Operating Policies

Routine Maintenance (RoM)

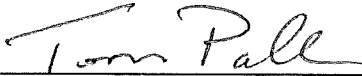

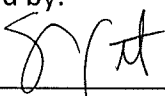

Policy No.: RoM-8	Page <u>1</u> of <u>1</u>
Subject: Inlet Maintenance	Effective Date: 10-01-12
Applies To: Stormwater Maintenance	<input type="checkbox"/> New Issue <input checked="" type="checkbox"/> Partial Revision <input type="checkbox"/> Complete Revision

Purpose: To formalize maintenance responsibilities for the cleaning, repair, and replacement of stormwater inlets and related structures.

Policy:

- Drainage Systems within the public right-of-way (ROW).
MWS will assume responsibility for the maintenance of stormwater inlets and structures including, but not limited to, pipes, boxes, frames, grates, hoods, and curb backs. Inlet maintenance may consist of cleaning, repair, and/or replacement.
- Drainage Systems on Private Property
MWS will perform inlet maintenance as described in Item 1 above on private property when the drainage system was constructed within an easement by Metro and accepted for public maintenance.
MWS will not perform inlet maintenance on private property when the drainage system only conveys stormwater runoff from private properties and/or does not convey stormwater runoff from a public right-of-way.
- Drainage Systems within State of Tennessee right-of-way (ROW).
At its sole discretion, MWS may perform inlet maintenance on drainage systems along State roadways with the exception of the Interstate.

Revision No.: 2	Recommended by:  Assistant Director, Stormwater	Date: <u>11/14/16</u>
Revision Date: 10/01/16	Approved by:  Director of Metro Water Services	Date: <u>14 Nov 16</u>
