**Stormwater Quality Certification Statement  
for Metro Division of Solid Waste Licensees**

On July 1, 2003, the Metropolitan Government of Nashville & Davidson County (Metro) was issued an NPDES Permit from the Tennessee Division of Water Pollution Control in accordance with the Federal Water Quality Act of 1987. This permit requires Metro to initiate various programs and activities aimed at eliminating both illicit and contaminated stormwater discharges within Nashville/Davidson County. Due to these permit responsibilities; henceforth, any entity wishing to secure and maintain a Solid Waste Hauler's License from the Metro Public Works Division of Solid Waste Management must sign and abide by the certification statement below.

I hereby certify, as a duly designated representative of \_\_\_\_\_ (the licensee), that \_\_\_\_\_ (the licensee) shall maintain and conduct its entire operation so as to not create or contribute to water pollution within Metro. \_\_\_\_\_ (the licensee) further understands that failure to meet this requirement can result in a revocation of its Metro Solid Waste haulers license and may additionally lead to other enforcement actions on the part of Metro's NPDES Program.

**Note: Water Pollution is considered to include, but is not limited to; illicit discharges (to storm drains, ditches, or creeks) and/or contaminated stormwater runoff and discharges. This stipulation applies to locations utilized by the Solid Waste license holder on a routine basis to conduct its business such as; fleet maintenance/storage sites, transfer stations, and any other location that might be impacted by the license holder's operations. This stipulation shall also extend to any other operational activities related to the exercising of rights granted by the Metro Solid Waste Hauler's License. If you have any questions as to what would create or constitute a water pollution issue, please contact Metro's NPDES/Water Quality Program at (615) 880-2420.**
