

ARE YOU INTERESTED IN CONNECTING YOUR PRIOR SERVICE?

In October 2001 legislation was passed enabling all Metropolitan employees to be automatically eligible to connect their prior service time. If you have been re-employed *since* October 2001 – you are **NOT ELIGIBLE** to have your prior service connected until you have been regularly employed continuously for one year. After one year the process *is automatic* and all applicable service (for pension purposes) will be credited to you at your time of retirement and/or termination of employment.

- You do not need to request to connect your prior service if:
 - You are transferring from one department or division to another
 - There is a change only in your employment status (going from part-time to full time or from "POOL" status to full-time etc.,)
 - You are questioning the amount of longevity, vacation or sick-leave you are currently receiving and/or the seniority in your current position

If you have prior service that you would like to have connected to your current service, please complete the following important information: *(please print)*

Name: _____ Date: _____
SSN: _____ Address: _____
E-Mail Address: _____
Current Dept: _____ Wk Phone: _____ Home: _____
