The Project Loan shall be used by the Local Government for completion of the Project and in accordance with engineering plans and specifications and special conditions, approved and required by the Department and hereby incorporated into this Agreement. (a) **Payments.**

(1) The Local Government promises to repay to the order of the State the Project Loan plus interest, payable in installments on the 20th day of each month in accordance with the payment schedule established by the Authority and attached to this Agreement. The payment schedule will require payments of interest to begin after the first disbursement pursuant to Section 5 of this Agreement. ## LOAN CONDITIONS

### GENERAL LOAN CONDITIONS

The Local Government hereby agrees to comply with the General Loan Conditions and Special Loan Conditions attached to, and made a part of, this Loan Agreement.

1. No date reflected in the loan agreement, or in the project completion schedule, or extension of any such date, shall modify any compliance date established in an NPDES Permit. It is the borrower's obligation to request any required modification of applicable permit terms or other enforcement requirements.
2. In accordance with federal Executive Order 11625 dated October 13, 1971, and Executive Order 12138 dated May 18, 1979, the local government must make a good faith effort to include participation from Disadvantaged Business Enterprises (DBE) in subagreement awards. The Minority Business Enterprises (MBE) fair share goal is 2.6% for construction and 5.2% for supplies, services and equipment. The Women's Business Enterprises (WBE) fair share goal is 2.6% for construction and 5.2% for supplies, services and equipment.

The following steps must be utilized in soliciting participation:

- a. Include qualified small, Disadvantaged Business Enterprises (DBE) on solicitation lists.
- b. Assure that small, Disadvantaged Business Enterprises (DBE) is solicited.
- c. Divide total project requirement, when economically feasible, into small tasks or quantities to permit maximum participation of small, Disadvantaged Business Enterprises (DBE).
- d. Establish delivery schedules, where requirements of the work permit, which will encourage participation by small, Disadvantaged Business Enterprises (DBE).
- e. Use services and assistance of the Small Business Administration and the Minority Business Development Agency of the U. S. Department of Commerce, as appropriate.
- f. Require construction contractors to solicit Disadvantaged Business Enterprises (DBE) participation utilizing above steps a. through e.
- g. Require the Loan Recipient to have the Prime Contractor provide EPA Form 6100-2 to any DBE Subcontractor(s) that will participate in the construction of the project. The DBE Subcontractor(s) will use this form to describe the work received from the Prime Contractor, how much the DBE Subcontractor(s) was/were paid, and describe any other concerns of the DBE Subcontractor(s). The DBE Subcontractor(s) will then mail the completed form(s) to the EPA DBE Coordinator; Small and Disadvantaged Business Program; EPA, Region IV; Office of Policy and Management; 61 Forsyth Street, SW; Atlanta, GA 30303-8960.

- h. Require the Loan Recipient to have the Prime Contractor provide EPA Form 6100-3 to any DBE Subcontractor(s) intending to participate in the construction of the project. The DBE Subcontractor(s) will use this form to describe (1) the intended work to be performed for, and (2) the price of the work submitted to, the Prime Contractor. The DBE Subcontractor(s) will then submit the completed form(s) to the Loan Recipient as part of an Authority To Award (ATA) Bid Package.
- i. Require the Loan Recipient to provide EPA Form 6100-4 to the Prime Contractor for completion. The Prime Contractor will use this form to identify each DBE Subcontractor that will participate in the construction of the project and the estimated dollar amount of each DBE subcontract. The Prime Contractor will then submit the completed form to the Loan Recipient as part of an Authority To Award (ATA) Bid Package.

3. The Local Government will comply with the following:

- a. The Local Government must adhere with the most current Wage Rate (Davis-Bacon Act) applicable to the project.
- b. The bid advertisement for construction must state the wage rate requirements. The wage rate needs to be current at the bid opening.
- c. The wage determination (including any additional classifications and wage rates conformed) and a [WH-1321 - Davis-Bacon Poster English](#) and a [WH-1321 - Davis Bacon Poster Spanish](#) must be posted at all times by the contractor and its subcontractors at the site of the work in a prominent and accessible place where it can be easily seen.

H.R. 3547 provides that none of the funds made available by a State water pollution control revolving fund as authorized by title VI of the Federal Water Pollution Control Act (33 U.S.C. 1381 et seq.) or made available by a drinking water treatment revolving loan fund as authorized by Section 1452 of the Safe Drinking water Act (42 U.S.C. 300j-12) shall be used for a project for the construction, alteration, maintenance, or repair of a public water system or treatment works unless all of the iron and steel products used in the project are produced in the United States. This requirement shall not apply in any case or category of cases in which the Administrator of the Environmental Protection Agency (EPA) finds that:

- a. applying the American Iron and Steel requirements would be inconsistent with the public interest;
- b. iron and steel products are not produced in the United States in sufficient and reasonably available quantities and of a satisfactory quality; or

- c. inclusion of iron and steel products produced in the United States will increase the cost of the overall project by more than 25 percent.

If the Administrator receives a request for a waiver under this section, the Administrator shall make a copy of the request and information concerning the request available to the public and shall allow for informal public input on the request for at least 15 days prior to making a finding based on the request. **Municipal Securities Rulemaking Board (MSRB) – Required Disclosure**

Local governments that issue municipal securities on or after February 27, 2019, should be aware that the Securities and Exchange Commission (SEC) adopted amendments to Rule 15c2-12 of the Securities Exchange Act that require reporting on material financial obligations that could impact an issuer's financial condition or security holder's rights. The amendments add two events to the list of events that must be included in any continuing disclosure agreement that is entered into after the compliance date:

- Incurrence of a financial obligation of the issuer or obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the issuer or obligated person, any of which affect security holders, if material; and
- Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of the financial obligation of the issuer or obligated person, any of which reflect financial difficulties.

To learn how to report these new disclosures please refer to the MSRB's Electronic Municipal Market Access EMMA® website ([emma.msrb.org](http://emma.msrb.org)).

**The applicant, Metropolitan Government of Nashville and Davidson County, attests that it is in compliance with Tenn. The applicant further acknowledges that it may be responsible to perform continuing disclosure undertakings related to SEC Rule 15c2-12. Local governments should always consult bond counsel in order to obtain advice on appropriate disclosures related this rule.**
