tennessee. The plan was closed to new members on July 1, 1969.

CLOSED CITY PLAN FUND

This fund accounts for two closed plans.

The Civil Service Employees' Pension Fund covers certain employees of the former City of Nashville and was closed to new members in 1963. Benefits are funded by contributions from the Government.

The Police and Fireman Pension Fund covers certain employees of the former City of Nashville and was closed to new members in 1963. Benefits are funded by contributions from the Government.

TEACHERS' CIVIL SERVICE AND PENSION FUND

The Teachers' Civil Service and Pension Fund covers eligible employees who were teachers of the former City of Nashville. Benefits are funded by contributions from the Government and the State of Tennessee.

METROPOLITAN EMPLOYEES' FLEXIBLE BENEFITS PLAN FUND

The Metropolitan Employees' Flexible Benefits Plan Fund was established to account for the pre-tax deductions withheld from compensation to employees of the Government for medical and dependent care reimbursement.

EDUCATION FLEXIBLE BENEFITS PLAN FUND

The Education Flexible Benefits Plan Fund was established to account for the pre-tax deductions withheld from compensation to employees of the Metropolitan Nashville Public School System for medical and dependent care reimbursement.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY  
DESCRIPTION OF FIDUCIARY FUNDS (CONTINUED)

**AGENCY FUNDS**

ELECTED OFFICIALS

The following agency funds are used to account for assets held by the Elected Officials as agents for individuals, governmental entities and others. These include:

Richard R. Rooker, Circuit Court Clerk  
Cristi Scott, Clerk and Master  
Brenda Wynn, County Clerk  
Howard Gentry, Criminal Court Clerk  
Bill Garrett, County Register  
David Smith, Juvenile Court Clerk

SOLD PROPERTY TAX RECEIVABLES FUND

The Sold Property Tax Receivables Fund accounts for property tax funds collected by the Government on behalf of the buyers of certain property tax receivable balances.

SHERIFF WORK RELEASE AND INMATE TRUST FUND

The Sheriff Work Release and Inmate Trust Fund administers and accounts for the receipt and usage of individual inmates' personal funds through the Commissary and Work Release accounts.

PLANNING PERFORMANCE BONDS FUND

The Planning Performance Bonds Fund accounts for performance bond funds received from contractors held until the completion of infrastructure development projects.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY  
RECONCILIATION OF THE BALANCE SHEET TO THE STATEMENT OF NET POSITION  
SPORTS AUTHORITY

June 30, 2014

Fund balances	\$	58,124,071
Amounts reported in the Statement of Net Position are different because:		
Capital assets of governmental component units are not financial resources and therefore not reported in the Balance Sheet. However, they are reported in the Statement of Net Position. This amount represents the net book value of capital assets at year-end.		
		368,569,917
Long-term liabilities, including revenue bonds payable, are not due and payable in the current period and therefore are not reported by governmental component units in the Balance Sheet. However, they are reported in the Statement of Net Position. Additionally, related interest is accrued when incurred in the Statement of Net Position.		
Bonds payable		(157,060,000)
Line of credit		(4,845,012)
Less deferred charge on refunding		4,105,816
Add net bond premium/discount		(2,512,137)
Accrued interest payable		(2,888,171)
Compensated absences		(3,424)
		(168,602,174)
Net position	\$	263,491,060

The accompanying notes are an integral part of this financial statement.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY  
STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES  
SPORTS AUTHORITY FUND

For the Year Ended June 30, 2014

REVENUES:	
Local option sales tax	\$ 1,661,272
Other taxes, licenses and permits	4,752,549
Revenues from the use of money or property	871,435
Revenues from other governmental agencies	37,030,454
Charges for current services	3,981,300
Compensation for loss, sale or damage to property	694,528
	<hr/>
Total revenues	48,991,538
EXPENDITURES:	
Personal services	200,475
Contractual services	25,627,523
Supplies and materials	684,690
Other costs	479,229
Capital outlay	49,572,033
Debt service:	
Principal retirement	6,303,842
Interest	3,964,078
Debt issue costs	1,291,708
	<hr/>
Total expenditures	88,123,578
Excess (deficiency) of revenues over expenditures	<hr/> (39,132,040)
OTHER FINANCING SOURCES (USES):	
Issuance of new debt	81,910,000
Issuance of refunding debt	25,925,000
Issue premium	1,986,297
Payments to refunded bond escrow agent	(25,653,149)
	<hr/>
Total other financing sources (uses)	84,168,148
Net change in fund balances	45,036,108
FUND BALANCES, beginning of year	<hr/> 13,087,963
FUND BALANCES, end of year	<hr/> <hr/> \$ 58,124,071

The accompanying notes are an integral part of this financial statement.

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY  
 RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN  
 FUND BALANCES TO THE STATEMENT OF ACTIVITIES  
 SPORTS AUTHORITY

For the Year Ended June 30, 2014

Net change in fund balances	\$	45,036,108
-----------------------------	----	------------

Amounts reported in the Statement of Activities are different because:

Governmental component units report capital outlays as expenditures in the Statement of Revenues, Expenditures and Changes in Fund Balances. However, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense in the Statement of Activities.

Acquisition of capital assets		49,572,033
Depreciation expense		(12,150,140)

The issuance of debt provides current financial resources to governmental component unit funds, but the issuance of debt increases long-term liabilities for governmental component unit activities. Repayment of principal is an expenditure in the governmental component unit funds but reduces long-term liabilities for governmental component unit activities. Also, governmental component unit funds report the effects of premiums, discounts and similar items when debt is first issued, whereas these amounts are deferred and amortized for governmental component unit activities.

Issuance of debt		(107,835,000)
Principal repayments		6,303,842
Payments to refunded bond escrow agent		25,653,149
Amortization of deferred charge on refunding		(361,065)
Bond premium/discount		(1,781,052)
Amortization of premium/discount		110,512
Change in accrued interest		(1,199,599)

Compensated absences reported for governmental activities do not require the use of current financial resources and therefore are not reported as expenditures for governmental funds.		(3,424)
--	--	---------

Change in net position	\$	<u><u>3,345,364</u></u>

Water Audit Report for: **Nashville MWS**  
Reporting Year: **14** / **7/2013 - 6/2014**

Please enter data in the white cells below. Where available, metered values should be used; if metered values are unavailable please estimate a value. Indicate your confidence in the accuracy of the input data by grading each component (n/a or 1-10) using the drop-down list to the left of the input cell. Hover the mouse over the cell to obtain a description of the grades

**All volumes to be entered as: MILLION GALLONS (US) PER YEAR**

To select the correct data grading for each input, determine the highest grade where the utility meets or exceeds all criteria for that grade and all grades below it.

Master Meter and Supply Error Adjustments

**WATER SUPPLIED**

Service connection density:	?		62	conn./mile main

Are customer meters typically located at the curbside or property line?  
Average length of customer service line: + ? 9 12.0 ft (length of service line, beyond the property boundary, that is the responsibility of the utility)

Average operating pressure: + ? 8 84.0 psi

**COST DATA**

Total annual cost of operating water system:	+ ?	9	\$35,766,780	\$/Year
Customer retail unit cost (applied to Apparent Losses):	+ ?	7	\$7.69	\$/1000 gallons (US)
Variable production cost (applied to Real Losses):	+ ?	10	\$268.45	\$/Million gallons <input type="checkbox"/> Use Customer Retail Unit Cost to value real losses

**WATER AUDIT DATA VALIDITY SCORE:**

**\*\*\* YOUR SCORE IS: 80 out of 100 \*\*\***

A weighted scale for the components of consumption and water loss is included in the calculation of the Water Audit Data Validity Score

**PRIORITY AREAS FOR ATTENTION:**

Based on the information provided, audit accuracy can be improved by addressing the following components:

- 1: Volume from own sources
- 2: Billed metered
- 3: Customer metering inaccuracies

Water Audit Report for: Nashville MWS  
Reporting Year: 14 | 7/2013 - 6/2014

\*\*\* YOUR WATER AUDIT DATA VALIDITY SCORE IS: 80 out of 100 \*\*\*

**System Attributes:**

	Apparent Losses:	<u>626.549</u>	MG/Yr
+	Real Losses:	<u>8,545.144</u>	MG/Yr
=	<b>Water Losses:</b>	<b><u>9,171.693</u></b>	MG/Yr

? Unavoidable Annual Real Losses (UARL): 1,467.83 MG/Yr

Annual cost of Apparent Losses: \$4,818,914

Annual cost of Real Losses: \$2,293,944

Valued at **Variable Production Cost**  
Return to Reporting Worksheet to change this assumption

**Performance Indicators:**

Financial: { Non-revenue water as percent by volume of Water Supplied: 30.0%  
Non-revenue water as percent by cost of operating system: 20.0% Real Losses valued at Variable Production Cost

Operational Efficiency: { Apparent Losses per service connection per day: 9.13 gallons/connection/day  
Real Losses per service connection per day: 124.51 gallons/connection/day  
Real Losses per length of main per day\*: N/A  
Real Losses per service connection per day per psi pressure: 1.48 gallons/connection/day/psi

From Above, Real Losses = Current Annual Real Losses (CARL): 8,545.14 million gallons/year

? Infrastructure Leakage Index (ILI) [CARL/UARL]: 5.82

\* This performance indicator applies for systems with a low service connection density of less than 32 service connections/mile of pipeline

THE METROPOLITAN GOVERNMENT OF NASHVILLE AND DAVIDSON COUNTY  
STATISTICAL SECTION (UNAUDITED)  
TABLE OF CONTENTS

This section of the Comprehensive Annual Financial Report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the Government's overall financial health.

	Page
<u>Numbers</u>	
FINANCIAL TRENDS	H - 2
These schedules contain trend information to help the reader understand how the Government's financial performance and well-being have changed over time.	
REVENUE CAPACITY	H - 16
These schedules contain information to help the reader assess the Government's most significant local revenue source, the property tax.	
DEBT CAPACITY	H - 24
These schedules present information to help the reader assess the affordability of the Government's current levels of outstanding debt and the Government's ability to issue additional debt in the future.	
DEMOGRAPHIC AND ECONOMIC INFORMATION	H - 32
These schedules offer demographic and economic indicators to help the reader understand the environment within which the Government's financial activities take place.	
OPERATING INFORMATION	H - 34
These schedules contain service and infrastructure data to help the reader understand how the information in the Government's financial report relates to the services the Government provides and the activities it performs.	

Sources: Unless otherwise noted, the information in these schedules is derived from the Comprehensive Annual Financial Reports for the relevant year.

Education	611,766,944	622,926,552	636,140,631	683,222,289
Employee benefits	55,012,329	56,369,642	59,012,395	61,100,542
Miscellaneous	43,964,605	62,900,107	51,967,639	44,480,259

Note: Certain amounts have been reclassified for comparability. Unless otherwise noted, significant variances in expenditures primarily relate to salaries and associated costs. Significant variances in revenues primarily relate to increases in property tax and sales tax rates.

(1) In fiscal year 2007, the Government began selling its property tax receivables, resulting in an increase in property tax revenue for 2007 and continued increases in subsequent years.

(2) Increases in general government expenditures in fiscal years 2010 and 2011 are due primarily to costs related to flooding in May 2010.

(3) In fiscal year 2006, there was a \$16.5 million increase in the base annual operating subsidy to the Hospital Authority and a one-time appropriation of \$50 million to the Hospital Authority to fund a liability to the Government that had accumulated since the inception of the Hospital Authority. In fiscal year 2010, there was a one time appropriation to the Hospital Authority of \$32 million to forgive debt owed to the Government.

Net change in fund balances	<u>\$ (77,056,988)</u>	<u>\$ 144,083,677</u>	<u>\$ (166,529,930)</u>	<u>\$ 91,718,029</u>
Debt service as a percentage of noncapitalized expenditures (4)	9.62 %	9.56 %	9.55 %	9.44 %

(1) As the result of a bond refunding in June 2010, principal payments for the years ended June 30, 2011 through 2013 were significantly reduced.

(2) Only a portion of capital outlay expenditures qualify for capitalization under the Government's capitalization policy. For the years prior to the implementation of GASB 34, all capital outlay costs are assumed to be capitalized.

(3) Insurance recoveries in fiscal years 2010 and 2011 are related to flooding in May 2010.

(4) For purposes of calculating debt service as a percentage of noncapital expenditures, debt service includes principal retirement and interest. Noncapitalized expenditures equals total expenditures less capital outlay - capitalized.

Assessment date: January 1 (Pick-up assessments and cancellations for each year in minor amounts are not reflected in above figures).

Tax levy: General Services District tax is levied on the entire Metropolitan area. Urban Services District tax is an additional tax levied on properties within the Urban Services District. Personalty and public utility taxes are levied on September 1st of each year, based upon assessed valuation at January 1st of that year. Real property taxes are levied on September 1st of each year, based upon assessed valuation through January 1st of that year. In addition, for the period January 1st through September 1st, supplemental assessments are made and related taxes are levied for improved, demolished or damaged property during such period, in accordance with T.C.A. Section 67-607.

Ratio of assessed value

to appraised value: Commercial and industrial properties - 40% for real property and 30%  
for tangible personal property  
Farm and residential properties - 25%  
Public utilities - 55%

Note: The State mandates a reappraisal valuation of property within Davidson County every four years.

(1) All properties within the General Services District are taxed at the GSD tax rate. Only those properties within the Urban Services District are taxed the additional USD tax rate. See schedule on page H-18.

Tax rates are per \$100 of assessed valuation. Payments may be made through February 28 of the year following the year of assessment and levy without penalty.

On November 7, 2006, voters approved a ballot initiative prohibiting the Metropolitan Council from raising real property tax rates from their current and future levels without the approval of the voters in a referendum. Prior to the adoption of the ballot proposal, the Metropolitan Council was authorized to set the real property tax rate without any requirement of voter approval. The Government's legal department has issued a memo stating that the approved initiative violates the Tennessee Constitution because it places the power to set property tax rates with voters, rather than with the Metropolitan Council, as prescribed by the Constitution. However, the Government cannot predict whether there will be a court challenge as to the constitutionality of the approved initiative. If there is a challenge, the Government cannot predict the timing or be certain of the outcome of any court challenge as to the constitutionality of the approved initiative.

- (1) A portion of the revenue of the GSD General Fund generated from the tax levy collected for the area of the USD is recorded in the USD General Fund. Referred to as the levy for fire protection service, this amount of the levy has ranged from \$.12 to \$.07 over the last ten years.
- (2) The State mandates a reappraisal valuation of property within Davidson County every four years resulting in a reduction of the combined GSD-USD tax rate. Also, the combined GSD-USD tax rate was increased by the Metropolitan Council and reallocated among the funds receiving property tax revenue. The rates above reflect the net change of the reappraisal valuation and the increase and reallocation by the Metropolitan Council.
- (3) In these fiscal years, the property tax rate was reallocated among the funds receiving property tax revenue.
- (4) The State mandates a reappraisal valuation of property within Davidson County every four years resulting in a reduction of the combined GSD-USD tax rate. Also, the combined GSD-USD tax rate was reallocated among the funds receiving property tax revenue. The rates above reflect the net change of the reappraisal valuation and the reallocation by the Metropolitan Council.
- (5) In this year, the combined GSD-USD tax rate was increased by the Metropolitan Council and reallocated among the funds receiving property tax revenue. The rates above reflect the net change of the increase and reallocation by the Metropolitan Council.

Source: Metropolitan Trustee's Office

(1) In June of each year, the Government sold to an outside party the majority of the real property taxes outstanding that had become delinquent the prior March 1. In June 2007, the Government also sold the majority of the real property taxes outstanding from the 2005-2006 year. The sales generated property tax revenues and reductions of the property tax receivable balances which are reflected in collections as follows:

	Current Year	Subsequent Year
2005-06	\$ -	\$ 2,418,959
2006-07	23,025,457	-
2007-08	24,448,736	-

Note: Although the financial balances and operations of the internal service activities are allocated to the various governmental and business-type activities in the government-wide financial statements, the full-time equivalents are reported separately in the above schedule. Also, certain functions previously included in internal service activities were reclassified to governmental activities for consistency in presentation.

(1) During 2006 through 2008, the programs in General Services included shared business office, payment services, and a customer call center. These programs ceased operations effective with the 2009 fiscal year.

(2) Prior to 2010, the employees of Stormwater Operations were included in Governmental activities - Public works, highways and streets.

Source: Department of Finance, Office of Management and Budgets; Various departments of the Government

Note: Certain amounts are excluded because (1) the data is not available for some older years, (2) the data available for some years was not accumulated in a manner consistent with the current years, or (3) the data has yet to be accumulated for the current year. Some amounts are estimated.

(1) Years 2005, 2009 and 2013 were reappraisal years where all values are updated with new base rates, depreciation schedules and land tables to produce values at 100% of market value.

(2) Social Services restructured its business model in 2005 by combining five programs which caused an increase in the number of clients served for 2006 and forward.

Component units:				
Music City Center - events (7)	-	-	-	-

Source: Department of Finance, Office of Management and Budgets; Various departments of the Government

Note: Certain amounts are excluded because (1) the data is not available for some older years, (2) the data available for some years was not accumulated in a manner consistent with the current years, or (3) the data has yet to be accumulated for the current year. Some amounts are estimated.

(3) Rehabilitated street line miles were higher in 2008 due to an increase in pavement renewal (rejuvenation, sealing and repair) compared to prior years.

(4) Cultural enrichment class attendance increased in 2007 due to added programs and programs that were excluded from prior years. Comparable amounts are not available for prior years.

(5) Tracking of senior citizen program attendance was changed from a manual to an automated system in 2012. While there was some increase in participation, the increase is also due to the availability of more accurate information.

(6) The decrease in state fair attendance in 2008 was due to rain on the first weekend of the annual event. The operation of the state fair was outsourced beginning in 2011.

(7) The Music City Center opened in May 2013. 2014 is the first full year of operations. Nashville Convention Center events decreased in 2014 as events move to the Music City Center.

- (1) General government vehicles include vehicles that are used in various other functions of the Government.
- (2) Decreases in water main and sewer miles in 2009 are due to a conversion to a new system for maintaining records resulting in more accurate measurements and the elimination of abandoned lines.
- (3) District Energy System diversified capacity for chilled water after planned pump modification in 2010.
- (4) Beginning in 2014, charter schools, academic academies and pre-k sites are included in total schools.
- (5) The Music City Center opened in May 2013.
