- 5. On the additional sub options under zoning, click on our 4 types of historic overlays:
 - a. Bed and Breakfast overlay district
 - b. Historic Landmark overlay district
 - c. Historic Preservation overlay district
 - d. Neighborhood conservation overlay district

If the property is in an overlay you will see a colored graphic over it and the name of the particular district. You can then click on the "+" or "-" buttons to zoom in and out to see more of the boundaries of the district.

Please note that the layer title "historic districts" denote properties listed or eligible for listing in the National Register of Historic Places. Properties listed in the National Register may or may not also be local historic overlays.
