Overview

The Central Business Improvement District (CBID) was established by Metro ordinance under the authority of State law to protect and restore the central business district to promote the public health, safety, and welfare of Nashville. (See Ordinance O98-1037, Metro Code 2.174.010 et seq. and TCA §7-84-101 et seq.)

Ordinance BL2004-1064 expired December 31, 2007. Ordinance BL2007-1312 extended the term of the CBID through December 31, 2017. Ordinance BL2017-580, approved March 8, 2017, extends the CBID term again.

The CBID is a district management corporation chartered pursuant to the provisions of the Nonprofit Corporation Act of Tennessee for the purpose of administering the special assessment revenues and the activities within and for the district, the making of improvements within and for the district, and the provision of services and projects within and for the district.

The CBID has the power to acquire, construct or to maintain parking facilities, public improvements, and child care facilities; and to provide services for the improvement and operation of the district, including promotion, advertising, health & sanitation, public safety, elimination of problems related to traffic and parking,

security services, recreation, cultural enhancements, aesthetic improvements, furnishing music in public places, design assistance, and activities in support of business or residential recruitment, retention, and management development.

These services are provided to and in support of the Metropolitan Government, paid from revenues from the special assessment. These levels of service are in addition to, and not instead of, Urban Services District (USD) services.

The CBID Board of Directors is elected by and from district property and business owners who pay the assessment. The Board contracts with the Nashville Downtown Partnership to administer the CBID's operations.

The boundaries of the CBID are set by law. The district includes all properties shown within the shaded area in the map. BL2017-580 directs the assessed levy based on real property values from the mid-year 2017 records of the Metro Tax Assessor, dividing the \$2,474,900 budget by the total assessed value in the CBID to determine the required assessment rate per dollar of assessed property value. The District Management Board by resolution will request this rate through a Metro Council ordinance process including a public hearing for CBID property owners.
